Economic Development in Retrospect Rodgers,1974 Economic Development in Retrospect Allan L. Rodgers,1979
Economic Development and Planning in Retrospect S. K. Awasthi,1983 *Singapore's Economic Development: Retrospection And Reflections* Linda Y C Lim,2015-12-30 Singapore is known internationally for its successful economic development Key to its economic successes is a variety of policies put into place over the past 50 years since its independence Singapore s Economic Development Retrospection and Reflections provides a retrospective analysis of independent Singapore s economic development from the perspective of different policy domains each considered by different expert scholars in that particular field The book is written by academic economists in a style that is accessible to non experts Each chapter includes reviews of past scholarship current data on each policy area and reflections on required or desirable future policy changes and outcomes By examining the evolution of past and current policies which combined to make Singapore s development a success and exploring emerging developmental challenges Singapore s Economic Development Retrospection and Reflections gives readers a better understanding of Singapore s economic trajectory and future Social Aspects of Economic Development Planning in Asia United Nations. Economic Commission for Asia and the Far East. Social Development Division,1971 *Innovation and Economic Development* Richard Nelson,1979 **Max Weber** Peter Lassman,2017-05-15 This volume contains key writings mainly recent that define the current debate concerning our understanding of the nature of Max Weber s social and political thought Topics covered include the interpretation of his central concepts problems of method meaning and value liberalism nationalism and democracy and the fate of politics in a disenchanted world Supplemented by a detailed and thoughtful introduction this collection will be essential for libraries in social sciences and all scholars and students of Weber Underserved Ja'Ron Smith,Chris Pilkerton,2023-09-05 This book provides a roadmap for modern day conservatives to advance President Lincoln s vision to help underserved communities across our country Underserved is a tangible blueprint for today s conservative who understands the need for a new and viable political plan of action one that addresses the needs of the underserved communities that make up these United States of America Utilizing the concept of the Party of Lincoln and the conservative principles set forth over centuries by the movement s most recognized thought leaders Underserved examines President Lincoln s intentions for Reconstruction President Grant s aims to implement that vision and Frederick Douglass s influence on both men in the process Underserved brings home the very real impact of a failed plan that has had negative implications on modern America whether conservative moderate or liberal With this historical plan as the linchpin for creating a framework that services disenfranchised communities authors Ja Ron K Smith and Chris Pilkerton challenge conservative policy makers to employ strategies that mirror those originally presented over 160 years ago while making necessary concessions for its modern audience all of which are tied not only to the vision of these American icons but does so in the context of traditional

conservative thinkers who laid the groundwork for the modern day Republican Party From education and workforce development to criminal justice reform and healthcare disparities Underserved makes a bold statement about what is necessary to see a change in the current state of affairs and presents a realistic action plan to make it happen Underserved identifies the foundational role of key institutions in implementing this proposed plan and ties in the economic and social components necessary for the plan to be met with success while stressing the critical components of Intentionality Trust Collaboration Outcomes and Use of Data This approach makes Underserved a vital read for politicians on both sides of the aisle as much as it is for everyday voters agents of change and all those ready to see a plan that will produce results

Chu-yuan Cheng,2014-09-26 China s Economic Development 1950 2014 Fundamental Changes and Long Term Prospects is a comprehensive and up to date analysis of Chinese economic development from 1950 2014 focusing on current world wide attention to the economic reform Chu yuan Cheng covers a wide range of topics including the cultural effects and ideological influences on China s economic development the process of China s transition from a planned to a market economy leadership changes and the root of the Cultural Revolution the machine building industry and scientific and engineering manpower in China China s new development plans in the twenty first century and the process and consequence of the Quiet Revolution the international economic relations including the U S China Sino Japanese economic relations and access to WTO economic relations across the Taiwan Strait and the formation of the Greater China Economic Sphere and the long term development prospect of the Chinese economy in the twenty first century and beyond **The October Revolution in**

Prospect and Retrospect John Marot,2012-06-08 In a series of probing analytical essays John Marot tracks the development of Bolshevism through the prism of pre 1917 intra Russian Social Democratic controversies in politics and philosophy For 1917 the author presents a critique of social historical interpretation of the Russian Revolution Turning to NEP Russia the author applies Robert Brenner s analysis of pre capitalist modes of production and concludes that neither Bukharin nor Trotsky s NEP premised programs of economic transformation and advance toward socialism were feasible At the same time he rejects the view that Stalinism was pre destined to supplant NEP Instead he hypothesises that the superior alternative to Stalinism was NEP without collectivization and the Five Year Plans a outcome that would have been possible had Bukharin and Trotsky joined forces to stop Stalin **The 20th Century: A Retrospective** Choi Chatterjee,2018-10-08

Development Shrinivas Y. Thakur,1982 **Daley: A Retrospective** Chicago Tribune Staff,2012-12-18 From the second half of the twentieth century through today no family has defined Chicago in the public s eye more than the Daleys Between Richard J Daley and his son Richard M Daley a member of this prominent Bridgeport family served as the city s mayor for 43

out of a total 57 years from 1955 2011 When Richard M Daley also known as Richie made a surprise announcement in 2011 that he would not seek re election he had surpassed his father s record tenure of 21 years in office Daley A Retrospective explores the fascinating storied career of Richard M Daley the longest serving and arguably most important mayor in the city s own long storied history From Richie s childhood in his father s shadow to his infamous teenaged run in with the law this book begins with the earliest years in the life of Richard J Daley s eldest son It follows the rise of Daley s political career as a state senator and as the state s attorney through his 1989 election as mayor The bulk of Daley A Retrospective focuses on Daley s lengthy imperial reign over Chicago politics in which he developed his own unique and powerful personality Transitioning from a perceived simulacrum of his father into one of the most dominant idiosyncratic and quotable individuals in American politics Daley made his name by making bold moves waging hard fought battles and forging commanding if not celebrated consensus between the multitudes of citywide officials and organizations Comprised of 60 years of Chicago Tribune reporting this story is unique to Chicago and told by none better than the reporters editors and notable commentators who covered Daley s entire career Touching on race relations education gang violence crime environmentalism gay marriage local sports and the murky world of Chicago politics Daley A Retrospective is a captivating read It is the most up to date and comprehensive exploration of Mayor Richard M Daley s legacy and it will serve as a significant resource as Daley continues to be reexamined and reevaluated for years to come **No Miracle** Mitchell Wigdor,2016-05-23 No Miracle examines the role of institutions in bridging the digital divide between rich and poor nations and what that means for the country s integration into a global economy Shifting the debate from whether institutions are important to economic development to which institutions are important and how to build them Mitchell Wigdor expertly addresses fundamental shortcomings in the existing development literature by identifying specific institutions that mediate the relationship between Information and Communications Technology ICT and economic growth In doing so he challenges those concerned with development to shift their gaze from whether institutions are important to economic development to which institutions might be the focus of government efforts and how to build them Detailed case studies of the economic development strategies of Singapore and Malaysia from 1960 demonstrate that institution building and economic development may be as much about process as the specific policies governments pursue Written in accessible non technical language this book should be read by everyone concerned with economic growth both in less economically developed countries and the more prosperous including those in government international organizations NGOs universities policy makers and the private sector Retrospective June Yap,2017-08-15 Developed as an exploratory study of artworks by artists of Singapore and Malaysia Retrospective attempts to account for contemporary artworks that engage with history These are artworks that reference past events or narratives of the nation and its art Through the examination of a selection of artworks produced between 1990 and 2012 Retrospective is both an attribution and an analysis of a historiographical

aesthetic within contemporary art practice It considers that by their method and in their assembly these artworks perform more than a representation of a historical past Instead they confront history and its production laying bare the nature and designs of the historical project via their aesthetic project Positing an interdisciplinary approach as necessary for understanding the historiographical as aesthetic Retrospective considers not only historical and aesthetic perspectives but also the philosophical by way of ontology in order to broaden its exposition beyond the convention of historical and contextual interpretation of art Yet in associating these artworks with a historiographical aesthetic this exposition may be regarded as a historiographical exercise in itself affirming the significance of these artworks for the history of Singapore and Malaysia In short which history rarely is Retrospective is about the art of historicisation and the historicisation of art *A Retrospective on the Bretton Woods System* Michael D. Bordo, Barry Eichengreen, 2007-12-01 At the close of the Second World War when industrialized nations faced serious trade and financial imbalances delegates from forty four countries met in Bretton Woods New Hampshire in order to reconstruct the international monetary system In this volume three generations of scholars and policy makers some of whom participated in the 1944 conference consider how the Bretton Woods System contributed to unprecedented economic stability and rapid growth for 25 years and discuss the problems that plagued the system and led to its eventual collapse in 1971 The contributors explore adjustment liquidity and transmission under the System the way it affected developing countries and the role of the International Monetary Fund in maintaining a stable rate The authors examine the reasons for the System s success and eventual collapse compare it to subsequent monetary regimes such as the European Monetary System and address the possibility of a new fixed exchange rate for today s world *The Political Economy of Social Control in Singapore* C. Tremewan, 2016-07-27 The thesis presented here will not only change the way in which we understand contemporary Singaporean society and the relationship between the state and its citizens but will also provoke a debate about the social costs of economic development in other parts of the world and the future security of the island republic increasingly a Chinese enclave in a Malay sea in the twenty first century Peter Carey Trinity College Oxford This study examines the development of Singapore s complex system of social regulation in relation to the phases of its economic strategy and political transition It focuses on the way social control works through public housing and welfare education parliamentary politics and the law It draws out the implications of such comprehensive control for political conflict Popular explanations for Singapore s success and its status as a model for other developing countries are brought into question *Rural Development* Katar Singh, 2009-01-06 This title addresses the basic concepts elements dogmas paradigms determinants policy instruments strategies policies and programmes and management of rural development The book emphasizes in particular the pivotal role of human resources as both a means and an end of development *A Retrospective on the Classical Gold Standard, 1821-1931* Michael D. Bordo, Anna J. Schwartz, 2009-02-15 This is a timely review of the gold standard covering the 110 years of its operation until 1931 when Britain abandoned it in the midst of the Depression Current

dissatisfaction with floating rates of exchange has spurred interest in a return to a commodity standard. The studies in this volume were designed to gain a better understanding of the historical gold standard but they also throw light on the question of whether restoring it today could help cure inflation, high interest rates, and low productivity growth. The volume includes a review of the literature on the classical gold standard, studies the experience with gold in England, Germany, Italy, Sweden, and Canada, and perspectives on international linkages and the stability of price level trends under the gold standard. The articles and commentaries reflect strong conflicting views among the participants on issues of central bank behavior, purchasing power, an interest rate parity independent monetary policy, economic growth, the Atlantic economy, and trends in commodity prices and long term interest rates. This is a thoughtful and provocative book.
