

# HUMANITARIAN INTERVENTION

CRAFTING A WORKABLE  
DOCTRINE

Alton Frye, Project Director

**A COUNCIL POLICY INITIATIVE**

# Humanitarian Intervention Crafting A Workable Doctrine

**International Commission on  
Intervention and State  
Sovereignty, International  
Development Research Centre  
(Canada)**

## **Humanitarian Intervention Crafting A Workable Doctrine:**

**Humanitarian Intervention** Alton Frye, 2000 This Council Policy Initiative frames the issues raised by the Clinton Doctrine which advocates U S military intervention against large scale humanitarian abuses The introduction offers a hypothetical memorandum prepared by a national security adviser to the president setting forth relevant precedents and context Three perspectives on U S policy options follow written as speeches the U S president might make to the American people one humanitarian intervention can serve national interests two humanitarian interests alone do not justify military intervention and three strategic interest and moral imperative must be balanced **Between Ethics and Politics: Lessons**

**from Biafra** Tobe Nnamani, 2016-06-08 Although many years have elapsed since the demise of Biafra it still remains an intractable unfinished business that seriously threatens the corporate existence of Nigeria Most of the literature on Biafra tended to dwell more on the historical and political analysis of the war and how the factors that engendered it could be tackled It appears however that no ethical analysis of the issues involved in the Biafran war has been carried out in any significant academic endeavour hence the reason and need for a critical analytical survey of the ethical and political implications of the role of the world community in the unprecedented events that took place in Biafra The purpose of this book is first to understand the twist and turns of the events and issues involved in the Biafran crisis and the role the international community played in the war Second is to articulate the complex nature of humanitarian intervention and to stress the relevance of ethics its interpenetration and tandem relationship with international relations on a broader level and in particular humanitarian intervention as a foreign policy action The main claim of our argument is that ethics is part and parcel of international relations Divorcing ethics from international relations leads to amorality that threatens the world order In other words it is argued that ethical considerations should guide international affairs and the undertaking of humanitarian intervention Behind this basic thesis the book defends the idea of a global ethic Global ethic means an ethic which acknowledges respect for human life and the interconnectedness and interdependence of all human beings It is an ethic which transcends the circumscribed confines of national boundaries and economic and geopolitical interests and opens them up to the larger urgent need well being peaceful coexistence and sustainability of the larger world community Tobe Nnamani

**Humanitarian Crises and International Relations 1959-2013** Fabienne Le Houérou, 2014-03-12 Humanitarian Crises and International Relations 1959 2013 presents a brief study of the relations between sovereign nations from 1959 to the current Afghanistan crisis post NATO intervention Each chapter is going to analyze a specific crisis in a chronological order The chapters demonstrate how humanitarian crises linked to civil and military conflicts have reshaped international relations in our world today This book is a key tool for students undertaking courses related to the history of international relations as well as human rights and on international migrations The topics in this book are connected to different disciplines Anthropology History and Political Science and attempt to trace the most important change in the

history of international relations related to the world crisis viz civil or external conflicts      *The Responsibility to Protect*  
International Commission on Intervention and State Sovereignty, International Development Research Centre (Canada), 2001  
Responsibility to Protect Research bibliography background Supplementary volume to the Report of the International  
Commission on Intervention and State Sovereignty      **The Oxford Handbook of International Human Rights Law**  
Dinah Shelton, 2013-09 The Oxford Handbook of International Human Rights Law provides an authoritative and original  
overview of one of the key branches of international law Forty contributors comprehensively analyse the role of human rights  
in international law from a global perspective examining its origins and principles and measuring its impact on the world

**Thinking about Global Governance** Thomas G. Weiss, 2012-04-27 One of the more prolific and influential analysts of  
multilateral approaches to global problem solving over the last three decades is Thomas G Weiss Thinking about Global  
Governance Why People and Ideas Matter assembles key scholarly and policy writing This collection organizes his most  
recent work addressing the core issues of the United Nations global governance and humanitarian action The essays are  
placed in historical and intellectual context in a substantial new introduction which contains a healthy dose of the idealism  
and ethical orientation that invariably characterize his best work This volume gives the reader a comprehensive  
understanding of these key topics for a globalizing world and is an invaluable resource for students and scholars alike

**The Oxford Handbook on the United Nations** Thomas G. Weiss, Sam Daws, 2018-06-28 This Handbook provides in one  
volume an authoritative and independent treatment of the UN's seventy year history written by an international cast of more  
than 50 distinguished scholars analysts and practitioners It provides a clear and penetrating examination of the UN's  
development since 1945 and the challenges and opportunities now facing the organization It assesses the implications for the  
UN of rapid changes in the world from technological innovation to shifting foreign policy priorities and the UN's future place  
in a changing multilateral landscape Citations and additional readings contain a wealth of primary and secondary references  
to the history politics and law of the world organization This key reference also contains appendices of the UN Charter the  
Statute of the International Court of Justice and the Universal Declaration of Human Rights      **The Prevention and  
Intervention of Genocide** Samuel Totten, 2017-09-08 Over the last twenty years the world has witnessed four major  
genocides There was the genocide in Iraq 1988 in Rwanda 1994 in Srebrenica 1995 and in Darfur 2003 and continuing Most  
observers agree there is an urgent need to assess the international community's efforts to prevent genocide and to intervene  
once a genocide is under way in an effective and timely manner This volume the latest in a widely respected series on the  
subject of genocide provides an overview of a host of issues germane to this task The book begins with a cogent discussion of  
the issues of prevention and intervention during the Cold War years The second chapter discusses the abject failures and  
moderate though in some cases highly controversial successes at prevention and intervention carried out in the 1990s and  
early 2000s Further chapters examine latest efforts to develop an effective genocide early warning system and examine the

complexity of and barriers to prevention The pros and cons of sanctions and the problems of enforcement and evaluation their effectiveness are then discussed Conflicts between state sovereignty and the protection of threatened populations are examined both in historical context and by incorporating the latest thinking Later chapters treat the issue of intervention why and how it has met with only limited success Concentrating on Rwanda and Srebrenica chapter 8 discusses various peace operations that were abject failures and those that were moderately successful The concept of an anti genocide regime is examined in terms of progress in developing such a regime as well as what the international community must do in order to implement it Chapters discuss key issues related to post genocidal periods those that need to be addressed in order to establish stability in a wounded land and populace as well as to prevent future genocides The final chapter asks whether bringing perpetrators to justice has any impact in breaking impunity ensuring deterrence and bringing about reconciliation The contributors to the volume are all noted scholars some of whom specialize in the study of genocide and others who specialize in such areas as early warning peacekeeping and sanctions

**The UN Security Council** David Malone, 2004 The nature and scope of UN Security Council decisions significantly changed in the post Cold War era have enormous implications for the conduct of foreign policy The UN Security Council offers a comprehensive view of the council both internally and as a key player in world politics Focusing on the evolution of the council s treatment of key issues the authors discuss new concerns that must be accommodated in the decisionmaking process the challenges of enforcement and shifting personal and institutional factors Case studies complement the rich thematic chapters The book sheds much needed light on the central events and trends of the past decade and their critical importance for the future role of the council and the UN in the sphere of international security

Humanitarian Intervention and the United Nations Norrie MacQueen, 2011-03-24 Explores the UN s track record of military action from cold war brushfire peacekeeping to the fractured globalisation of the contemporary world MacQueen assesses armed humanitarian intervention on a region by region basis from the Balkans to Africa the Middle East to Southeast Asia Using empirical evidence he compiles a balance sheet of the UN s successes and failures and asks hard questions about humanitarian intervention s short and long term value Presents a concise analytical overview of the theoretical moral and practical issues Case study chapters on sub Saharan Africa the Balkans and East Timor Confronts hard questions about the short and long term value of these interventions

The Oxford Handbook of the Responsibility to Protect Alex Bellamy, Tim Dunne, 2016-06-23 The Responsibility to Protect R2P is intended to provide an effective framework for responding to crimes of genocide ethnic cleansing war crimes and crimes against humanity It is a response to the many conscious shocking cases where atrocities on the worst scale have occurred even during the post 1945 period when the United Nations was built to save us all from the scourge of genocide The R2P concept accords to sovereign states and international institutions a responsibility to assist peoples who are at risk or experiencing the worst atrocities R2P maintains that collective action should be taken by members of the United Nations to prevent or halt such gross violations of

basic human rights This Handbook containing contributions from leading theorists and practitioners including former foreign ministers and special advisors examines the progress that has been made in the last 10 years it also looks forward to likely developments in the next decade *Humanitarian Intervention: An Inquiry Into Law and Morality, 3rd Edition* Fernando Tesón, 2021-10-01 The Center Holds Nadia Mizner, 2017-07-12 The United Nations remains a unique institutional hope for addressing and resolving the world's major environmental developmental and humanitarian problems It represents global aspirations for a just and peaceful world by inspiring the political imagination of individuals and collectivities But because it is now viewed primarily as a trade union for expressing the national political interests of 192 state parties as Clements and Mizner's volume of essays demonstrate the UN has succumbed to political cynicism and skepticism Only the UN can champion emerging international regimes the rule of law and global processes that generate structural stability justice and peace in the international system Unlike some central security organs of the UN specialized UN agencies have addressed these problems With the exception of the wars in Afghanistan and Iraq the UN and its affiliates have played an important role in ending violent political conflict and in preventing further conflict According to the Human Security Report 2005 the 80 percent decline in deadly conflicts since the early 1990s can be explained by the extraordinary upsurge of activity by the international community which has been directed towards conflict prevention and peace making This work explores how the UN can establish global norms to reinforce a doctrine of internal and external political responsibility How can the UN ensure that the interests of the peoples of the world receive equal attention as the interests of state parties How does it deal with non sovereign actors not represented directly in the UN who may command power and resources that are more significant than those available to nation states How does it deal with state parties deemed ineffective incapable and illegitimate by their own citizens How can the organization enhance its role with regional organizations Finally how will the UN ensure a positive and proactive role with respect to diverse global Building Sustainable Peace Tom Keating, W. Andy Knight, 2012-07-02 As the world turns its attention to the reconstruction of Afghanistan and Iraq following recent conflicts in these countries the issue of post conflict peacebuilding takes centre stage This collection presents a timely and original overview of the field of peace studies and offers fresh analytical tools which promote a critical reconceptualization of peace and conflict while also making specific reference to peacebuilding strategies employed in recent international conflicts

**International Criminal Justice** Gideon Boas, Pascale Chifflet, 2017-04-28 This book explores crucial themes in international criminal justice It starts by answering the searching question what is international criminal justice The book then considers the role and impact of politics history psychology terrorism transitioning society and even the idea of hope and the relationship of these themes with how we understand international criminal justice While addressing some crucial legal questions International Criminal Justice goes further drawing on a range of multi disciplinary thinking **Recueil Des Cours/Collected Courses, Volume 285 (2000)** Academie de Droit International de la Haye, 2001-08-01 The Academy is an

institution for the study and teaching of public and private international law and related subjects Its purpose is to encourage a thorough and impartial examination of the problems arising from international relations in the field of law The courses deal with the theoretical and practical aspects of the subject including legislation and case law All courses at the Academy are in principle published in the language in which they were delivered in the Collected Courses of the Hague Academy of International Law This volume contains International Law and International Relations by A M SLAUGHTER Director Graduate and International Legal Studies Harvard Law School L Etat insulaire by L LUCCHINI Professeur a l Institut oceanographique de Paris To access the abstract texts for this volume please click here *Expanding Global Military Capacity for Humanitarian Intervention* Michael E. O'Hanlon, 2004-05-13 Humanitarian military intervention and muscular peace operations have been partially effective in recent years in saving thousands of lives from the Balkans to Haiti to Somalia to Cambodia to Mozambique However success has often been mitigated by the international community's unwillingness or inability to quickly send enough forces capable of dealing with a situation decisively In other cases the international community has essentially stood aside as massive but possibly preventable humanitarian tragedies took place for instance in Angola and Rwanda in the mid 1990s and in Congo as this book goes to press Sometimes these failures have simply been the result of an insufficient pool of available military and police forces to conduct the needed intervention or stabilization missions In this timely new book Michael O Hanlon presents a blueprint for developing sufficient global intervention capacity to save many more lives with force He contends at least for now that individual countries rather than the United Nations should develop the aggregate capacity to address several crises of varying scale and severity and that many more countries should share in the effort The United States role is twofold it must make slight redesigns to its own military and even more important encourage other nations to join it in this type of intervention including training and support of troops in countries such as those in Africa that are willing to take the necessary steps to prevent humanitarian disaster but lack the resources Reviewing the Responsibility to Protect Ramesh Thakur, 2018-12-07 This volume is a collection of some of the key essays by Ramesh Thakur on the origins implementation and future prospects of the Responsibility to Protect R2P norm The book offers a comprehensive yet accessible review of the origins evolution advances and shortcomings of the R2P principle A literature review is followed by an overview of the background meaning and development of R2P With a focus on the International Commission on Intervention and State Sovereignty ICISS Part I analyses the features of and explains the factors that make for success and failure of commission diplomacy Part II discusses the controversies surrounding efforts to implement R2P including the role and importance of emerging powers Part III describes the remaining protection gaps and explains why R2P will remain relevant because it is essentially demand driven Finally the book concludes with a look back at the origins of R2P and looks ahead to possible future directions This book will be essential for students of the Responsibility to Protect and of much interest to students of global governance human rights international law and international relations

*Genocide at the Millennium* Samuel Totten, 2017-12-02 *Genocide at the Millennium* is the fifth volume in the acclaimed series *Genocide: A Critical Bibliographical Review*. This latest volume's focus is both the genocidal activity that has taken place over the past fourteen years including that in Rwanda and the former Yugoslavia as well as a critique of the international community's response to genocide and potential genocidal situations including those of the United Nations and nongovernmental organizations. *Genocide at the Millennium* is divided into ten chapters. The opening chapter treats the Yugoslav genocide, discussing the causes of the conflict, the violence that ensued, the reaction of the international community, and the ramifications that are still being felt in that part of the world today. Chapter 2 provides a detailed and thought-provoking examination of the causes, results, and ramifications of the 1994 Rwandan genocide. Chapter 3 examines the conflict in Kosovo and the events surrounding the controversial intervention by NATO. Chapter 4 discusses the remarkable efforts and successes that various non-governmental agencies have had in addressing a wide variety of issues related to genocide. Chapter 5 examines the United Nations efforts to address the issue of genocide at the turn of the century. The role of individual states confronting issues and cases of genocide is analyzed in chapter 6. Chapter 7 gives a solid overview of the evolution of international law as it pertains to the crime of genocide and how and why major changes in such law have begun to take place in the 1990s and early 2000s. The international criminal tribunals for Rwanda and the former Yugoslavia are considered in chapters 8 and 9. The concluding chapter provides an extremely detailed and highly informative overview of key aspects of the International Criminal Court. In keeping with the multidisciplinary approach of previous volumes in the series, each of the essays is accompanied by annotated references.

**Confronting Evil** James Waller, 2016 This groundbreaking book from one of the foremost leaders in the field presents a fascinating continuum of research-informed strategies to prevent genocide from ever taking place, to avert further atrocities once mass murder occurs, and to prevent further turmoil once a society learns how to rebuild itself.

Getting the books **Humanitarian Intervention Crafting A Workable Doctrine** now is not type of inspiring means. You could not deserted going past ebook growth or library or borrowing from your links to read them. This is an definitely easy means to specifically acquire lead by on-line. ### **Humanitarian Intervention Crafting A Workable Doctrine Introduction**

In today's digital age, the availability of Humanitarian Intervention Crafting A Workable Doctrine books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Humanitarian Intervention Crafting A Workable Doctrine books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Humanitarian Intervention Crafting A Workable Doctrine books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Humanitarian Intervention Crafting A Workable Doctrine versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Humanitarian Intervention Crafting A Workable Doctrine books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Humanitarian Intervention Crafting A Workable Doctrine books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Humanitarian Intervention Crafting A Workable Doctrine

books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Humanitarian Intervention Crafting A Workable Doctrine books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Humanitarian Intervention Crafting A Workable Doctrine books and manuals for download and embark on your journey of knowledge?

### **FAQs About Humanitarian Intervention Crafting A Workable Doctrine Books**

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Humanitarian Intervention Crafting A Workable Doctrine is one of the best book in our library for free trial. We provide copy of Humanitarian Intervention Crafting A Workable Doctrine in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Humanitarian Intervention Crafting A Workable Doctrine. Where to download Humanitarian Intervention

Crafting A Workable Doctrine online for free? Are you looking for Humanitarian Intervention Crafting A Workable Doctrine PDF? This is definitely going to save you time and cash in something you should think about.
