Lie Evolution:

Lie: Evolution, The (25th Anniversary Edition) Ken Ham, 1987-07-01 The Bible prophetically warns that in the last days false teachers will introduce destructive lies among the people Their purpose is to bring God's truth into disrepute and to exploit believers by telling them made up and imagined stories see 2 Pet 2:1-3 Such a lie is among us that lie is evolution Today many laypeople ministers and Christian educators are powerless in their presentation of the gospel They have rejected Genesis the foundation of biblical doctrine They have believed the modern origins myth evolution If you believe that Genesis is not important to presenting the Gospel This book is for you If you believe that what you think about Genesis does not affect you personally This book is for you If you believe that evolution can be made to fit the Bible This book is for you If you are a witnessing Christian seeking to bring the gospel to this spiritually drifting world This book is for you The Lie Ken Ham, Revised, 2012 Here is the revised expanded and updated edition for the 25th anniversary year Its message of biblical authority is even more relevant today This anniversary edition is an even more powerful eye opening book for the church Ken Ham once again takes the lead in pointing out the looming precipice that thousands of church leaders are rushing toward a denial of the full authority and accuracy of the Bible from its very first verse Originally published in 1987 The Lie took a bold stand which became prophetic Ken warned the church about the destructive effects of compromise with evolutionary millions of years ideas He warned that compromise in Genesis would undermine Scriptural authority in the culture and erode confidence in the infallibility of God's Word Today Christians increasingly doubt the Bible's reliability So then do those who are considering placing their faith in Jesus the Creator The issues are of critical importance when you realize that today we have Christians not only confused when it comes to Genesis and the age of the earth but now even the reality of hell Adam as a real person and Christ's own words about creation marriage and more One compromise just leads to another and it has to end if we want to leave a legacy of faith to future generations *The Lie* Ken Ham, 1987 Evolution, *The Lie* Ken Ham, 2012-10-15 Today Christians and those considering the Christian faith increasingly doubt the Bible's reliability Why What changed Revised Expanded for this special 25th anniversary edition Ken Ham points out the looming precipice too many church leaders are rushing towards a denial of the full authority and accuracy of the Bible from its very first verse In addition Ken powerfully shows how the unproven unscientific philosophy of evolution is driving young people away from the Christian faith and provides solid biblical solutions to turn things around The Lie uncovers Why Genesis remains critically important in presenting the Gospel This slippery slope of reinterpreting Scripture and redefining biblical doctrine How the handling of the biblical account of creation impacts your understanding of all of Scripture and your worldview The collapsing structure of Christianity as Genesis is questioned compromised and dismissed The religion of evolution The authority of God's Word versus man's fallible word Genesis as the foundation for all biblical doctrine Evolutionary ideas are actually destructive to the foundational message of the Cross of Jesus Christ Evolution is used to justify social issues such as abortion

communism drug abuse homosexual practices and worse The successful use of creation evangelism to present the whole gospel message These issues are of critical importance when you realize that today we have Christians questioning Genesis the age of the earth the reality of Hell Adam as a real person and Christ's own words about creation marriage and more One compromise just leads to another and it has to end if we want to leave a legacy of faith to future generations Churches individuals and Bible colleges are using this Christian apologetic resource to strengthen their faith families and sharing of the whole gospel of Jesus Christ

Combating the Lies of Satan Shirley White,2013-04 Satan is on a rampage he has inundated our world with a multiplicity of dangerous lies and is convincing men to feast on them while rejecting God's holy Word However even though Satan's concocting these lies man is not an innocent party to this deception Satan may be spreading lies but man entertains them of his own volition and perpetuates them Man is electing to reject God and the doctrinal teachings of the Bible he prefers to indulge teachings that agrantly contradict Scripture Man is Satan's accomplice he is complicit and culpable because he disregards the Word of God and chooses lies over truth Average people have no clue they're being deceived by a clever and diabolical spirit Satan's deception and cleverness are so astute that he's convinced many to believe the lie that he doesn't exist However he does exist and the purpose of this book is to expose him his lies and his deceptions and to expose refute and combat the numerous deadly lies so prevalent in our world today that many have embraced Much in this book will be seen by many as controversial and politically incorrect but this book is factual and biblically sound it will equip you with knowledge and insights from the Word of God to prevent you from falling prey to Satan's deceptions God loves you Jesus died for you and it is my prayer that you carefully consider and investigate everything in this book and make the crucial decision to believe God and His Word versus Satan and his lies

Back to the Beginning of a Perfect Creation Charles Pratt, 2021-01-27 The beginning of Genesis represents the basic foundation of the entire Bible If the reader does not understand the foundational truths then he will likely misunderstand the rest of the book The truths that follow stand or fall upon the foundation of the first few chapters of Genesis This book is a personal passion of my heart from a conservative viewpoint of God's Creation of the world Things did not just come into existence by some cosmic accident or chance but by

an Ingenious Designer Creator that purposed every facet of His perfect creation Many individuals have been deceived with the teachings and the lies of evolution such as man arriving from a monkey Some teachers have used these lies that the earth is billions of years old However the Bible clearly teaches that creation came to pass just over 6 000 years ago Those years are well documented in Genesis and other Bible accounts Since my first degree was in science it is my desire to show every person possible that the Bible is absolutely true and completely trustworthy The truth is that science is attempting to catch up with biblical truth yet it never will That is because the Creator of this vast universe is so far advanced of all scientific discoveries that man will never be able to reach that super human level of wisdom God possesses unlimited understanding of creation that man will never achieve In the beginning every single thing made was perfect until man committed sin in Genesis 3 My desire is to inspire all who are seeking to uncover the truth about creation to study those conservative teachings about life and how human beings arrived on earth There is absolutely no scientific evidence of any humans living on any of the other planets God announced early in Genesis that His focus was upon the heavens and the earth which is taught throughout the Bible He never mentions about man getting to another planet but He does desire that all humans go to heaven The provision for man to go to heaven is through the blood of Jesus since this is the Only Way
