Goethe in English Derek Glass,Martin H. Jones,2005 This bibliography was commissioned by the English Goethe Society as a contribution to the celebration in 1999 of the 250th anniversary of Goethes birth It sets out to record translations of his works into English that have been published in the twentieth century up to and including material published in that anniversary year It aims to serve as wide a constituency as possible be it as a simple reference tool for tracing a translation of a given work or as a documentary source for specialized studies of Goethe reception in the English speaking world The work records publications during the century not merely translations that originated during this period It includes numerous reprintings of older material as well as some belated first publications of translations from the nineteenth century It shows how frequent and how long enduring was the recourse of publishers and anthologists to a Goethe Victorian in diction a signal factor in perceptions and misperceptions Derek Glass was putting the finishing touches to the bibliography at the time of his sudden death in March 2004 Colleagues at Kings College London have edited the final manuscript which is now published jointly by the English Goethe Society and the Modern Humanities Research Association both as a worthy commemoration of Goethes anniversary and as a tribute to Derek himself *John Dryden* David J. Latt,Samuel Holt Monk,1976 Yes, But Not Quite Dwayne A. Tunstall,2009-08-25 This book contends that Josiah Royce bequeathed to philosophy a novel idealism based on an ethico religious insight This insight became the basis for an idealistic personalism wherein the Real is the personal and a metaphysics of community is the most appropriate approach to metaphysics for personal beings especially in an often impersonal and technological intellectual climate The first part of the book traces how Royce constructed his idealistic personalism in response to criticisms made by George Holmes Howison That personalism is interpreted as an ethical and panentheistic one somewhat akin to Charles Hartshorne s process philosophy The second part investigates Royce s idealistic metaphysics in general and his ethico religious insight in particular In the course of these investigations the author examines how Royce s ethico religious insight could be strengthened by incorporating the philosophical theology of Dr Reverend Martin Luther King Jr and Emmanuel Levinas s ethical metaphysics The author concludes by briefly exploring the

possibility that Royce's progressive racial anti essentialism is in fact a form of cultural antiblack racism and asks whether his cultural antiblack racism taints his ethico religious insight *Lincoln and His World* Richard Lawrence Miller,2006-08-01

Just as an archeologist can reassemble pot shards and draw inferences about the civilization that produced it I've examined a mass of verbal chunks left by Lincoln and people around him I've sorted jumbled piles of fragments restored them and pieced them together in a way that reveals the speakers world Richard Lawrence Miller from the preface Quoting from eyewitness accounts Richard Lawrence Miller allows Lincoln and his contemporaries to tell the story of this monumental American and bring a fascinating era of American history to life The book covers Lincoln's birth through his first election to the Illinois legislature in 1834 Subsequent volumes will deal with Lincoln's life up to the White House years **Young Woman and the Sea** Glenn Stout,2009 THE PERFECT MILE meet SWIMMING TO ANTARCTICA in this compelling tale of how nineteen year old Gertrude Ederle became the first woman to swim the English Channel
