Input And Interaction In Language Acquisition:

Input and Interaction in Language Acquisition Clare Gallaway, Brian J. Richards, 1994-04-14 Language addressed to children or Baby Talk became the subject of research interest thirty years ago Since then the linguistic environment of infants and toddlers has been widely studied Input and Interaction in Language Acquisition is an up to date statement of the facts and controversies surrounding Baby Talk its nature and likely effects With contributions from leading linguists and psychologists it explores language acquisition in different cultures and family contexts in typical and atypical learners and in second and foreign language learners It is designed as a sequel to the now famous Talking to Children edited by Catherine Snow and Charles Ferguson and Professor Snow here provides an introduction comparing issues of importance in the field today with the previous concerns of researchers Input, Interaction, and the Second Language Learner Susan M.

Gass, 2013-04-03 This volume provides a definitive view of the relationship between input interaction and second language acquisition In so doing it should prove useful to those whose major concern is with the acquisition of a second or foreign language as well as for those who are primarily interested in these issues from a pedagogical perspective The book does not explicate or advocate a particular teaching methodology but does attempt to lay out some of the underpinnings of what is involved in interaction what it is and what purpose it serves Research in second language acquisition is concerned with the knowledge that second language learners do and do not acquire and how that knowledge comes about This book ties these issues together from three perspectives input interaction framework information processing and learnability **Second**

Language Acquisition Susan M. Gass, Larry Selinker, 2001 This book is a thorough revision of the highly successful text first published in 1994 The authors retain the multidisciplinary approach that presents research from linguistics sociology psychology and education in a format designed for use in an introductory course for undergraduate or graduate students The research is updated throughout and there are new sections and chapters in this second edition as well New chapters cover child language acquisition first and second Universal Grammar and instructed language learning new sections address issues such as what data analysis doesn't show replication of research findings interlanguage transfer multilingual acquisition and transfer the aspect hypothesis general nativism connectionist approaches and implicit explicit knowledge Major updates include nonlanguage influences and the lexicon The workbook Second Language Learning Data Analysis Second Edition makes an ideal accompaniment to the text **Input in Second Language Acquisition** Susan M. Gass, Carolyn G.

Madden, 1985 **Learning a Second Language Through Interaction**, 1999-01-01 This text examines different perspectives on the role that interaction plays in second language acquisition In addition the effects of language aptitude on input processing are considered and the contribution that interaction makes to the acquisition of grammatical knowledge is discussed **The Role of Input and Interaction in Second Language Acquisition** Alison Mackey, Susan M Gass, 1998
