Fact In Fiction The Use Of Literature In The Systematic Study Of Society:

Fact in Fiction Joan Rockwell, 2023-07-14 First published in 1974 Fact in Fiction states that literature does not reflect or arise from society but is as much a functioning part of it as any social structure institution or set of norms The author shows that however fantastic the content of fiction it is a representation of social fact not the mere random issue of private fantasy Because of this there is a regular and discernible pattern in which literature is related to other strands in the social web which makes it possible to read back from fiction to other social fact An explanation is put forward for the normative power of fiction from its origins in the apparent human necessity to communicate abstract concepts in terms of narrative accounts of human action This book will be of interest to students of literature sociology and history Real and Imagined Worlds Morroe Berger, 1977 *Novel Approaches to Anthropology* Marilyn Cohen, 2013-09-05 This volume of interdisciplinary essays reflect current contributions to literary anthropology Novel Approaches to Anthropology Contributions to Literary Anthropology showcases the myriad ways that anthropologists bring their disciplinary perspectives theories concepts and pedagogical strategies to interpreting fiction and travel writing written in the past and present The authors integrate insights from the reflexive deconstructive turn in anthropology and from critical Marxist and feminist approaches that ground interpretation in the political economic and social constraints and experiences of everyday life The contributors share the view that fiction like all artistic expression is rooted in specific historical and cultural contexts Literature like all artistic expression stimulates a critical imagination by allowing readers to take a fresh look at their own society and culture

A Stylistics of Drama Peter K. W. Tan,1993 This study looks at how stylistic methods apply to drama texts and focuses its attention on Stoppard s *Travesties* which by its parodic nature compels an investigation of literary parody as an intertextual mode The author first seeks to place stylistics within a historical and procedural framework and considers ideological and procedural impasses that have bedevilled stylistic analyses Detailed analyses of passages from *Travesties* in the light of what has been discussed then follows **Routledge Library Editions:**
