Eduardo Mendoza:

Eduardo Mendoza Jeffrey Thomas Oxford, David John Knutson, 2002 This critical anthology on the novels and other work of Eduardo Mendoza is the very first collection of scholarly essays to be published solely on this Spanish novelist With contributions by academics from Spain and the United States this book touches upon each of Mendoza's major publications from 1975 to date The essays assume a varied array of critical positions and practices often reaching strikingly different conclusions about the same texts This anthology illustrates and underscores Mendoza's multifaceted character celebrating the humorously serious reputation of one of the greatest Spanish authors of our time **A Light Comedy** Eduardo

Mendoza, 2002 Barcelona in the late 1940s provides the backdrop to this novel Prullas a popular playwright whose day is now past initiates a love affair with his leading lady **Hispanic and Luso-Brazilian Detective Fiction** Renée W.

Craig-Odders, Jacky Collins, Glen S. Close, 2006-03-20 The image of the hard-boiled private investigator from gritty pulp fiction a terse and mysterious figure has become increasingly universal as the detective novel crosses more and more borders A booming genre in Latin America Spain and other Hispanic cultures detective fiction has transcended the limitations of its influences Hispanic authors relatively new to the genre have published novels and series popular with the public while a number of well-known writers have adapted the genre to reflect the concurrent globalization of modern society and the crimes within it This volume presents a compilation of 11 critical essays on negro contemporary detective fiction in the Hispanic and Luso-Brazilian canon Surveying the last twenty years the text analyzes emerging trends in this rapidly evolving genre as well as the mutations and innovations taking place within the style The first section of the book is dedicated to the detective fiction of Spain and Portugal The second section surveys works from Latin America and the United States where topics touch on universal subjects like crime identity and feminism **The Spanish Sleuth** Patricia Hart, 1987

A history of Spanish detective fiction from Alarcón's *El clavo* published twelve years after Poe's *Murders in the Rue Morgue* up to the present The presentation of the highly entertaining sleuth characters is based on a detailed examination of the works and in many cases personal interviews with the writers *An Englishman in Madrid* Eduardo Mendoza, 2015-07-07 Anthony Whitelands an English art historian is invited to Madrid to value an aristocrat's collection At a welcome lunch he encounters Jose Antonio Primo de Rivera founder and leader of the Falange a nationalist party whose antics are bringing the country ever closer to civil war The paintings turn out to be worthless but before Whitelands can leave for London the duke's daughter Paquita reveals a secret and genuine treasure held for years in the cellars of her ancestral home Afraid that the duke will cash in his wealth to finance the Falange the Spanish authorities resolve to keep a close eye on the Englishman who is also being watched by his own embassy As Whitelands ever the fool for a pretty face vies with Primo de Rivera for Paquita's affections he learns of a final interested party Madrid is crawling with Soviet spies and Moscow will stop at nothing to secure the hidden prize The Art of Translation in Light of Bakhtin's Re-accentuation Slav Gratchev, Margarita

Marinova,2022-10-06 Although Mikhail Bakhtin's study of the novel does not focus in any systematic way on the role that translation plays in the processes of novelistic creation and dissemination when he does broach the topic he grants translation a disproportionately significant role in the emergence and constitution of literature The contributors to this volume from the US Hong Kong Finland Japan Spain Italy Bangladesh and Belgium bring their own polyphonic experiences with the theory and practice of translation to the discussion of Bakhtin's ideas about this topic in order to illuminate their relevance to translation studies today Broadly stated the essays examine the art of translation as an exercise in a cultural reaccentuation a transferal of the original text and its characters to the novel soil of a different language and culture which inevitably leads to the proliferation of multivalent meanings and to explore the various reaccentuation devices employed over the span of the last 100 years in translating modern texts from one language to another Through its contributors *The Art of Translation in Light of Bakhtin's Reaccentuation* brings together different cultural contexts and disciplines such as literature literary theory the visual arts pedagogy translation studies and philosophy to demonstrate the continued international relevance of Bakhtin's ideas to the study of creative practices broadly understood **The Truant Murders**

Crime Scene Spain Ren e W. Craig-Odders,Jacky Collins,2014-01-10 This essay collection examines the changing cultural political and physical landscape of Spain as represented in Spanish crime fiction of the last three decades The first several essays focus on crime fiction set in Barcelona and look at among other topics the symbiotic relationship between the city and the detective in Francisco Gonzalez Ledesma's long running Inspector Mendez series Manuel Vazquez Montalban's treatments of the 1992 Summer Olympic Games and place and identity in Alicia Gimenez Bartlett's Petra Delicado series

Other essays examine regional and cultural illiteracy in Jorge Martínez Reverte's Galvez series and Spain's changing urban centers as represented in Andreu Martín's *El blues de la semana mas negra* **Connecting Past and Present** Aaron M. Kahn, 2015-10-05 In this volume experts on the Spanish Golden Age from the United Kingdom Ireland and the United States offer analyses of contemporary works that have been influenced by the classics from the sixteenth and seventeenth centuries Part of the formation of a sense of national identity always a problematic concept in Spain is founded in the recognition and appreciation of what has come beforehand and no other era in the history of Spanish literature and drama represents the talent and fascination that Spaniards and non Spaniards alike possess with the artistic legacy of this country In order to establish properly a context for the study of literature or history one cannot always study the works writers or era in isolation rather performing scholarly studies on these topics as a continuation of what has come before reveals that many thoughts concepts character types criticisms and social issues have been thoroughly explored by our literary ancestors This era is referred to as the Golden Age not only because of the voluminous production of art literature drama and poetry but also because writers such as Miguel de Cervantes Lope de Vega and Pedro Calderón de la Barca influenced by the re birth of the Classical masters presented the reading and viewing public with genuine human emotions and experiences in a more comprehensive manner than in previous eras In the twentieth century Spain faced a series of political crises the Spanish Civil War 1936-39 and the Franco Dictatorship 1939-75 followed by the Transition and the concept of historical memory have provided contemporary Spanish writers with the impetus and freedom to express their views A frequent source of inspiration has been the Golden Age that epoch of history that produced such political and religious upheaval and this book explores the manner in which contemporary Spaniards have reached into the past to connect with their present world Revisiting Centres and Peripheries in Iberian Studies Mark Gant, 2019-08-05 Like its predecessor and companion volume *New Journeys in Iberian Studies* this volume gathers fresh and emerging research in a range of sub fields of Iberian studies from an international range of established academics and early career researchers The book provides rich evidence of the breadth and depth of new research being carried out in the dynamic field of Iberian studies at present As the title suggests a strong thread running through the collection is concerned with investigating the multiple spaces of tension between the centre and periphery that comprise the Iberian cultural system Topically the current situation in Catalonia naturally comes to the fore in a number of chapters and from a range of perspectives However in the revisiting of a range of cultural products and historical processes undertaken by the contributors it can be seen that transoceanic postcolonial relations are not neglected and concerns with history memory and fiction also weave their way through their work A Comparative History of Literatures in the Iberian Peninsula César Domínguez, Anxo Abuín González, Ellen Sapega, 2016-10-20 Volume 2 of *A Comparative History of Literatures in the Iberian Peninsula* brings to an end this collective work that aims at surveying the network of interliterary relations in the Iberian Peninsula No attempt at such a comparative history of literatures in the

Iberian Peninsula has been made until now In this volume the focus is placed on images Section 1 genres Section 2 forms of mediation Section 3 and cultural studies and literary repertoires Section 4 To these four sections an epilogue is added in which specialists in literatures in the Iberian Peninsula as well as in the sub disciplines of comparative history and comparative literary history search for links between Volumes 1 and 2 from the point of view of general contributions to the field of Iberian comparative studies and assess the entire project that now reaches completion with contributions from almost one hundred scholars

Fictional Portrayals of Spain's Transition to Democracy Anne L. Walsh, 2017-08-21

This manuscript looks at a selection of narratives published in Spain during the transition to democracy and compares them with more recent publications The main focus here is how fiction brings an extra dimension to the recreation of the past by adding imagination to historical fact One effect of this is to challenge readers or spectators to question the effect the reliability of the narrator has on conviction about the events told By using a specific moment in time Spain's Transition it will be seen that memory history and imagination all blend together to create very different stories but all are linked with the idea that the past will always haunt the present and actions from the past will have far reaching consequences Texts analysed here include work by Javier Cercas Eduardo Mendoza Manuel Vázquez Montalbán Rosa Montero Arturo Pérez-Reverte and Gonzalo López Alba as well as episodes from two popular TV series Cuéntame cómo pasé and Protagonistas de la Transición
