## **Economies In Transition Comparing Asia And Europe:**

*Economies in Transition* Wing Thye Woo, Stephen Parker, Jeffrey Sachs, 1997 In 1994 the Asia Foundation's Center for Asian Pacific Affairs began a two year project to compare the transitions of selected East European and Asian economies from centrally planned communist systems to market economies The goal was to shed light on the transition process through an understanding of the underlying economic and institutional dynamics This volume is the culmination of that project The volume is divided into three parts In the first part an overview the editors review the authors findings and highlight major themes The second part looks closely at the transition process in seven Asian and East European economies China Vietnam Mongolia Russia Poland Hungary and the Czech Republic The third part contains six comparative studies that explore key elements of the transition process The papers incorporate feedback obtained from meetings with cabinet members and high government officials conferences and seminars in Prague Ho Chi Minh City Hanoi Beijing Ulan Bator and Washington D C Contributors Leszek Balcerowicz Barbara Blaszczyk Peter Boone Yuan Zheng Cao Bruce Comer Marek Dabrowski Georges de Menil Daniel C Esty Gang Fan Boris Federov Roman Frydman Carol Graham Stephen Parker Andrzej Rapaczynski James Riedel Jeffrey D Sachs Baavaa Tarvaa Vinod Thomas Gavin Tritt Adiya Tsend Enkhbold Tsendjav Joel Turkewitz Narantsetseg Unenburen Yan Wang Wing Thye Woo *Integration and Transition in Europe* Grzegorz Gorzelak, Gunther Maier, George Petrakos, 2013-01-11 International line up of contributors Tackles the big issues facing Europe eg north south and east west divides Chapters incorporate specific case studies with broader European analysis International Development and the Washington Consensus John Marangos, 2020-07-16 In this book John Marangos offers an insightful analytical and theoretical review of the Washington Consensus and its successors among the mainstream Following an intuitive structure it explores international development and the Washington Consensus as a critique through the lenses of Neoclassical economics Post Keynesian economics Institutional economics and Marxist economics Ultimately it provides a compelling alternative perspective to the dominant development paradigm and enables readers to identify the interconnections interrelationships and intercontradictions between different frameworks and policies It will be a valuable supplementary reading for students researchers and policymakers in international development development economics heterodox economics and the history of economic thought *Consistency and Viability of Islamic Economic Systems and the Transition Process* J. Marangos, 2013-08-27 Consistency and Viability of Islamic Economics Systems and the Transition Process outlines the transition problem for non market economies and creates an analytic framework for understanding the cause and effect of these economies Comparative Economics in a Transforming World Economy John Barkley Rosser, 2004 The second edition of an innovative undergraduate textbook in Comparative Economic Systems that goes beyond the traditional dichotomies *Political Developments in Contemporary Russia* Ian Jeffries, 2011-03-07 This book provides a comprehensive overview of political developments in Russia since late 2000 following on from where the author's previous publication The

New Russia left off It covers all aspects of politics including the following the highly centralized nature of power in Russia central government and presidential elections regional government and developments in the republics including unrest in Chechnya and the other Caucasian republics and human rights Taking a chronological approach it shows how politics overall has changed over the period including how the relationship between Prime Minister formerly President Vladimir Putin and President Dmitri Medvedev has worked out The book continues and adds to the overview of developments in the author s The New Russia 2002 and is the companion volume to Economic Developments in Contemporary Russia 2011 both published by Routledge *China in the Global Economy Reforming China's Enterprises* OECD,2000-09-05 This volume describes the main reforms that are being undertaken in China s enterprises the progress that is being made the problems that are being encountered and the challenges that remain to be overcome

**Consistency and Viability of Capitalist Economic Systems** J. Marangos,2013-05-08 Consistency and Viability of Capitalist Economic Systems develops an original analytical framework to understand the relationship between the economic political and ideological structures the external environment and the process of reform that give rise to certain economic systems by establishing consistency **Radical Economics and Labour** Frederic Lee,Jon Bekken,2009-01-06 To celebrate the centenary of the most radical union in North America The Industrial Workers of the World this collection examines radical economics and the labor movement in the 20th Century The union advocates direct action to raise wages and increase job control and it envisions the eventual abolition of capitalism and the wage system through the general strike The contributors to this volume speak both to economists and to those in the labor movement and point to fruitful ways in which these radical heterodox traditions have engaged and continue to engage each other and with the labor movement In view of the current crisis of organized labor and the beleaguered state of the working class phenomena which are global in scope the book is both timely and important Representing a significant contribution to the non mainstream literature on labor economics the book reactivates a marginalized analytical tradition which can shed a great deal of light on the origins and evolution of the difficulties confronting workers throughout the world This volume will be of most interest to students and scholars of heterodox economics those involved with or researching The Industrial Workers of the World as well as anyone interested in the more radical side of unions anarchism and labor organizations in an economic context *Agrarian Reform in Russia* Carol S. Leonard,2010-12-06 This book examines the history of reforms and major state interventions affecting Russian agriculture the abolition of serfdom in 1861 the Stolypin reforms the NEP the Collectivization Khrushchev reforms and finally farm enterprise privatization in the early 1990s It shows a pattern emerging from a political imperative in imperial Soviet and post Soviet regimes and it describes how these reforms were justified in the name of the national interest during severe crises rapid inflation military defeat mass strikes rural unrest and or political turmoil It looks at the consequences of adversity in the economic environment for rural behavior after reform and at long run trends It has chapters on property rights rural

organization and technological change It provides a new database for measuring agricultural productivity from 1861 to 1913 and updates these estimates to the present This book is a study of the policies aimed at reorganizing rural production and their effectiveness in transforming institutions Intellectual Property Rights in China Gordon C.K Cheung,2009-03-12 Intellectual Property Rights IPR infringement is so rampant in China that counterfeit goods from general household merchandise garments and media consumables to specialist products including pharmaceutical products and super computer chips can be found in roadside stalls markets shops department stores and even laboratory of leading universities If allowed to continue these infringements may further engender a socially accepted culture of fakeness that may seriously hamper innovation and economic progress Gordon C K Cheung uses the case of intellectual property rights IPR to examine how and to what extent market forces and knowledge development affect the relationships of China and the world especially the United States Including detailed original statistics and data collected from Chinese provinces and cities and in depth interviews with legal experts and policy makers this book gives a unique insight into the opportunities and challenges that China faces as it increasingly becomes part of the global society Intellectual Property Rights in China is a stimulating read for anyone studying Chinese Business and International Political Economy North Korea Ian Jeffries,2013-06-17 There is much intense interest in North Korea at present This partly arises from questions about Korea s nuclear capability and intentions and about the extent to which North Korea may be viewed as a rogue state or part of the axis of evil In addition however North Korea has recently begun experimenting with reforms along Chinese lines The vigour with which these will be pursued and related questions about the degree of engagement or otherwise with South Korea are also important issues This book provides full details of economic and political developments in North Korea since 1989 when the communist world began to change irrevocably **Consistency and Viability of Socialist Economic Systems** J. Marangos,2013-07-03 Economic systems and the reforms processes examined in Consistency and Viability of Socialist Economics Systems are the centrally administered socialist economics system of the Soviet Union the Liberman Kosygin reforms the Gorbachev reforms and market socialism of Yugoslavia **Alternative Political Economy Models of Transition** John Marangos,2017-07-05 The collapse of centrally administered socialism in Russia and Eastern Europe resulted in what is commonly referred to as the transition problem the transformation from a centrally administered socialist economic system to one that is market based Economic science has been faced with the challenge of developing an appropriate body of analysis advice and direction to help other nations that may be undergoing this process In this volume John Marangos adopts a political economy approach that yields alternative models of transition The volume develops transition models from what Marangos defines as the primary elements of six variables 1 economic analysis 2 definitions of the Good Society 3 speed of transition 4 political structure 5 ideological structure and 6 initial conditions The models developed include the shock therapy model the neoclassical gradualist model of transition the post Keynesian model the pluralistic market the socialist model and the non

pluralistic market socialist model After identifying the primary elements of each transition model Marangos considers the elements of each model with respect to the desirable reforms An essential element of the transition process is not only to identify the necessary reforms but also a sequence in which the reforms should be introduced For each transition model developed in this book a set of primary and secondary elements were provided in conjunction with a sequence of reforms Analyzing the transition problem from a political economy perspective Marangos shows that it is possible to have inconsistencies within each transition model and between transition models yet be able to identify the potential for implementation and maintenance of necessary reforms each model recommends This volume contributes to the understanding of the process of transition with the objective of identifying an optimal model of transition **Public Debt**

**Sustainability in Developing Asia** Benno Ferrarini,Arief Ramayandi,Raghbendra Jha,2012-11-12 Addressing the Global Financial Crisis required fiscal intervention on a substantial scale by governments around the world The consequent build up of public debt in particular its sustainability have moved centre stage in the policy debate If the Asia Pacific region is to continue to serve as an engine for global growth its public debt must be sustainable The book addresses this issue for Asia Pacific as a whole as well as for three of the most dynamic economies in the region China India and Vietnam The book begins with a discussion of the reasons why there is increased attention on debt related issues and outline the contents of the volume The book also includes fiscal indicators for Developing Member Countries DMCs as categorized by the Asian Development Bank ADB Debt sustainability for these countries is assessed through extant approaches and with the most updated data sources It also surveys the extant literature on debt sustainability outlining the main issues related to debt sustainability and discusses the key implications for the application of debt sustainability analysis in developing Asia The book highlights the importance of doing individual country studies in view of wide variations in definitions of public expenditure revenues contingent liabilities government structures e g federal and the like as well as in the impact of debt on interest rates It provides in depth debt sustainability analyses of China India and Vietnam The book is a comprehensive analytical and empirical update of the sustainability public debt in developing Asia It breaks new ground in that various characteristics of the sustainability that have not yet been explored in the literature which nevertheless are crucial to understanding it As a consequence the policy analysis is based on firmer footings than in the extant literature and should prove useful to graduate students researchers as well as policymakers **Shaping Policy Reform and Peer Review in**

**Southeast Asia Integrating Economies Amid Diversity** OECD,2008-08-25 This publication examines the possible application of peer reviews to address regional and domestic challenges in Southeast Asia **Hidden Champions in CEE and Turkey** Peter McKiernan,Danica Purg,2013-12-11 This book presents hidden champions in Central and Eastern Europe CEE and Turkey that have been studied as a joint project between CEEMAN and IEDC Bled School of Management Slovenia This is an outcome of extensive research undertaken by over 30 researchers and covers 15 countries from Russia to Albania covering

many contexts political systems cultures and infrastructures The reader is provided with a detailed introduction to the concept of hidden champions and describes the cases studied in this project This book is an invaluable resource providing a culmination of interdisciplinary cross study chapters ranging from leadership to performance drivers from organization to culture and governance from innovativeness to sustainability and further to the financial aspects of hidden champions business models These meta level chapters are followed by 15 country specific chapters which provide an overview of each country s history economic indicators and vignettes of the cases involved in this study

**Policy Reform and the Development of Democracy in Eastern Europe** Chris Hasselmann,2017-11-30 Integrating the international pressures emanating from the Washington Consensus with an analysis of domestic interest representation this book explores the political consequences of privatization and the progress of democracy in Eastern Europe Chris Hasselmann investigates whether the issue of pension reform offers a natural controlled experiment with which to explore both issues throughout the region and the former Soviet Union The volume will prove of value to those with an interest in public policy and governance issues the politics of Eastern Europe and political theory more generally

The New Russia Ian Jeffries,2013-12-19 The rapid changes in Russia since the collapse of the Soviet Union are often bewildering with many frequent highly significant changes in the different sectors of the economy and the political system There have been frequent changes of personnel in government and economic management and many changes have been reversed and sometimes forgotten or at other times reinstated What happened when Who was responsible for what Did such a change in one sector precede or follow a particular change elsewhere These are points not easily remembered This book provides full details of the many changes and enables sense to be made of what would otherwise be a confusing situation Developments are arranged chronologically by sector and the book is unusual in extensively chronicling both economic and political developments and the crucial connections between them There is a generous introduction and overview to help the reader find his or her way around The material covers the period up to late autumn 2000 and thus offers a valuable guide to policies in the Putin era

**International Law in East Asia** Zou Keyuan,2017-07-05 As the world s political and economic landscape changes in response to the rise of Asian countries such as China so Asian influences on the global legal order will become more pronounced Many countries in the region such as Japan and South Korea influence the development of international law in various ways either individually or collectively through multinational organisations such as ASEAN This collection of published work by leading East Asian scholars covers Asian perspectives concerning various issues in international law ranging from general perspectives to particular themes such as international economic law international human rights law international ocean law international criminal law international security law and international dispute settlement For the first time it provides a comprehensive picture of how and why East Asian countries participate in international law making as well as comply with international law in their state practices In so doing the editors attempt to address the question whether the

rising powers in East Asia will change the existing international legal order in future
