History's Children Anna Clark, 2008 What is it about Australian history Students dismiss the subject for being boring while politicians and concerned parents fret over their lack of historical knowledge The classroom has become the battleground of the history wars yet no one ever asks the children what they think about Australian history

and what they like or don't about learning it Through interviews with around 250 Australian students from a wide variety of schools Anna Clark asks how teachers and students teach and learn Australian history This book is a lively and often surprising read that throws all kinds of challenges to students teachers and indeed politicians

Parliament, 1906 **Annual Report of the Council of the Montreal Board of Trade** Montréal (Québec) Board of Trade, 1908 **7 Shouts** Bernie Dowling, 2014-12-17 How did U S President Barack Obama get so familiar with Australian slang and culture Perhaps he read Bernie Dowling's 7 Shouts President Obama is in the book along with sports Australians really love the Melbourne Cup horse race of course but also fish throwing and cockroach races 7 Shouts is a comic cosmic journey to the humorous heart of the Australian soul There's science in the Russell Crowe First Law and art as Dowling tries to convince Delta Goodrem to go on a blind date with a disadvantaged teenager There's farm animals such as french poodles Fi Fi and Fa Fa which enter the sheep dog trials 7 Shouts is based on seven years of Dowling's award winning newspaper column updated to 2014 7 Shouts is a classic contemporary doco of a world gone mad but still a heap of fun **The Lone Hand**, 1909 **The National Review**, 1910 *Dangerous Allies* Malcolm Fraser, Cain Roberts, 2016-04-12 Australia has always been reliant on great and powerful friends for its sense of national security and for direction on its foreign policy first on the British Empire and now on the United States Australia has actively pursued a policy of strategic dependence believing that making a grand bargain with a powerful ally was the best policy to ensure its security and prosperity *Dangerous Allies* examines Australia's history of strategic dependence and questions the continuation of this position It argues that international circumstances in the world and in the Western Pacific especially now make such a policy highly questionable Since the fall of the Soviet Union the United States has also changed dramatically making it less relevant to Australia and a less appropriate ally on which Australia should rely Malcolm Fraser argues that Australia should adopt a much greater degree of independence in foreign policy and that we should no longer merely follow other nations into wars of no direct interest to Australia or Australia's security He argues for an end to strategic dependence and for the timely establishment of a truly independent Australia **Making Migration Law** Eve Lester, 2018-03-22 This thought provoking study examines the backstory and enduring contemporary effects of Australia's claim to an absolute right to exclude foreigners **Sovereignty, Migration and the Law** Patricia Rushton, 2024-12-31 This book examines how states justify the creation of physical policy and legislative barriers of entry for migrants by drawing on a concept of sovereignty The movement of people across the world in search of refuge from persecution war and poverty is accelerating And as states confronted with this movement create physical policy and legislative barriers to entry they justify this exclusion by drawing on concepts of sovereignty This book interrogates that justification in an historical and theoretical

context using the case study of Australian law and policy since 1900 as well as instances from other Western countries that have routinely copied from Australia But just as Australian migration policies are being replicated in the US Britain and Europe so this book argues is their employment of an anachronistic concept of sovereignty one that is reasserted precisely because of its waning power in the face of globalisation This book will be an important resource for law and political science scholars researchers and students in the fields of migration and refugee law and policy as well as to professional policy makers government institutions lawyers and international agencies with a particular focus on those fields
