Wharton: Selected Poems Edith Wharton, 2005-10-06 From first to last poetry was part of Edith Wharton s writing life While rarely after early youth her primary focus it always served her as a medium for recording the most vivid impressions and emotions an intimate journal of longings and regrets Poetry was important to Wharton writes editor Louis Auchincloss because it enabled her to express the deeply emotional side of her nature that she kept under such tight control not only in her life but in the ordered sweep of her fiction In later years her poetry also engaged with the public passions of wartime as she found herself involved with the plight of Allied soldiers in France Her first models were Romantic but in the course of her life she absorbed the influences of Symbolism and Modernism and throughout her poetic career she showed a care for form even in her most private utterances as in the erotic ode *Terminus* never published in her lifetime This volume collects the bulk of Wharton s significant poetry including much work previously uncollected or unpublished About the American Poets Project Elegantly designed in compact editions printed on acid free paper and textually authoritative the American Poets Project makes available the full range of the American poetic accomplishment selected and introduced by today s most discerning poets and critics *The Bloomsbury Handbook to Edith Wharton* Emily Orlando, 2022-10-20 Bringing together leading voices from across the globe *The Bloomsbury Handbook to Edith Wharton* represents state of the art scholarship on the American writer Edith Wharton once primarily known as a New York novelist Focusing on Wharton s extensive body of work and renaissance across 21st century popular culture chapters consider Wharton in the context of queer studies race

Each was pursued fully and whole heartedly speaking to Wharton's very sense of herself as an artist and her connected vision of artistry and art. The stories of these other Edith Whartons born through her extraordinary dexterity across a wide range of genres and their impact on our understanding of her career are the focus of this new study revealing a bolder more diverse subversive and radical writer than has long been supposed. **A Gift from the Grave. Wharton, 2017-01-07 Edith Wharton born Edith Newbold Jones January 24 1862 August 11 1937 was a Pulitzer Prize winning American novelist short story writer and designer. She was nominated for the Nobel Prize in Literature in 1927 1928 and 1930. Wharton combined her insider's view of America's privileged classes with a brilliant natural wit to write humorous incisive novels and short stories of social and psychological insight. She was well acquainted with many of her era's other literary and public figures including Theodore Roosevelt. Edith Wharton was born Edith Newbold Jones to George Frederic Jones and Lucretia Stevens Rhinelanders at their brownstone at 14 West Twenty third Street in New York City. She had two much older brothers Frederic Rhinelanders who was sixteen and Henry Edward who was eleven. She was baptized April 20 1862 Easter Sunday at Grace Church. To her friends and family she was known as Pussy Jones. The saying keeping up with the Joneses is said to refer to her father's family. She was also related to the Rensselaer family the most prestigious of the old patroon families. She had a lifelong lovely friendship with her Rhinelanders niece landscape architect Beatrix Farrand of Reef Point in Bar Harbor Maine. Edith was born during the Civil War she was three years old when the South surrendered. After the war the family traveled extensively in Europe. From 1866 to 1872 the Jones family visited France Italy Germany and Spain. During her travels the young Edith became fluent in French German and Italian. At the age of ten she suffered from typhoid fever while the family was at a spa in the Black Forest. After the family returned to the United States in 1872 they spent their winters in New York and their summers in Newport Rhode Island. While in Europe she was educated by tutors and governesses. She rejected the standards of fashion and etiquette that were expected of young girls at the time intended to enable women to marry well and to be displayed at balls and parties. She thought these requirements were superficial and oppressive. Edith wanted more education than she received so she read from her father's library and from the libraries of her father's friends. Her mother forbade her to read novels until she was married and Edith complied with this command. Edith began writing poetry and fiction as a young girl. She attempted to write a novel at age eleven. Her first publication was a translation of the German poem Was die Steine Erzählen What the Stones Tell by Heinrich Karl Brugsch which earned her 50. She was 15 at the time. Her family did not wish her name to appear in print because the names of upper class women of the time only appeared in print to announce birth marriage and death. Consequently the poem was published under the name of a friend's father E. A. Washburn. He was a cousin of Ralph Waldo Emerson and supported women's education. He played a pivotal role in Edith's efforts to educate herself and he encouraged her ambition to write professionally. In 1877 at the age of 15 she secretly wrote a 30 000 word novella Fast and Loose. In 1878 her father arranged for a collection of two dozen original

poems and five translations Verses to be privately published In 1880 she had five poems published anonymously in the Atlantic Monthly then a revered literary magazine Despite these early successes she was not encouraged by her family nor her social circle and though she continued to write she did not publish anything again until her poem The Last Giustiniani was published in Scribner s Magazine in October 1889 Edith was engaged to Henry Stevens in 1882 after a two year courtship The month the two were to marry the engagement abruptly ended In 1885 at age 23 she married Edward Teddy Robbins Wharton who was 12 years her senior

Edith Wharton, Willa Cather, and the Place of Culture Julie Olin-Ammentorp,2019-10-01 Edith Wharton and Willa Cather wrote many of the most enduring American novels from the first half of the twentieth century including Wharton s The House of Mirth Ethan Frome and The Age of Innocence and Cather s O Pioneers My ntonia and Death Comes for the Archbishop Yet despite their perennial popularity and their status as major American novelists Wharton 1862 1937 and Cather 1873 1947 have rarely been studied together Indeed critics and scholars seem to have conspired to keep them at a distance Wharton is seen as our literary aristocrat an author who chronicles the lives of the East Coast Europe bound elite while Cather is considered a prairie populist who describes the lives of rugged western pioneers These depictions though partially valid nonetheless rely on oversimplifications and neglect the striking and important ways the works of these two authors intersect The first comparative study of Edith Wharton and Willa Cather in thirty years this book combines biographical historical and literary analyses with a focus on place and aesthetics to reveal Wharton s and Cather s parallel experiences of dislocation their relationship to each other as writers and the profound similarities in their theories of fiction Julie Olin Ammentorp provides a new assessment of the affinities between Wharton and Cather by exploring the importance of literary and geographic place in their lives and works including the role of New York City the American West France and travel In doing so she reveals the two authors shared concern about the culture of place and the place of culture in the United States

The New Statesman ,1914 **The Poetry of American Women from 1632 to 1945** Emily Stipes Watts,2014-09-10 American women have created an especially vigorous and innovative poetry beginning in 1632 when Anne Bradstreet set aside her needle and picked up her poet s pen The topics of American women poets have been various their images their own and their modes of expression original Emily Stipes Watts does not imply that the work of American men and that of American women are two different kinds of poetry although they have been treated as such in the past It is her aim rather to delineate and define the poetic tradition of women as crucial to the understanding of American poetry as a whole By 1850 American women of all colors religions and social classes were writing and publishing poetry Within the critical category of female poetry developed from 1800 to 1850 these

women experimented boldly and prepared the way for the achievement of such women as Emily Dickinson in the second half of the nineteenth century Indeed at times for example from 1860 through 1910 it was women who were at the outer edge of prosodic experimentation and innovation in American poetry Moving chronologically Professor Watts broadly characterizes the state of American poetry for each period citing the dominant male poets she then focuses on women contemporaries singling out and analyzing their best work This volume not only brings to light several important women poets but also represents the discovery of a tradition of women writers This is a unique and invaluable contribution to the history of American literature
