**Kate's First Face Paint: A Day At the Fair** Veronica Picone, 2019-08-21 Come along on Kate's fun filled journey when the fair comes to town. She couldn't wait to ride the big ferris wheel, play games and go on rides. The day takes an incredible turn when Kate decides to get face painted for the very first time. What was it like and what did she choose? It's an adventure at the fair you don't want to miss. **Watson's Magazine**, 1905 Fair Oaks Max Lyle, 1856 **Firefly Lane** Kristin Hannah, 2009-01-06 A story of friendship that endures everything from girlhood dramas to bitter betrayal to be the touchstone in two women's lives. Divided Paths, Common Ground Angie Klink, 2015-11-20 In the early 1900s Mary Matthews and Lella Gaddis forged trails for women at Purdue University and throughout Indiana. Mary was the first dean of the School of Home Economics. Lella was Indiana's first state leader of Home Demonstration. In 1914 Mary hired Lella to organize Purdue's new Home Economics Extension Service. According to those who knew them, Lella was a sparkler who traveled the state instructing rural women about nutrition, hygiene, safe water, childcare and more. Reserved Mary established Purdue's School of Home Economics, created Indiana's first nursery school and authored a popular textbook. Both women used their natural talents and connections to achieve their goals in spite of a male dominated society. As a land grant institution, Purdue University has always been very connected to the American countryside. Based on extensive oral history and archival research, this book sheds new light on the important role female staff and faculty played in improving the quality of life for rural women during the first half of the twentieth century. It is also a fascinating story engagingly told of two very different personalities united in a common goal. Hungarian Classical Ballads Ninon A. M. Leader, 1967-07-02 Although Hungarian ballads were first collected about a hundred years before this book was first published in 1967, they have remained largely unknown to Western scholars. This was the first comprehensive study of the Hungarian material in any major European language. Dr. Leader provides an analytic description and full English text of the main Hungarian classical ballads with their published versions. She examines their characteristics, analyses their themes, motifs and underlying folk beliefs and relates them to ballads of other countries, particularly England and Scotland. This pioneer work suggested fresh interpretations and solutions to the problems of Hungarian ballad scholarship and enlarged the study of international ballads by making the Magyar material available in translation. It had repercussions on a wide range of folklore studies and on the comparative study of European literatures to which the oral narrative traditions serve as important groundwork. **Paper Covered Books** Warren Elbridge Price, 1894 **The Practice and Representation of Reading in England** James Raven, Helen Small, Naomi Tadmor, 1996-03-14 Developments in cultural history and literary criticism have suggested alternative ways of addressing the interpretation of reading. How did people read in the past? Where and why did they read? How were the manner and purpose of reading envisaged and recorded by contemporaries and why? Drawing on fields as diverse as medieval pedagogy, textual bibliography, the history of science and social and literary history, this collection of

fourteen essays highlights both the singularity of personal reading experiences and the cultural conventions involved in reading and its perception An introductory essay offers an important critical assessment of the various contributions to the development of the subject in recent times This book constitutes a major addition to our understanding of the history of readers and reading
