**Facing Terrorism** Edward Le Roy Long, 2004-01-01 This brief but judicious reflection by a senior statesman of Christian ethics tackles the political religious and moral dimensions of terrorism

**Facing Terrorism in France** Florence Faucher, G r me Truc, 2022-04-12 From 2015 Europe was hit by a new wave of terrorist attacks coordinated or supported by an international Islamist organization ISIS but sometimes also perpetrated by citizens of the targeted country the attacks on Paris Brussels London Manchester Nice and Barcelona probably attracted most attention but the most dramatic were perpetrated in Paris in January and November 2015 These events shook the foundations of French society not only because of their magnitude but also because of the symbolic nature of the targets Whilst in January the targets were carefully selected as emblematic of France the satirical weekly Charlie Hebdo the police forces the Jewish community and of European liberal values journalists and cartoonists in November the victims ordinary people enjoying music sports and restaurants The book offers a unique interdisciplinary investigation into the complex responses of French society from the individual level survivors of the Bataclan attack emotional citizens paying homage to the victims French Muslims to the meso level of civic association and web communities and the macro level of the State and public opinion

**Confronting Terrorism** M. Maroof Raza, 2009 The attacks on Mumbai on 26 November 2008 brought home to Indians the full horror of terrorism It also brought home quite literally the change in the contemporary face of war War today is no longer confined to battle fields it is right here How is India equipped to deal with this menace which has been described as an ultramodern and a very traditional conspiracy In this collection of essays nine eminent experts strategic analysts and military historians examine among other issues the capacity of India's police and paramilitary forces to deal with well equipped meticulously planned terror attacks the army's ability to transform its reactive mode to a more proactive approach and the complex dynamics of the nuclear terror threat And the big question if elements within the Pakistani establishment are involved in the threat to India what is the most effective way for the Indian state to respond This collection illuminates one of the most burning issues facing Indians today

**'Home-grown' Jihad: Understanding Islamist Terrorism In The Us And Uk** Samuel John Mullins, 2015-11-09 Based on seven years of original research this book contains one of the most detailed and comprehensive assessments of home grown Islamist terrorism HGIT in the US and UK to date Beginning with an examination of the development of militant networks during the 1980s and 1990s it traces the origins of HGIT and highlights the significance of these early experiences in different countries for shaping the future trajectory of the threat The book also examines the range of motivations for violent jihad in the West suggesting a composite theoretical model that specifies three necessary conditions for involvement and challenges popular explanations for differential rates of terrorism which emphasize socioeconomic factors The book analyzes the background and operational activities of nearly 800 American and British jihadis who mobilized between 1980 and September 11th 2013 including factors such as mental health education processes

of radicalization leadership use of the Internet sources of funding and links to foreign terrorist organizations This analysis is then complemented with an examination of how these individuals have been dealt with by the respective security services From the first proponents of global jihad to the recent wave of volunteers inspired by events in the Middle East this book provides an extensive yet lucid analysis of one of the greatest security concerns facing America and Great Britain today Home Grown Jihad challenges existing studies on a number of key issues and expands our understanding of HGIT It will be invaluable to academics practitioners and policymakers alike
