Editing Piers Plowman The Evolution Of The Text:

Editing Piers Plowman Charlotte Brewer, 2006-02-13 The fifty plus manuscripts of Piers Plowman have always posed a puzzle to scholars This book is an account of the editions of the poem that have appeared since 1550 when it was first published by the protestant reformer Robert Crowley It examines the circumstances in which the editions were produced the lives and intellectual motivations of the editors and the relationship between one edition and the next It uses a wide range of published and unpublished material to shed light on attempts to crack one of the major editorial conundrums in medieval studies

Piers Plowman William Langland, 2011-08-15 By conservatively editing one important witness of Piers Plowman Vaughan takes a new generation of students to an early version of this great medieval poem

The Making and Meaning of a Medieval Manuscript Thomas C. Sawyer, 2025-06-03 Develops a method for placing book historical evidence in dialogue with literary meaning through a detailed investigation of a MS Bodley 851 How do you read a medieval book And what is the relationship between the study of manuscripts as material artifacts and the study of their textual contents This book develops a method for placing book historical evidence in dialogue with literary meaning Medieval manuscripts do not simply witness the texts they contain through the process of their making they preserve and generate knowledge about literature itself Central to the expression of method in this study is a detailed investigation of an immensely complex composite manuscript Oxford Bodleian Library MS Bodley 851 This manuscript survives as an important representative of textual cultures popular in late medieval England it attests the work of at least eight scribal agents and contains an infamous scribal version of Piers Plowman Z text the sole surviving copy of Walter Map's De nugis curialium and an array of satirical Anglo Latin poetry including the Apocalypsis goliae episcopi the Speculum stultorum and the Bridlington Prophecy Close attention to the production of Bodley 851 underpins critical examinations of fragmentary misogamy the construction of literary sequences and the extent of pseudonymous authorship in the manuscript record an array of satirical Anglo Latin poetry including the Apocalypsis goliae episcopi the Speculum stultorum and the Bridlington Prophecy Close attention to the production of Bodley 851 underpins critical examinations of fragmentary misogamy the construction of literary sequences and the extent of pseudonymous authorship in the manuscript record an array of satirical Anglo Latin poetry including the Apocalypsis goliae episcopi the Speculum stultorum and the Bridlington Prophecy Close attention to the production of Bodley 851 underpins critical examinations of fragmentary misogamy the construction of literary sequences and the extent of pseudonymous authorship in the manuscript record

The Cambridge Companion to Piers Plowman Andrew Cole, Andrew Galloway, 2014-02-13 Piers Plowman has long been considered one of the greatest poems of medieval England Current scholarship on this

alliterative masterpiece looks very different from that available even a decade ago New information about the manuscripts of the poem new historical discoveries and new investigations of its literary cultural and theoretical scope have fundamentally altered the very meaning of Langland's art This Companion thus critically surveys traditional scholarship with the aim of recuperating its best insights and it ventures forth into newer areas of inquiry attuned to questions of social setting institutional context intellectual and literary history theory and the revitalized fields of codicology and paleography By proceeding through chapters that offer cumulatively wider views as well as stand alone analyses of topics most crucial to understanding Piers Plowman this Companion gives serious students and seasoned scholars alike up to date knowledge of this intricate and beautiful poem Voice, Text, Hypertext Raimonda Modiano, Leroy F. Searle, Peter L.

Shillingsburg, 2016-06-01 Voice Text Hypertext illustrates brilliantly why interest in textual studies has grown so dramatically in recent years For the distinguished authors of these essays a text is more than a document or material object It is a cultural event a matrix of decisions an intricate cultural practice that may focus on religious traditions modern underground literary movements poetic invention or the irreducible complexity of cultural politics Drawing from classical Roman and Indian to modern European traditions the volume makes clear that to study a text is to study a culture It also demonstrates the essential importance of heightened textual awareness for contemporary cultural studies and critical theory and indeed for any discipline that studies human culture The Routledge Research Companion to Digital Medieval Literature Jennifer

Boyle, Helen Burgess, 2017-11-22 Working across literature history theory and practice this volume offers insight into the specific digital tools and interfaces as well as the modalities theories and forms central to some of the most exciting new research and critical scholarly and artistic production in medieval and pre modern studies Addressing more general themes and topics such as digitization media studies digital humanities and big data the new essays in this companion also focus on more than twenty five keywords such as access code virtual interactivity and network A useful website hosts examples links and materials relevant to the book **The Making of Middle English, 1765-1910** David Matthews, 1999 Before the 1760s with the major exception of Chaucer nearly all of Middle English literature lay undiscovered and ignored Because established scholars regarded later medieval literature as primitive and barbaric the study of this rich literary heritage was relegated to antiquarians and dilettantes In *The Making of Middle English 1765 1910* David Matthews chronicles the gradual rediscovery of this literature and the formation of Middle English as a scholarly pursuit Matthews details how the careers class positions and ambitions of only a few men gave shape and direction to the discipline Mostly from the lower middle class they worked in the church or in law and hoped to exploit medieval literature for financial success and social advancement Where Middle English was concerned Matthews notes these scholars were self taught and their amateurism came at the price of inaccurately edited and often deliberately improved texts intended for a general public that sought appealing rather than authentic reading material This study emphasizes the material history of the discipline examining individual books and

analyzing introductions notes glossaries promotional materials lists of subscribers and owners annotations to assess the changing methodological approaches of the scholars and the shifts in readership Matthews explores the influence of aristocratic patronage and the societies formed to further the editing and publication of texts And he examines the ideological uses of Middle English and the often contentious debates between these scholars and organizations about the definition of Englishness itself A thorough work of scholarship The Making of MiddleEnglish presents for the first time a detailed account of the formative phase of Middle English studies and provides new perspectives on the emergence of medieval studies canon formation the politics of editing and the history of the book

Medieval English Manuscripts and Literary Forms Jessica Brantley, 2022-12-13 In Medieval English Manuscripts and Literary Forms Jessica Brantley offers an innovative introduction to manuscript culture that uses the artifacts themselves to open some of the most vital theoretical questions in medieval literary studies With nearly 200 illustrations many of them in color the book offers both a broad survey of the physical forms and cultural histories of manuscripts and a dozen case studies of particularly significant literary witnesses including the Beowulf manuscript the St Albans Psalter the Ellesmere manuscript of the Canterbury Tales and The Book of Margery Kempe Practical discussions of parchment scripts decoration illustration and bindings mix with consideration of such conceptual categories as ownership authorship language miscellaneity geography writing editing mediation illustration and performance as well as of the status of the literary itself Each case study includes an essay orienting the reader to particularly productive categories of analysis and a selected bibliography for further research Because a high quality digital surrogate exists for each of the selected manuscripts fully and freely available online readers can gain access to the artifacts in their entirety enabling further individual exploration and facilitating the book's classroom use Medieval English Manuscripts and Literary Forms aims to inspire a broad group of readers with some of the excitement of literary manuscript studies in the twenty first century The interpretative frameworks surrounding each object will assist everyone in thinking through the implications of manuscript culture more generally not only for the deeper study of the literature of the Middle Ages but also for a better understanding of book cultures of any era including our own

Medieval Texts in Context Graham D. Caie, Denis Renevey, 2008-04-01 This collection of essays by leading experts in manuscript studies sheds new light on ways to approach medieval texts in their manuscript context Each contribution provides groundbreaking insight into the field of medieval textual culture demonstrating the various interconnections between medieval material and literary traditions The contributors work aids reconstruction of the period's writing practices as contextual factors surrounding the texts provide clues to the manuscript experience Topics such as scribal practice and textual providence glosses rubrics page lay out and even page ruling are addressed in a manner illustrative and suggestive of textual practice of the time while the volume further considers the interface between the manuscript and early textual communities Looking at medieval inventories of books no longer extant and addressing questions such as ownership reading

practices and textual production *Medieval Texts in Context* addresses the fundamental interpretative issue of how scribe editors worked with an eye to their intended audience An understanding of the world inhabited by the scribal community is made use of to illuminate the rationale behind the manufacture of devotional texts The combination of approaches to the medieval vernacular manuscript presented in this volume is unique marking a major innovative contribution to manuscript studies

Gods and Humans in Medieval Scandinavia Jonas Wellendorf, 2018-04-12 The coming of Christianity to Northern Europe resulted in profound cultural changes In the course of a few generations new answers were given to fundamental existential questions and older notions were invalidated Jonas Wellendorf's study the first monograph in English on this subject explores the medieval Scandinavian reception and re interpretation of pre Christian Scandinavian religion This original work draws on a range of primary sources ranging from Prose Edda and Saxo Grammaticus History of the Danes to less well known literary works including the Saga of Barlaam and the Hauksbók manuscript c 1300 By providing an in depth analysis of often overlooked mythological materials along with translations of all textual passages Wellendorf delivers an accessible work that sheds new light on the ways in which the old gods were integrated into the Christian worldview of medieval Scandinavia

Shaping the Archive in Late Medieval England Sarah Elliott Novacich, 2017-03-10 Sarah Elliott Novacich explores the ways in which the plots of sacred history were preserved and repurposed in Medieval English literature

The Afterlife of St Cuthbert Christiania Whitehead, 2020-12-17 This book surveys the textual representation of Cuthbert the premier northern English saint from the seventh to fifteenth centuries

London Literature, 1300-1380 Ralph Hanna, 2005-06-08 Ralph Hanna charts the generic and linguistic features particular to London writing

The Invention of Middle English David Matthews, 2000 At a time when medieval studies is increasingly concerned with historicizing and theorizing its own origins and history the development of the study of Middle English has been relatively neglected The Invention of Middle English collects for the first time the principal sources through which this history can be traced The documents presented here highlight the uncertain and haphazard way in which ideas about Middle English language and literature were shaped by antiquarians in the eighteenth and nineteenth centuries It is a valuable sourcebook for medieval studies for study of the reception of the Middle Ages and more generally for the history of the rise of English The anthology is divided into two sections The first section traces the development of ideas about the Middle English language in the work of thirteen writers including George Hickes Thomas Warton Jacob Grimm Henry Sweet and James Murray The second section represents literary criticism and commentary by nineteen authors including Warton Thomas Percy Joseph Ritson Walter Scott Thomas Wright and Walter Skeat Each of the extracts is annotated and introduced with a note presenting historical biographical and bibliographical information along with a guide to further reading A general introduction provides an overview of the state of Middle English study and a brief history of the formation of the discipline

Langland's Early Modern Identities S. Kelen, 2007-11-26 This book uses the methodologies of cultural studies and the history of the book to

show how editors and readers of the Sixteenth through the early Nineteenth century successively remade Piers Plowman and its author according to their own ideologies of the Middle Ages **Sodomy, Masculinity and Law in Medieval Literature**

William E. Burgwinkle, 2004-07-08 William Burgwinkle surveys poetry and letters histories and literary fiction including Grail romances to offer a historical survey of attitudes towards same sex love during the centuries that gave us the Plantagenet court of Henry II and Eleanor of Aquitaine courtly love and Arthurian lore Burgwinkle illustrates how sodomy becomes a problematic feature of narratives of romance and knighthood Most texts of the period denounce sodomy and use accusations of sodomitical practice as a way of maintaining a sacrificial climate in which masculine identity is set in opposition to the stigmatised other for example the foreign the feminine and the heretical What emerges from these readings however is that even the most homophobic masculinist and normative texts of the period demonstrate an inability or unwillingness to separate the sodomitical from the orthodox These blurred boundaries allow readers to glimpse alternative even homoerotic readings

Imagining Medieval English Tim William Machan, 2016-01-25 Imagining Medieval English is concerned with how we think about language and simply through the process of thinking about it give substance to an array of phenomena including grammar usage variation change regional dialects sociolects registers periodization and even language itself Leading scholars in the field explore conventional conceptualizations of medieval English and consider possible alternatives and their implications for cultural as well as linguistic history They explore not only the language's structural traits but also the sociolinguistic and theoretical expectations that frame them and make them real Spanning the period from 500 to 1500 and drawing on a wide range of examples the chapters discuss topics such as medieval multilingualism colloquial medieval English standard and regional varieties and the post medieval reception of Old and Middle English Together they argue that what medieval English is depends in part on who's looking at it how when and why *Pedagogy, Intellectuals, and Dissent in the Later Middle Ages* Rita Copeland, 2001-07-26 This book is about the place of pedagogy and the role of intellectuals in medieval dissent Focusing on the medieval English heresy known as Lollardy Rita Copeland places heretical and orthodox attitudes to learning in a long historical perspective that reaches back to antiquity She shows how educational ideologies of ancient lineage left their imprint on the most sharply politicized categories of late medieval culture and how radical teachers transformed inherited ideas about classrooms and pedagogy as they brought their teaching to adult learners The pedagogical imperatives of Lollard dissent were also embodied in the work of certain public figures intellectuals whose dissident careers transformed the social category of the medieval intellectual Looking closely at the prison narratives of two Lollard preachers Copeland shows how their writings could serve as examples for their fellow dissidents and forge a new rapport between academic and non academic communities

Becoming a Poet in Anglo-Saxon England Emily V. Thornbury, 2014-01-30 A groundbreaking study of pre Conquest English poets that rethinks the social role of Anglo Saxon verse Women, Reading, and Piety in Late Medieval England Mary C. Erler, 2006-03-09 Narratives of medieval women offer new insights into networks

of female book ownership and exchange
