The Art of Pere Joan Benjamin Fraser, 2019-04-22 Born in Mallorca Pere Joan Riera known professionally as Pere Joan thrived in the underground comics world beginning in the mid 1970s with the self published collections Baladas Urbanas and Muérdago both of which were released almost immediately after the death of the dictator Francisco Franco and Spain's transition to democracy The first monograph in English on a comics artist from the Spain The Art of Pere Joan takes a topographical approach to reading comics applying theories of cultural and urban geography to Pere Joan's treatment of space and landscape in his singular body of work Balancing this goal with an exploration of specific works by Pere Joan Benjamin Fraser demonstrates that looking at the thematic structural and aesthetic originality of the artist's landscape driven work can help us begin to newly understand the representational properties of comics as a spatial medium This in depth examination reveals the resonance between the cultural landscapes of Mallorca and Pere Joan's metaphorical approach to both rural and urban environments in comics that weave emotional ecological and artistic strands in revolutionary ways
