## **Faith For Grown Ups:**

*A Faith for Grown-ups* Robert P. Lockwood, 2004 Publisher's description Approximately thirty percent of baby boomers were baptized and raised Catholic. After years of practicing a religion that seemed dry and rigid, many boomers drifted away from the faith. *A Faith for Grown Ups* reintroduces Catholicism to those seeking to reconnect with their faith. With wit and keen understanding, Lockwood explores the common experience of growing up Catholic from the 1950s through the 1970s and invites disconnected Catholics to encounter a faith for grown ups. Writing from an adult perspective for an adult audience, Lockwood covers all the major aspects of Catholicism and offers practical suggestions for cultivating an adult faith. In personal stories both humorous and heartrending, Lockwood traces his personal pilgrimage from the Catholicism of his childhood to the rich, meaningful spirituality of his adulthood.

**Grace for Grown Ups** Paul Anderson-Walsh, 2015-03-11 In my opinion, Paul Anderson Walsh has stepped into the centre of a raging world-wide spiritual reformation and amidst its fire and chaos has brought simplicity, order, reason, and clarity. In his latest book *Grace for Grown Ups*, it is no secret that the grace movement has exploded across the world, infiltrating and affecting nearly every Christian denomination to its very core. This book is for the Christian person who truly wants to grow in grace; if you want more out of the grace message than just a spiritual pain killer to be taken as needed. *Grace for Grown Ups* is a spiritual roadmap that will lead you to that end. Truly a masterpiece. Darin Hufford, best-selling author of *The Misunderstood God*.

**Robots or Rebels: The Dangers of Growing Up a Legalist, and Biblical Motivations for True Holiness** Robert P. Pruitt,2014-01-31 Legalism Almost no one is neutral on the subject Some see a legalist behind every attempt to encourage holiness in the lives of God s people while others fail to see that they have fallen into the clutches of legalistic thinking In the name of calling people to righteousness many add to the Word of God and form a system destined to end in an unbiblical approach to godly living The results of legalism are devastating Many fail to learn to think or at least think biblically but continue to conform to the rules that have been laid before them Robotic in their obedience they never experience the joy of the freedom available in Christ Others rebel not only against the system but against even those teachings that are true to the Scriptures These rebels often leave their families and the church in pursuit of personal pleasure In so doing they find themselves becoming slaves to sin This book is designed to expose legalism and its tragic results and then point the way to a true holiness that is based in biblical motivations Christ is glorified only through truly holy lives

Growing Up Godless Deborah Mitchell,2014-04-01 In a nation where religion plays such a big role how can you raise a child without God How do you instill morality answer questions about mortality and handle believers who expect to get a one way ticket to heaven by converting you Deborah Ann Mitchell who has blogged and written columns on the subject provides guidance to agnostics and atheists struggling with how to assert their beliefs in a reasoned nonconfrontational and honest manner *Growing Up Muslim* Andrew C. Garrod,Robert Kilkenney,2014-04-15 While 9 11 and its aftermath created a

traumatic turning point for most of the writers in this book it is telling that none of their essays begin with that moment These young people were living probing and shifting their Muslim identities long before 9 11 I've heard it said that the second generation never asks the first about its story but nearly all the essays in this book include long intimate portrayals of Muslim family life often going back generations These young Muslims are constantly negotiating the differences between families for whom faith and culture were matters of honor and North America's youth culture with its emphasis on questioning exploring and inventing one's own destiny from the Introduction by Eboo Patel In *Growing Up Muslim* Andrew Garrod and Robert Kilkeny present fourteen personal essays by college students of the Muslim faith who are themselves immigrants or are the children of immigrants to the United States In their essays the students grapple with matters of ethnicity religious prejudice and misunderstanding and what is termed Islamophobia The fact of 9 11 and subsequent surveillance and suspicion of Islamic Americans particularly those hailing from the Middle East and the Asian Subcontinent have had a profound effect on these students their families and their communities of origin

*Growing Up Godless* Anna Strhan, Rachael Shillitoe, 2025-05-20 In Britain as in many other countries across Europe non religion has now replaced Christianity as the cultural default especially among younger age groups There is for the first time a no religion majority and only around half the overall population now express belief in some kind of God And while religion continues to feature prominently in children's education in countries like the UK schools are increasingly making space in the classroom for nonreligious stances toward

life But as of yet there has been scant scholarly attention accorded to what this development means for children and families with young children Religion has long been seen as an important aspect of an upbringing that stresses character development and good moral conduct What does such an upbringing look like when children grow up non religious This book explores how when where and with whom children learn to be non religious paying particular attention to the everyday practices through which non religion is transmitted from parents and in some cases school teachers to children In this book Strhan and Shillitoe draw on their extensive ethnographic fieldwork in family homes and in children s schools and on in depth interviews with children parents and school teachers in three contrasting sites in England The views of the children themselves mostly aged 7 11 years old a period when children become aware of their identities and worldviews are taken seriously alongside those of their caregivers and instructors The authors argue that nonreligious children and their parents are motivated by an ethics focused on equality compassion and social justice values seen as unconnected to churches and other religious institutions

explores the world of the Bund Deutscher Mädel (BDM) the female section within the Hitler Youth that included almost all German girls aged 10 to 14. The BDM is often enveloped in myths: German girls were brought up to be the compliant handmaidens of National Socialism; their mental horizon restricted to the three Ks of *Kinder, Kirche, and Küche* (children, church, and kitchen). Dagmar Reese, however, depicts another picture of life in the BDM. She explores how and in what way the National Socialists were successful in linking up with the interests of contemporary girls and young women and providing them a social life of their own. The girls in the BDM found latitude for their own development while taking on responsibilities that integrated them within the folds of the National Socialist state. At last available in English, this pioneering study provides fresh insights into the ways in which the Nazi regime changed young Aryan women's lives through appeals to female self-esteem that were not obviously defined by Nazi ideology but drove a wedge between parents and children. Thoughtful analysis of detailed interviews reveals the day-to-day functioning of the Third Reich in different social milieus and its impact on women's lives beyond 1945. A must read for anyone interested in the gendered dynamics of Nazi modernity and the lack of sustained opposition to National Socialism. Uta Poiger, University of Washington. In this highly readable translation, Reese provocatively identifies Nazi girls' league members' surprisingly positive memories and reveals significant implications for the functioning of Nazi society. Reaching across disciplines, this work is for experts and for the classroom alike. Belinda Davis, Rutgers University. Dagmar Reese is the Moses Mendelssohn Zentrum Potsdam researcher on the DFG project *Georg Simmels Geschlechtertheorien im fin de siècle*. Berlin 2004. William Templer is a widely published translator from German and Hebrew and is on the staff of Rajamangala University of Technology, Srivijaya.
