Social Stratification in Contemporary China Li Qiang, 2016-03-31 Social Stratification in Contemporary China raises and debates major sociological issues of modern and present day China from a historical perspective Such topics as equality and

inequality and acceptability of defined inequality have been dealt with in a broad historical context since 1949 when the People's Republic was founded. The work is widely accepted as one of the most important studies trying to clarify the difficult perceptions of policy of reform and opening up that was formulated and implemented in the early 1980s in China. Professor Li Qiang is one of the leading sociologists in China.

**Principles of Microeconomics, 22e** Ahuja H.L., 2022. The book makes a comprehensive and analytical study of theories of demand, production cost and determination of price and output of products in different market structures. It also discusses theory of factor pricing and income distribution as wages, rent, interest and profits. Above all, it critically analyses the conditions of economic efficiency and maximum social welfare and causes of market failures. It takes a further lead with this revision by aligning its contents with the prescribed UGC model curriculum and new Choice Based Credit System (CBCS) syllabus.
