Bankers Magazine ,1923 **Human Wrongs** Stan Thomas,2004-08 When a black law professor agrees to defend a racist murderer the stakes are higher than a mere guilty verdict When Mitchell Dove is murdered and dismembered his vicious killing tears open far too recent wounds and sends a shock wave throughout Black communities across the United States struggling to find their place Professor of law Phil Dennison agrees to defend the white man on trial for killing Dove who was the first African American CEO of the world s largest oil company a promising and rising star in the corporate world Trying to save the murderer John Robert Holloway Professor Dennison finds himself the focus of national attention and stuck between the law and his community Even Dennison s fianci federal prosecutor Alicia Bloom thinks he s crazy until he lets her in on the monumental opportunity he sees in this case setting a legal precedent so fundamental that it could truly and finally give real teeth to the country s hate crime laws As they work to acquit this racist monster their sights are set on the real monsters the people who created John Bob Where does intolerance come from Who creates hate How do human beings become racist murderers Human Wrongs is a fast paced richly detailed intriguing novel that shines a brilliant and unsparing light on the causes of racism hatred and intolerance Yet another gruesome murder in a long and demoralizing line of tragedies and brutalities suffered by the American Black community is the backdrop for a story that seeks to show how deeply runs the vein that perpetuates Human Wrongs *Sin City North* Holly M. Karibo,2015-08-31 The early decades of the twentieth century sparked the Detroit Windsor region s ascendancy as the busiest crossing point between Canada and the United States setting the stage for socioeconomic developments that would link the border cities for years to come As Holly M Karibo shows this border fostered the emergence of illegal industries alongside legal trade rapid industrial development and tourism Tracing the growth of the two cities cross border prostitution and heroin markets in the late 1940s and the 1950s Sin City North explores the social legal and national boundaries that emerged there and their ramifications In bars brothels and dance halls Canadians and Americans were united in their desire to cross racial sexual and legal lines in the border cities Yet the increasing visibility of illicit economies on city streets and the growing number of African American and French Canadian women working in illegal trades provoked the ire of moral reformers who mobilized to eliminate them from their communities This valuable study demonstrates that struggles over the meaning of vice evolved beyond definitions of legality they were also crucial avenues for residents attempting to define productive citizenship and community in this postwar urban borderland **Hearings** United States.
