Transformation and Empowerment through Education Raqib Chowdhury,2018-11-19 Transformation and Empowerment through Education challenges the normalisation of Western discourses as the optimal choice for empowering education The book aims to reconstruct our relationship with education and employs contemporary theories in order to understand some of the most persistent phenomena in contemporary education and its role in our lives Written by professionals with experience of a wide range of academic and institutional conventions and traditions and from diverse ethnocultural backgrounds this book effectively presents a global perspective on educational practices both inside and outside the classroom The range of topics covered includes equity access inclusivity social justice leadership and the internationalisation of teaching This book

based on empirical studies using key methodologies is ideal for academics and postgraduate researchers interested in critical pedagogy educational studies and educational linguistics as well as educators and policymakers around the world

Handbook on Globalization and Higher Education Roger King, Simon Marginson, Rajani Naidoo, 2011 the Handbook constitutes an essential reference source for everyone interested in studying the current meaning scope and implications of globalization Strongly recommended Higher Education Review Higher education has entered centre stage in the context of the knowledge economy and has been deployed in the search for economic competitiveness and social development Against this backdrop this highly illuminating Handbook explores worldwide convergences and divergences in national higher education systems resulting from increased global co operation and competition The expert contributors reveal the strategies practices and governance mechanisms developed by international and regional organizations national governments and by higher education institutions themselves They analyse local responses to dominant global templates of higher education and the consequences for knowledge generation social equity economic development and the public good This comprehensive and accessible Handbook will prove an invaluable reference tool for researchers academics and students with an interest in higher education from economics international studies and public policy perspectives as well as for higher education

policymakers and funding and governance bodies *Lessons in Educational Equality* Jody Heymann, Adele Cassola, 2012-02-17 All children and youth deserve the opportunity to improve their life chances by acquiring the knowledge and skills that will help them thrive in the future As the world lags far behind the Millennium Development and Education for All goals swift targeted and effective action is needed to improve both access and quality in education The Antiracist Roadmap to Educational Equity Avis Williams, Brenda Elliott, 2023-12-08 A practical way forward for those who refuse to accept the status quo as the best we can do In 1966 the Coleman report assessed conditions in U S schools and identified barriers that prevented Black students from accessing high quality education Since that time and despite federal efforts to close gaps in achievement between students who are Black Indigenous or people of color BIPOC and their White peers not much has changed Racial gaps exist in almost every school related outcome measure from attendance and graduation rates out of school suspensions honors and Advanced Placement course enrollment and passing rates identification for special education and college enrollment and graduation In *The Antiracist Roadmap to Educational Equity* award winning school leaders Avis Williams and Brenda Elliott shine the spotlight on the education system s various stakeholders teachers school and district leaders the central office team and the wider community and identify what the members of each group can do to replace the structures that hold back so many BIPOC students from academic success and overall well being This is an essential book for anyone interested in curious about or committed to creating antiracist schools and school districts ones where academic outcomes can t be predicted by race and students of color are seen heard and empowered to bring their whole selves into the classroom Whether you are already a champion for equity or new to the work you will find the practical

guidance you need to make key changes to curriculum and instruction navigate the expected roadblocks and objections and accelerate your school or school system's progress toward educational equity

Cultural Diversity, Educational Equity and the Transformation of Higher Education Michael Benjamin, 1996-07-11 Cultural diversity policy in higher education requires detailed knowledge of the groups in question guiding principles and insight into universities as complex ecological systems The integration of these elements becomes the basis for proposing a variety of changes whose enactment would transform the university as we now know it Across North America making a comfortable place for ethnic minority students in higher education has become a hot topic Known as cultural diversity or educational equity this trend will likely play an important role in higher education over at least the next decade especially in light of on going demographic changes that will see Whites lose their population majority The result has been a growing literature the thrust of which is that policy and programming must be based on respect for difference This value is necessary but not sufficient to adequate planning and implementation of diversity policy and by itself may give rise to practice that is as likely to be harmful as helpful This book highlights and explores three additional elements judged crucial to diversity policy First clearer understanding of major ethnic minority groups second first principles upon which diversity policy should be grounded and third insight into the university as a complex ecological system Out of the integration of these elements emerges proposals for a variety of policy and programmatic changes that give substance to cultural diversity policy In turn full realization of diversity policy would involve the transformation of higher education as we now know it and together with like policies in other areas help to create the pluralistic society of the 21st century An important professional tool for administrators and faculty in higher education

Proceedings of the 2024 4th International Conference on Education, Language and Art (ICELA 2024)

Muhammad Faizal A. Ghani, Lay Hoon Ang, Mohd Sukki Othman, Mohd Nazri Bin Abdul Rahman, 2025-03-13 This is an open access book In today's deepening globalization education language and art as the core components of the human knowledge system play an immeasurable role in promoting cultural exchanges improving the quality of education and enriching artistic expression Although independent of each other these three fields have interwoven influences passing on and innovating the values and expressions of language and art through education while language and art in turn enrich the means and ideas of education Therefore it is of great academic and practical significance to explore the intersection of these three aspects to promote the development and integration of various fields

A Higher Education Equity Walk in The Struggle for American Identity Lenford Sutton , 2024-02-03 A Higher Education Equity Walk in the Struggle for American Identity offers a compelling case study by Lenford Sutton recounting the author's parallel experience as the first black man to serve as the tempered radical in a historically white learning community In the Southwest Drawing parallels with the tragic fate of Ahmad Aubrey in an unwelcoming community Sutton sheds light on the visible and unseen cultural frameworks racial habits and value gaps leaders from non dominant groups navigate when pursuing Diversity Equity and Inclusion goals and objects

within the university strategic plans of Historically White Institutions In addition it captures deep reflection from the experience reframing problems in the spirit of Design Thinking with particular emphasis on Empathy as the Gateway to problem solving Recognizing that Digital transformation both cultural and demographic shifts are the drivers of enormous changes that foster fear and increased uncertainty the text emphasizes the new learnings and recommendations for leaders operating in similar circumstances It connotes that tempered radicals often reside at the intersection of innovation and the status quo and in the current cultural and technological disruption of higher education can serve the institution well if deployed appropriately by university leadership to scale its culture

Digital Transformation and Innovation in Chinese Higher Education Hongmei Sziegat,2025-04-04 This book presents the development of digital transformation and innovation in Chinese higher education It conducts policy analysis and critical discourse analysis of national policies and initiatives It focuses on organizational perspectives to explore how conventional and open universities respond to digital transformation and innovation through multiple case studies It conducts impacts of digital transformations on technical socio cultural economic and pedagogical changes including changes in structural and regulatory frameworks at the organisational and policy levels It identifies challenges in digital transformation and innovation in Chinese higher education and proposes recommendations for strategies and governance It shows the future perspectives on digital transformation and innovation in Chinese Higher Education This study could be used to as a reference for digital transformation and innovation in higher education institutions in Asia and beyond

Institutional Transformation To Engage A Diverse Student Body Liz Thomas,Malcolm Tight,2011-06-28 Helps readers engage with a number of core higher education HE issues that have dominated UK and International policy This title helps them in developing the concept of institutional transformation and student engagement to widen participation in HE and improve student retention and success

Discourses of Globalisation, Cultural Diversity and Values Education Joseph Zajda,2023-03-10 This book examines dominant discourses in values education globally It critiques dominant discourses and debates pertaining to values education and cultural identity set against the current backdrop of growing social stratification and unequal access to quality education It addresses discourses concerning globalisation ideologies and the state as well as approaches to values education in schools The book explores the ambivalent and problematic connections between the state globalisation and values education It also explores conceptual frameworks and methodological approaches applicable to research on values education multiculturalism and identity politics Drawing on diverse paradigms ranging from critical theory to globalisation the book focuses on globalisation ideology and values education and critically examines recent research dealing with cultural diversity and its impact of identity politics Given the need for a multiple perspective approach authors from diverse backgrounds offer a wealth of insights contributing to a more holistic understanding of the nexus between values education multiculturalism and national identity With contributions from key scholars worldwide the book should be required reading for a broad spectrum

of users including policy makers academics graduate students education policy researchers administrators and practitioners
