The Palgrave Handbook of History and Social Studies Education Christopher W. Berg, Theodore M. Christou, 2020-04-03 This Handbook presents an international collection of essays examining history education past and present Framing recent curriculum reforms in Canada and in the United States in light of a century long

debate between the relationship between theory and practice this collection contextualizes the debate by exploring the evolution of history and social studies education within their state or national contexts With contributions ranging from Canada Finland New Zealand Sweden the Netherlands the Republic of South Africa the United Kingdom and the United States chapters illuminate the ways in which curriculum theorists and academic researchers are working with curriculum developers and educators to translate and refine notions of historical thinking or inquiry as well as pedagogical practice

Understanding Research in Early Education Margaret M. Clark, 2017-06-02 Using clear and concise language the author illustrates how to avoid common pitfalls in misrepresenting research findings and how to apply these findings in the classroom Readers need no previous expertise in the field to benefit from this guide *The Education Systems of the United Kingdom* David Phillips, 2000-01-01 This book investigates the diversity of educational provision within the various parts of the United Kingdom Building on the expertise of David Raffe and colleagues at the University of Edinburgh who have been researching what they call home internationals in education and who contribute two chapters the volume includes studies of Wales Scotland and Northern Ireland The aim is to encourage reflection on the essential differences and the binding similarities of the systems which make up educational provision in the United Kingdom *Leading Professional Practice in Education* Christine Wise, Marion Cartwright, Pete Bradshaw, 2012-09-05 This volume provides an overview of key contemporary themes in educational leadership It focuses on developing professional capacity organisation improvement and the implementation of change looking at theoretical frameworks and concepts recent research studies and case examples of effective practice The book covers leading learning and learner leadership change processes and distributed leadership leading professional development for educational contexts Designed to encourage critical analysis and debate this volume will be a useful resource for postgraduate and professional development courses in educational leadership and for practitioners It is a companion to Educational Leadership Context Strategy and Collaboration also published by Sage

Governing Europe's spaces Caitriona Carter, Martin Lawn, 2015-07-20 What do we imagine when we imagine Europe and the European Union To what extent is our understanding of the EU of its development its policies and its working processes shaped by unacknowledged assumptions about what Europe really is The book constructs a case for re imagining Europe not as an entity in Brussels or a series of fixed relations but as a simultaneously real and imagined space of action which exists to the extent that Europeans and others act in and on it This Europe is constantly being made in particular spaces through specific actor struggles whose interconnections are often ill defined We ask how do those concerned with building Europe with extending and elaborating the EU think of where they are and what they are doing The book captures Europeans in the process of making Europe of performing interpreting modelling referencing consulting measuring and de politicising Europe **School Culture** Jon Prosser, 1999-06-02 I waited with great anticipation to receive Jon Prosser's book School Culture The wait was worth it and I wasn't to be disappointed This is a fine book bringing to a reader a credible and

solid set of work Youth and Policy The most helpful book on genuine school improvement that I have ever read LDR National College for School Leadership Jon Prosser has put together an eclectic volume School Culture is not isolated from out of school forces most of the authors argue Jon Prosser and Terry Warbuton s piece analyzing the visual representation of schools and teaching shows this in a looking glass manner The different chapters challenge us to think again about what we mean by ethos and atmosphere What the volume demonstrates is just how difficult and challenging it is to define what constitutes a school s culture Journal of Education for Teaching School culture is today one of the most important themes in education and educational research This book draws on a wide range of contemporary perspectives to provide an insight into the key issues and concepts which underpin school culture The first part of the book is concerned with culture as an holistic concept The second part adopts the stance that school culture is the sum of its subcultures The contributors focus on significant groups such as teachers and students or theme for example sexuality and examine in depth the nature and character of schooling

Creating Curricula: Aims, Knowledge and Control Dominic Wyse, 2018-03-08 Knowledge has been a defining focus for the curriculum studies field In the early part of the 21st century convincing arguments were mounted that knowledge needed to be brought back in both to the curriculum of schools and to the attention of curriculum researchers This book is a result of these arguments and what some regarded as a crisis in curriculum study related to the growing emphasis on international comparisons between education systems The book s most important contribution is to build on seminal work in the sociology and philosophy of education in order to develop new foundations for curriculum study using the importance of transactions as the context for understanding knowledge in the curriculum The contributors build on this importance to suggest a rapprochement in the field around the idea of curriculum knowledge as both constructed and real This book was originally published as a special issue of The Curriculum Journal

Educational Regimes and Anglo-American Democracy Ronald A. Manzer, 2003-01-01 Manzer s comparative political study of schools in Australia Canada New Zealand the United Kingdom and the United States focuses on five fundamental problems in the historical development of Anglo American educational regimes the original creation of systems of elementary education in the nineteenth century as publicly provided and publicly governed the transformation of secondary schools in the early twentieth century to match the emerging structure of occupational classes in capitalist industrial economies the planning for secondary schools in the development of the welfare state after the Second World War the accommodation of social diversity in public schools from the 1960s to the 1990s in response to increasingly strong assertions of ethnicity language race and religion not only as criteria for equal treatment but also as foundations of communal identity and more

Devolution and Pluralism in Education in Northern Ireland Caitlin Donnelly, Penny McKeown, Robert Osborne, 2006-03-17 This is the second of two anthologies designed to accompany the Open University course From Enlightenment to Romanticism an interdisciplinary exploration of the changes and transitions in European culture between 1780 and 1830 The collection of extracts in this

anthology provides primary and secondary sources on changing landscapes new forms of knowledge new conceptions of art and the artist and the exotic and Oriental Each selection is accompanied by a detailed introduction explaining the context and significance of the sources Extracts in the anthology stimulate questions rather than provide reassuring answers and offer vital insights to the major events movements and personalities of the time

Educational Issues in the Learning Age Catherine Matheson, David Matheson, 2000-09-01 Education and its context are both changing rapidly In a world characterized by postmodernism and globalization even the discourses that we use to discuss education are changing This raises fundamental questions concerning the relationship of education to culture identity society and power To understand education in the twenty first century we need a new map By considering issues both fundamental and topical from citizenship to lifelong learning from school effectiveness to learning outside the school this book provides a comprehensive multi disciplinary guide to education in the new era

Adult and Lifelong Education Marcella Milana, John Holford, Vida Mohorčič Špolar, 2017-10-02 Adult and Lifelong Education explores why politicians researchers and practitioners involved in educating post school young people and adults have quietly abandoned the term education in favour of learning Bringing together contributions from experienced as well as younger scholars and from Europe North America and Australasia it draws on global national and local perspectives to reveal key features of adult education s policy environment At the book s heart are three main concerns First what is the spatial reach of these developments and what processes of fluidity and fixity emerge Second does increased state and international recognition of civil society s role in adult education and learning help to voice grass roots learning needs for individuals and communities Or does it create new patterns of dependency and domestication Finally given the growing culture of monitoring and the investment of money time and attention which international organizations national governments and research institutes around the world are making in gathering information on people s skills and knowledge and how they use them what is happening when literacy numeracy and problem solving abilities are tested How is this knowledge used and abused in various policy environments and who benefits The book is an outcome of the work of the European Society for the Research on the Education of Adults ESREA Research Network on Policy Studies in Adult Education s inaugural conference held at the University of Nottingham in 2012 This book was originally published as a special issue of Globalisation Societies and Education
