Edith Wharton and the Visual Arts Emily J. Orlando, 2007 This work explores Edith Wharton's career long concern with a 19th century visual culture that limited female artistic agency and expression Wharton repeatedly invoked the visual arts as a medium for

revealing the ways that women's bodies have been represented as passive sexualized infantilized sickly dead Well versed in the Italian masters Wharton made special use of the art of the Pre Raphaelite Brotherhood particularly its penchant for producing not portraits of individual women but instead icons onto whose bodies male desire is superimposed American Literature in Transition, 1876-1910: Volume 4 Lindsay V. Reckson, 2022-08-18 Addressing US literature from 1876 to 1910 this volume aims to account for the period's immense transformations while troubling the ideology of progress that underwrote much of its self understanding This volume queries the various forms and formations of post Reconstruction American literature It contends that the literature of this period most often referred to as turn of the century might be more productively oriented by the end of Reconstruction and the haunting aftermath of its emancipatory potential than by the logic of temporal and social advance that underwrote the end of the century and the beginning of the Progressive Era Acknowledging that nearly all US literature after 1876 might be described as post Reconstruction the volume invites readers to reframe this period by asking under what terms did post Reconstruction American literature challenge or re consolidate the nation as an affective political and discursive phenomenon And what kind of alternative pasts and futures did it write into existence

The Figure of Consciousness Jill M. Kress, 2013-08-21 Through analysis of metaphors of consciousness in the philosophy and fiction of William James Henry James and Edith Wharton this work traces the significance of representations of knowledge gender and social class revealing how writers conceived of the self in modern literature

Pain and the Aesthetics of US Literary Realism Cynthia J. Davis, 2021-11-04 The postbellum period saw many privileged Americans pursuing a civilized ideal premised on insulation from pain Medico scientific advances in anesthetics and analgesics and emergent religious sects like Christian Science made pain avoidance seem newly possible The upper classes could increasingly afford to distance themselves from the suffering they claimed to feel more exquisitely than did their supposedly less refined contemporaries and antecedents The five US literary realists examined in this study resisted this contemporary revulsion from pain without going so far as to join those who celebrated suffering for its invigorating effects William Dean Howells Henry James Edith Wharton Mark Twain and Charles Chesnutt embraced the concept of a heightened sensitivity to pain as a consequence of the civilizing process but departed from their peers by delineating alternative definitions of a superior sensibility indebted to suffering Although the treatment of pain in other influential nineteenth century literary modes including sentimentalism and naturalism has attracted ample scholarly attention this book offers the first sustained analysis of pain's importance to US literary realism as practiced by five of its most influential proponents

Machine and Metaphor Jennifer Carol Cook, 2007 First Published in 2006 Routledge is an imprint of Taylor Francis an informa company
