Networks Daniel Cunningham, Sean Everton, Philip Murphy, 2016-03-07 Dark networks are the illegal and covert networks e.g. insurgents, jihadi groups or drug cartels that security and intelligence analysts must track and identify to be able to disrupt and dismantle them. This text explains how this can be done by using the Social Network Analysis (SNA) method. Written in an accessible manner, it provides an introduction to SNA, presenting tools and concepts and showing how SNA can inform the crafting of a wide array of strategies for the tracking and disrupting of dark networks. *Sailing Directions for Java (except West Coast from Tandjung Tjankuang to Udjung Krawang) Lesser Sundas; South, Southeast, and East Coasts of Borneo; and Celebes* United States. Bali's silent crisis Jeff Lewis, Belinda Lewis, 2009-04-16 Bali and Balinese culture have become central to western imaginings of the east. Along with its natural beauty and tropical sensuality, Bali's rich and complex culture has proved intensely alluring for western artists, scholars, and travelers. However, as this aesthetic imagining and desire for beauty have evolved into a mass tourism industry, the island people and their culture have experienced radical and rapid transformation. While many in the international community were stunned by the horror of the militant bombings in 2002 and 2005, these attacks were merely the apex of a profound and ongoing crisis which resonates through the period of Bali's modernization and engagement with the global economy of pleasure. Bali's Silent Crisis examines and elucidates the complex cultural and political environment of contemporary Bali. The book explains the conditions of crisis in Bali in terms of a powerful collision of cultural elements and trends, focusing specifically on the double matrix of desire and violence that has characterized Bali's recent past. Moving beyond a simple opposition between tradition and the modern, this book reveals a society that is struggling to reconcile its own profound aesthetic and sense of historical identity with the intense agonisms that are generated through rapid social and cultural change. Through its thematic approach, Bali's Silent Crisis presents an image of community trauma, creative resilience, and pluralization. The book records the challenges and horrors associated with transition, as well as the formidable beauty that remains intrinsic to the island's sense of cultural destiny.

Renovation Nation Fiona R. Allon, 2008 This is an intelligent, savvy account of home in all its manifestations. It's about our fetish for home and ownership. Why are Australians so obsessed with interest rates, home ownership, home beautification, investment properties, real estate? Fiona Allon looks at our own homes, why we renovate, why shows like *The Block* were so incredibly popular, why housing affordability has become one of the key political and social issues, and finds that we have become more inward-looking than ever. She also looks at the national home and at why we became so anxious about keeping some people out of the country or away from places some thought they owned, like Cronulla Beach.
