

Inheritance

After R.S. Thomas

From my father a stammer
like a stick in the spokes of my speech.
A tired blink,
a need to have my bones
near the hill's bare stone.
An affection for the order of maps
and the chaos of bad weather.

From my mother
a sensitivity to the pain in the pleasure.
The eye's blue ore,
quiet moments beside a wet horse
drying in a rain-loud stable.
A joiner's lathe
turning fact into fable.

And from them both –
a desire for what they forged
in their shared lives;
testing it under the years' hard hammer,
red hot at its core,
cooled dark at its sides.

An Inheritance of Poetry Gladys L. Adshead, Annis Duff, 1948 A collection of English and American poetry for all moods and all ages **Inheritance** Kerry-Lee Powell, 2014-10-01 Powerful full of dark nostalgia Nathan Englander The Lifeboat All night in his lifeboat my father sang to keep the voices of the other men who cried in the wreckage from reaching him he sang what he knew of the requiem of the hit parade and the bits of hymns he sang until he would never sing again scalding his raw throat with sea water until his ribs heaved until the salt wept from his eyes on dry land flecked at his lips in his squalling rages streaked the sheets in his night sweats as night after night the reassembled ship scattered its parts on the shore of his bed and the lifeboat eased him out again to drown each night among singing men Inspired by a shipwreck endured by her father during the Second World War and by his struggle with post traumatic stress disorder and eventual suicide *Inheritance* is a powerful poetic debut by the winner of the 2013 Boston Review Fiction Contest and The Malahat Review Far Horizons Award *The School World* , 1905 **An Inheritance of Poetry, Collected and Arranged** Gladys L. realities depicted in bullet no 1 each poem offers a unique perspective on the human condition The collection also explores themes of love loss and the enduring impact of familial bonds making it a relatable and thought provoking read for anyone who has experienced the complexities of life and death Langston s work is a testament to the power of poetry to capture the essence of our times offering readers a chance to reflect on their own experiences and the world around them Whether you are drawn to the political undertones or the deeply personal narratives *Inheritance* promises to be a captivating and enriching literary journey *Inheritance* Taylor Johnson,2020-11-10 *Inheritance* is a black sensorium a chapel of color and sound that speaks to spaciousness surveillance identity desire and transcendence Influenced by everyday moments of Washington DC living the poems live outside of the outside and beyond the language of categorical difference inviting anyone listening to listen a bit closer *Inheritance* is about the self s struggle with definition and assumption *Inheritance* Joseph Fasano,2014 Poetry Joseph Fasano s stunning second collection of poems INHERITANCE offers us poem after poem of fierce beauty and visionary power work whose subtext is always the vigilance of a restless dialectic a kind of music that listens that longs to transfigure suffering without violating its factual heartbreak Bruce Bond *New Paradigm Shifts in Literature through Poetry's Transcendence of Boundaries* Yasser K. R. Aman,2025-03-05 This book proves that when science and literature especially poetry enact and interact with each other transdisciplinary fields are created and new knowledge building practices are produced The discussions of interconnections between poetry on the one hand and physics biology biochemistry and pharmacology on the other hand stress that common ground can be found among diverse disciplines and transdisciplinary solutions can be offered to wicked problems The relation between science and transdisciplinarity and other knowledge systems including arts and literature should be supported Novel thinking mixing and merging disciplines creating a third space and realizing new findings should relate academy to society Therefore researchers and transdisciplinary should focus on the power that can reshape the world transcending traditional academic confines Raising questions that can lead to deeply philosophical and scientific disputes develops solutions for wicked problems and creates an ongoing encounter on all solutions There should be a remapping of societal landscape so that transdisciplinarity yields fruitful results and leaves a formative impact on every aspect of life **A Companion to Victorian Poetry** Ciaran Cronin,2008-04-15 This Companion brings together specially commissioned essays by distinguished international scholars that reflect both the diversity of Victorian poetry and the variety of critical approaches that illuminate it Approaches Victorian poetry by way of genre production and cultural context rather than through individual poets or poems Demonstrates how a particular poet or poem emerges from a number of overlapping cultural contexts Explores the relationships between work by different poets Recalls attention to a considerable body of poetry that has fallen into neglect Essays are informed by recent developments in textual and cultural theory Considers Victorian women poets in every chapter **Inheritance of Light** Ray González,1996 *Inheritance of Light* is divided into five sections each containing poems set in a flowing sequence based on similar themes

and concerns Part One is introductory surreal poems about the art of poetry and the creative process an intense opening Part Two contains autobiographical poems about the family growing up and ancestors Part Three is the political section with a number of poems about war politics and global matters Part Four may have the most personal confessional yet universal poems about the poets reactions to the world around them Part Five contains poems about journeys reaffirmation renewal life and death which brings the whole book to an emotional closing
