Librarian's Guide to Online Searching Christopher C. Brown, Suzanne S. Bell, 2018-07-20 Understanding and navigating online databases is an essential skill for today's librarians but staying current in this changing landscape can be a challenge The fifth edition of this vital book ensures that you meet that challenge Today's librarians not only need to know about existing databases and how to perform searches within them but must also be able to teach search capabilities and strategies to library users This practical guide introduces librarians to a broad spectrum of the fee based and freely available databases that are available some of which are new to this edition and explains their underlying information structures as well as updates to some standard databases In addition it covers search strategies provides criteria for evaluating databases and discusses how to teach others about databases As in the previous edition this book takes a real world approach covering everything from basic and advanced search tools to online subject databases Each chapter includes a thorough discussion recap concrete examples exercises and points to consider making this an ideal text for courses in database searching as well as a trustworthy professional resource *Encyclopedia of Library History* Wayne A. Wiegand, Donald G. Jr. Davis, 2015-01-28 First Published in 1994 This book focuses on the historical development of the library as an institution Its contents assume no single theoretical foundation or philosophical perspective but instead reflect the richly diverse opinions of its many contributors This text is intended to serve as a reference tool for undergraduate and graduate students interested in library history for library school educators whose teaching requires knowledge of the historical development of library institutions services and user groups and for practicing library professionals **How to Launch an Author Awards Program at Your Library** Julianne T. Stam, Elizabeth Clemmons, 2015-12-07 Establishing an awards program for self published authors offers libraries new ways to bolster their relevance and expand upon their roles as curators and keepers of story This guide shows you how For many reasons up until now librarians have ignored the nearly half million self published books available for purchase This book details how to find and promote librarian curated self published books covering every step in the process from assembling a committee and recruiting judges to soliciting submissions handling the nominated authors judging the entries and promoting the contest and contest winner Written by the founding members of the Soon to be Famous Illinois Author Project the first librarian curated award for self published works this book shows you how to use the process outlined

by these library marketing professionals to run a successful author awards program You can also apply their proven methods and tools to evaluate self published books written by local authors that you are considering adding to your collections

the Profession in Contribution Scholarship and Service is needed now as a response to how much has changed in academic librarianship as a profession from the smallest academic libraries to large research libraries Much has been written recently about the status of the profession of librarianship i e whether or not it should still be considered a profession are the same credentials still required enough should things change dramatically in SLIS programs in response to the new normal and what is the impact of hiring PhD s in disciplines outside of librarianship Major topics covered include State of the profession of librarianship today Status of librarians Tenure or not Move away from faculty status in some more academic

libraries Contributions to the profession scholarship What is produced How are librarians conducting research Where is it taking place who is producing scholarship Why Trends Contribution to the profession service and professional associations LIS Education Tomorrow what are the implications for the future of our profession Author Marcy Simons explores the history current status and future of the profession of academic librarianship She clearly demonstrates the need for a shared understanding of how we will work together in order to continue our transformation Biennial Report of the State

Librarian, and Catalogue of the State Library Oregon. Supreme Court. Library,1914 Partnerships and New Roles in the 21st-Century Academic Library Bradford Lee Eden,2015-09-18 The fifth volume in this series focuses on creating

partnerships and developing new roles for libraries in the 21st century It includes such topics such as consulting coaching assessment and engagement partnerships university commercialization adult student support librarian faculty partnerships in developing and supporting new academic courses and creating and staffing the information commons The concept of embedded librarianship is touched upon in the context of extending the role of the librarian outside the library The chapters in this volume demonstrate that just as students are extending the ways in which they learn librarians must embrace new roles and modalities if they are to provide the types of support required by patrons A typical example of growing importance massive open online courses MOOCs create challenges and opportunities as they are constantly evolving they change

fundamentally the way students interact with teachers their fellow students any course content and existing or new library services To survive librarians need to be engaged in ways that push beyond current professional limits in order to better support the needs of learners Doing this will not be an easy task but one that librarians are certainly up to It is hoped that this volume and the series in general will be a valuable and exciting addition to the discussions and planning surrounding the future directions services and careers in the 21st century academic library **Writing and Publishing** Carol
