Resources in Education , 1998 The Outlook for U.S.-China Relations Following the 1997-1998 Summits Peter H. Koehn, 1999 At the end of the 20th Century the focus of global attention and concern is on the future relationship between the world s most influential nation and its most populous one The series of high level meetings and the exchange of unusually long summit visits that occupied the center of the world stage in the late 1990s reveal that both sides recognize the other s global importance In the words of President Bill Clinton the role China chooses to play will powerfully shape the next century The years 1997 and 1998 will be remembered by many for the critically acclaimed summit visits of Jiang Zemin to the United States and Bill Clinton to China This book moves beyond the Clinton Jiang summits of 1997 1998 to explore long term prospects in light of recent developments Nineteen scholars from diverse disciplines including eight from China mainland institutions address the outlook for security relations in the Asia Pacific Region prospects for strategic partnership issues concerning Taiwan Tibet and trade the potential for information technology and educational exchanges future competition for natural resources changing images of each other and other critical dimensions of expanding non state relationships The interaction of China and the United States promises to constitute the world s most important bilateral relationship well into the 21st Century To be constructive and enduring relationships must be based on mutual understanding and respect This volume provides an opportunity to advance both foundations among students scholars policy makers and the attentive public in the East and the West *Bulletin* United States. Office of Education, 1961 **Up from Conservatism** Arthur Milikh, 2023-06-27 It has great seeds of wisdom Sen J D Vance The Conservative Establishment s consensus of the past two

generations has almost totally broken down Conservatism was unable to stop or even slow the Left's rolling revolutions in nearly every sector of American society from classrooms to boardrooms from the military to the culture at large The Left has successfully transformed the nation over the past few generations racking up victory after victory with no clear end in sight This is not sustainable for the country or the constituency represented by the Republican Party For the Right to have a serious future it needs to rethink its positions and think more deeply about the essential policy questions which will define the future of the country race men and women sexuality religion the economy foreign policy and other major issues This collection of essays written by some of the Right's most interesting thinkers and practitioners seeks to reframe the ideological and policy direction of the American Right

Changing Perspectives on International Education Patrick O'Meara, Howard D. Mehlinger, Roxana Ma Newman, 2001 More than 40 years ago recognizing that higher education would have to take responsibility for educating Americans about other world cultures and societies Congress passed the National Defense Education Act later known as the Higher Education Act Title VI of this act has provided extensive support for foreign languages and area studies development in the nation's universities and colleges As a result millions of Americans have been able to acquire knowledge about other parts of the world Today there are new issues demands and perspectives Americans are more likely than ever to encounter different cultures business practices histories ideologies and ways of life In addition the United States is increasingly called upon to intervene or mediate in regional and local crises far beyond its borders U S educational institutions must continue to help citizens to have informed opinions about complex international problems *Changing Perspectives on International Education* is designed to be used by administrators and planners in U S education It covers the field of international studies as it has developed in the United States from its beginnings and accomplishments under Title VI to the current paradigmatic shifts taking place in research teaching and outreach A major section is devoted to internationalizing the curriculum of K 12 schools It concludes with a look at future trends and how they may affect international scholarship and training in the new century It also provides an extensive bibliography of international resources

The Influence of the Carnegie, Ford, and Rockefeller Foundations on American Foreign Policy Edward H. Berman, 1984-06-30 This book examines the generally unrecognized role played by the Carnegie Ford and Rockefeller foundations in support of United States foreign policy particularly since 1945 The foundations efforts on behalf of American interests abroad have focused primarily on their support for a number of institutions of higher education in strategically located Third World nations These institutions modeled after foundation supported American universities were designed to train Third World leaders in norms that would encourage them minimally to assume a posture of neutrality toward American economic and political penetration of their societies Dr Berman's study challenges the oft asserted but undocumented thesis of the American political right that these liberal foundations historically have pursued policies detrimental to United States interests The evidence indicates how foundation policies and programs were formulated after close consultation with leaders
