## **Inside Man:**

**Inside Man** Tracy Cooper-Posey, 2019-05-01 It's her job to protect Cain if she doesn't kill him herself. Agata Kelsey is an MIT Engineering Honors graduate, speaks six languages fluently, and is a CIA operative with no time for fools. As punishment for a job gone wrong, she is assigned to the Paris-based security detail guarding Cain Ishmael Warren, the wild uncontrollable son of former Vice President Warren. Cain Warren resents his security detail with every shred of his rotten irredeemable soul, especially the most recent addition, a lightweight piece of fluff with a mouth and an attitude. He ditches them at every opportunity except she's hard to shake off. When trouble arrives, Cain is shocked because it's nothing to do with him. An old enemy of Agata's puts them both in his sights, forcing Agata to run and take Cain with her on a chase across France and into the Alps wilderness, with the Kobra's venomous Gavriil Zima far too close behind them. This romantic thriller is the second book in the Project Kobra series: 1.0 Hunting The Kobra, 2.0 Inside Man, 3.0 Heart Strike, and more to come. \_\_\_\_ Praise for Inside Man: With some authors, you know that you are going to like whatever they may produce, and Tracy is one of them; she could make a shopping list interesting. Agata and Cain really steal the show. Fantastic story, especially when you like a kick-ass lady and dark bad boy persona guy. Brilliant read. Thanks for that, Tracy. Well done on book 100. The reader will feel the chill of crisp snow and harsh conditions of the mountains, even the bone-crushing exhaustion as Agata and Cain fight to survive. Plan to sit for a while. This is not a read-a-little-walk-away-for-a-while read; it's a sit-down-get-comfortable-and-don't-plan-to-move read. Tracy Cooper-Posey once again proves why she is a master at the Romantic Thriller genre. Tracy Cooper-Posey writes incredibly strong, intelligent female characters who shine in this series. This had to be one of my favorites of Tracy's numerous works. I haven't read all 100, but I'm getting close to it, and I have yet to be disappointed. You always learn new, interesting, and insightful things when you read Tracy's books; her research is amazing. What a whirlwind adventure. I never saw that coming, and now I'm stuck in another series. Awesome. **insideMAN** Dan Bell, Glen Poole, 2015-09-28 A year ago, award-winning journalist Dan Bell and leading expert on men's issues, Glen Poole, set up insideMAN, an online magazine dedicated to pioneering a new kind of conversation about men and boys. The magazine was inspired by the fact that in the many years both had spent thinking, writing, and talking about men's issues, the mainstream cultural conversation about gender had pretty much stuck to a single, simplistic, and inaccurate narrative: Women have problems. Men are problems. But the truth is far less black and white. From educational underachievement and fatherlessness to homelessness and suicide, there are many grave inequalities that hit men and boys hardest. Dan and Glen realised that if we're serious about improving the lives of men and boys, first we have to change the conversation we have about them. This book is a step in that direction. insideMAN combines powerful first-person stories from everyday men on the street with insightful writing from some of the highest-profile journalists currently addressing men's issues in the UK, including Martin Daubney of Telegraph Men and former editor of Loaded, Guardian regular Ally Fogg, Tim Samuels from BBC Men's Hour, Neil

Lyndon author of Sexual Impolitics and the seminal No More Sex War and the man who coined the term metrosexual himself the brilliant Mark Simpson The book encompasses everything from a poignant insight into a fathers experience of miscarriage to an irreverent celebration of male objectification as well as fascinating explorations of subjects most of us simply take for granted for example why do men wear trousers anyway The book also includes practical advice from leading advocates on the best ways to raise awareness of the issues faced by men and boys If you re interested in the issues and experiences that effect half of the population this book is for you

*Rumble and Crash* Milo Sweedler,2019-02-01 Analyzes six films as allegories of capitalism s precarious state in the early twenty first century At the beginning of the twenty first century as the contradictions of capitalism became more apparent than at any other time since the 1920s numerous films gave allegorical form to the crises of contemporary capitalism Some films were overtly political in nature while others refracted the vicissitudes of capital in stories that were not on the surface explicitly political *Rumble and Crash* examines six particularly rich and thought provoking films in this vein These films Milo Sweedler argues give narrative and audiovisual form to the increasingly pervasive sense that the economic system we have known and accepted as inevitable and ubiquitous is in fact riddled with self destructive flaws Analyzing four movies from before the global financial crisis of 2008 and two that allegorize the financial meltdown itself Sweedler explores how cinema responded to one of the defining crises of our time Films examined include Alfonso Cuar n s *Children of Men* 2006 Stephen Gaghan s *Syriana* 2005 Fernando Meirelles s *The Constant Gardener* 2005 Spike Lee s *Inside Man* 2006 Martin Scorsese s *The Wolf of Wall Street* 2013 and Woody Allen s *Blue Jasmine* 2013 Milo Sweedler has produced what are surely the most original provocative and downright dazzling readings of a handful of socially significant and potent films released during the tumultuous years from 2005 to 2013 This is a fine book David Desser former editor *Cinema Journal*      **The Golden Words**

Lewis,2017-07-28 Bernard Madoff s financial fraud was global an enormous amount of money was involved and thousands of people and hundreds of institutions were swindled Madoff s con game was a Ponzi scheme an investment that pays returns to early investors from money acquired from subsequent investors This case study of the Madoff scheme looks at the effects of his crimes on the victims Elements from a theoretical framework put forward by Erving Goffman provide a perspective for understanding the development and the aftermath of Madoff s con For example as Goffman would have put it Madoff s marks were not cooled out Many did not accept the fact that they were victims of a con game and publicly clamored for sympathy restitution and for public officials to share their perspective Inside men ropers outside men and victims are at the core of con games Lionel S Lewis emphasizes that it is important to understand a con game s characteristics so as to grasp how it operates The Madoff fraud includes elements of a variety of con games For a comprehensive study of this economic crime the case study must be seen as part of the broader social system Considerably more is known about the dynamics of con games than about Ponzi schemes and this fact frames this book s approach To

Whitney,2006-03-21 Besides his illustrious name the Union general Jefferson Columbus Davis is best known for two appalling actions the September 1862 murder of General William Bull Nelson his former commanding officer and the

abandonment of hundreds of African American refugees to the mercy of Confederate cavalry at Ebenezer Creek during Sherman's march through Georgia in 1864. Historians have generally dismissed Davis (1828-1879) as a reckless assassin, a racist, a journeyman soldier at best, and an embarrassment to the Lincoln war effort. But Nathaniel Cheairs Hughes Jr. and Gordon D. Whitney shatter the collective memory of Jefferson Davis as a grim destructive child of war and replace it with a more rounded portrait of a complex military leader. They bring order to the muddle of contradictions that was Davis's life and offer an impartial profile of the soldier and the man who must be remembered for his splendid contributions as well as his startling failures.
