**At the Edge of Existence** Brandon West, 2021-12-03 Few scary stories begin with a disclaimer that they are fictional. Instead, they claim to be true even when they are not. Such stories blur the line between fiction and reality, pushing audiences to consider where fiction ends and reality begins. These kinds of horror stories comprise the understudied subgenre of liminal horror. As the first book on this subject, this volume surveys a variety of liminal horror films. It discusses the different variations within liminal horror's subgenres and considers why horror films are obsessed with the natures of and borders between fiction and reality. After first laying out the basic traits of the horror genre in the context of liminality, this book then dives into film more specifically and how the medium is uniquely situated to explore the movement between the fictional and the real. Through lenses such as dreaming, memory, and perception, the following chapters explore the role liminal horror plays in the human psyche's subconscious, unconscious, and the various functions of the human mind in perceiving or misperceiving reality.

**The House at the Edge of Night** Catherine Banner, 2016-07-12 A perfect summer read that brims with heart. Don't be surprised if you keep turning the pages long into the night, spellbound by its magic. The Denver Post. A sweeping saga about four generations of a family who live and love on an enchanting island off the coast of Italy, combining the romance of *Beautiful Ruins* with the magical tapestry of works by Isabel Allende. NAMED ONE OF THE BEST BOOKS OF THE YEAR BY NPR, Los Angeles Public Library, Kirkus Reviews. Captivating. Catherine Banner's four-generation saga is set on an island near Sicily where myths of saints get served up with limoncello at the Esposito family's bar. The island is fictional, but consider this dreamy summer read your passport. People. A lusty page-turner that weaves romance, rivalry, and the intricacies of family expectations into one glorious tale. Minneapolis Star Tribune. Castellamare is an island far enough away from the mainland to be forgotten but not far enough to escape from the world's troubles. At the center of the island's life is a café draped with bougainvillea called the House at the Edge of Night, where the community gathers to gossip and talk. Amedeo Esposito, a foundling from Florence, finds his destiny on the island with his beautiful wife Pina, whose fierce intelligence, grace, and unwavering love guide her every move. An indiscretion tests their marriage, and their children—three sons and an inquisitive daughter—grow up and struggle with both humanity's cruelty and its capacity for love and mercy. Spanning nearly a century through secrets and mysteries, trials and sacrifice, this beautiful and haunting novel follows the lives of the Esposito family and the other islanders who live and love on Castellamare: a cruel count and his bewitching wife, a priest who loves scandal, a prisoner of war turned poet, an outcast girl who becomes a pillar of strength, a wounded English soldier who emerges from the sea. The people of Castellamare are transformed by two world wars and a great recession by the threat of fascism and their deep bonds of passion and friendship and by bitter rivalries and the power of forgiveness. Catherine Banner has written an enthralling, character-rich novel, epic in scope but intimate in feeling. At times the island itself seems alive, a mythical place where the earth heaves with stories and
