## **Ecumenical Future:**

Ecumenical Future Braaten, Robert W. Jenson, 2004-01-15 Last year a group of sixteen theologians from various church traditions published *In One Body* through the Cross a landmark statement on the present state and future possibilities of modern ecumenism In order to help readers understand the true depth of this document also known as The Princeton Proposal The *Ecumenical Future* makes available the scholarly studies that stand behind it According to the editors of this timely and provocative volume the perception is widespread that the ecumenical train is stalling or has even run off the tracks In spite of significant gains in understanding between Catholics Orthodox and various Protestant denominations the church's present divisions are nothing less than a scandal Seen in the light of Jesus' prayer in John 17 that all may be one ecumenism is neither an option nor a social or political football The fourteen essays in this book represent a focused examination of the issues that still divide and of the common ground still to be discovered

**Hope in the Ecumenical Future** Mark D. Chapman, 2017-09-20 This book offers fresh insights into the contemporary state of Ecumenism Following the election of Pope Francis there has been a significant thaw in ecumenical relations and there are grounds for thinking that this will continue into the future The twelve chapters written both by experienced ecumenical theologians as well as younger scholars that have been gathered together in this collection offer one of the first detailed assessments of the impact of Francis' papacy on ecumenical dialogue Drawing on ecumenical methodology as well as many practical examples and illustrations the authors discuss the developments in culture and missiology as these affect the practice of ecumenism particularly in response to theologies of hope as well as inter religious dialogue and pluralism What emerges is a clear sense of hope for the future in a rapidly changing world and even a sense of optimism that real ecumenical progress might be made

**Moving into the Ecumenical Future** John W. Crossin, 2022-11-11 *Moving into the Ecumenical Future* identifies some necessary foundations of any paradigm for Ecumenical Ethics It emphasizes the guidance of the Holy Spirit the teaching and example of Jesus biblical foundations and pastoral relationships in developing paradigms for Ecumenical Ethics The book suggests that virtue ethics is an important paradigm that includes these elements The text explores how the Faith and Order Tool Receptive Ecumenism Differentiated Consensus Internal Polarities and Spiritual Discernment can be used to move toward moral consensus The author calls for a national or international task force to explore these foundations in greater depth

*Reading Guide to Moving into the Ecumenical Future* Loyes Spayd, 2025-07-11 The goal of this guide is to assist Catholic parishioners priests students seminarians members of ecumenical groups and any interested Christians with some of the history of ecumenicism and the progress accomplished over the last two centuries Most importantly though is not only to read Fr Crossin's book *Moving into the Ecumenical Future* but also to gather with other Christians to learn pray grow spiritually and listen to the Holy Spirit Fr John strongly recommends the latter and to discern how best to move forward to make Fr John's dream of Christian unity a reality No doubt this is a huge daunting task but great and often difficult events

happen when a community listens to and cooperates with the wisdom and grace of the Holy Spirit This guide and the book can be used in parish book clubs discussion clubs adult faith formation or prayer groups It can also be used as a course in the curriculum of Catholic high schools Catholic colleges and universities seminaries and divinity schools ecumenical groups diocesan groups professional ecumenists and for any community interested in the pursuit of Christian unity

**Generous Orthodoxies** Paul Silas Peterson, 2020-04-30 After the birth of the Protestant ecumenical movement in the late nineteenth and early twentieth centuries and following the first great wave of universal Christian ecumenism in the 1960s and 1970s after the Second Vatican Council prominent theologians of nearly every ecclesial tradition charted new territory in the last decades of the twentieth century They crossed boundaries within their own ecclesial traditions and built bridges to other Christian churches churches that were once excluded from fellowship In the development of these new programs of ecumenical theology the theologians redefined their own confessional identities and in many cases crossed the liberal conservative divide within their own traditions This volume introduces this fascinating dynamic of theological mediation redefinition and generosity It shows how the ecumenical impulses which were directed outwardly to other traditions had reflexive effects inwardly Working in the realms of both historical and systematic theology the essays in this volume provide a critical analysis of the history of this general theological sentiment and offer an outlook for its future Contributors Brian D McLaren Foreword Paul Silas Peterson Introduction Part One Ecumenical reform theologies Andrew Meszaros Yves Congar The Birth of Catholic Ecumenism Matthew L Becker Edmund Schlink Ecumenical Theology Dorothea Sattler Otto Hermann Pesch Ecumenical Scholasticism Ronald T Michener George Lindbeck Ecumenical Unity through Ecclesial Particularity Nikolaos Asproulis John D Zizioulas A Pioneer of Ecumenical Dialogue and Christian Unity Part Two Overcoming liberal conservative polarities Ben Fulford Hans Frei Beyond Liberal and Conservative Friederike Nussel Wolfhart Pannenberg Liberal Orthodoxy Jay T Smith Stanley J Grenz The Evangelical Turn to Postliberal Theological Method Part Three Boundary crossings in philosophical systematic and ethical theology William E Myatt David Tracy Difference Unity and the Analogical Imagination Christophe Chalamet Robert Jenson God's Way and the Ways of the Church Victoria Lorrimer Stanley Hauerwas Witnessing Communities of Character Christine M Helmer Marilyn McCord Adams Philosophy Theology and Prayer Part Four Ecumenical theology today Wolfgang Vondray Pentecostalism and Christian Orthodoxy Revision Revival and Renewal Johanna Rahner Shifting Paradigms Future Ecumenical Challenges Michael Amaladoss Theology today in India Ecumenical or interreligious Bernd Oberdorfer Next Steps and Visions Lutheran Perspectives on Doctrinal Ecumenism

**Ecumenism Means You, Too** Steven R. Harmon, 2010-03-15 By all accounts the modern ecumenical movement is not moving much these days Despite dramatic breakthroughs in the past few decades the quest for a visibly united church in which there is common confession of the apostolic faith full Eucharistic communion and mutual recognition of members and ministers now meets with indifference by many impatience by some and outright hostility by others In part this is because the movement has not

given enough attention to grassroots ecumenical engagement This book is written to convince ordinary Christians especially young Christian adults that they too have a stake in the future of the ecumenical movement as its most indispensable participants Ecumenism Means You Too draws on the music of Irish rock band U2 to cast artistic light on various aspects of the quest for Christian unity Whether one is a U2 fan or not and whether one thinks the ecumenical movement is a good thing or a bad thing for the church everyone who reads this book will learn something about the Christian theological framework apart from which neither the modern ecumenical movement nor the meaning of U2 s music can be understood The book includes an annotated bibliography of resources for ecumenical engagement and a glossary of key ecumenical terms for readers who want to learn more about the Christian practice of seeking the unity of the church     **Toward a**

**Common Future** William G. Rusch,2019-05-20 This book provides a specific proposal for churches divided by centuries long disputes and disagreements to move toward a vision of the unity of the church It seeks to offer a way for divided churches to move beyond the present quagmire that challenges much of the modern ecumenical movement Building upon the theological dialogues between the churches this volume identifies and supplies a way for churches to regain a momentum that seems recently to have been lost in the ecumenical movement     *Can a Renewal Movement Be Renewed?* Michael

Kinnamon,2014-05-18 There is no doubt that ecumenism occupies a prominent place in the history of the church in the twentieth century countless churches have been renewed through encounter with Christian sisters and brothers in other confessions and cultures But it is not clear that this ecumenical impulse will continue to figure prominently in the church s story In this book Michael Kinnamon argues that the ecumenical movement which has given such energy and direction to the church needs to be reconceived in a way that provides renewing power for the church in this era and he shows how this might happen He names the problems with ecumenism identifies strengths and accomplishments upon which the church now can build and suggests practical concrete steps we can take in the direction of revitalization especially at the local level

**Ecumenism Today** Christopher Asprey,2016-12-05 What is Ecumenism Is Christian unity a legitimate hope or just a pious illusion The aim of this book is to analyze the real obstacles that stand in the path to unity and to propose solutions where these are possible Distinguished authors from the main Christian denominations offer a unique insight into the problem of Christian divisions and the relationships between Christian communities This work is not a politically correct exercise in diplomacy rather it informs the reader about the actual state of the ecumenical dialogue     **Ecumenism: A**

**Guide for the Perplexed** R. David Nelson,Charles Raith II,2017-07-27 Ecumenism A Guide for the Perplexed is a comprehensive introduction to the methods achievements and future prospects of the modern ecumenical movement The authors begin the volume by charting out a serviceable definition of ecumenism a term that has long been a source of confusion for students of theology and church history They review the chronology of the modern ecumenical movement and highlight the major events figures accomplishments and impasses This historical survey is followed by critical examinations

of three significant challenges for contemporary ecumenical theology and practice Along the way the authors provide commentary upon the difficulties and prospects that the ecumenical movement might anticipate as it enters this new millennium

*Global Catholicism* Rausch, SJ, Thomas P.,2021-02-17 A critical analysis of the Catholic Churches around the world by areas North America Latin America Africa Asia the Pacific Europe with attention to their origins internal challenges and external pressures

Lesslie Newbigin Geoffrey Wainwright,2000-10-19 This book offers an intellectual and spiritual biography of Lesslie Newbigin a figure of patristic proportions in the twentieth century history of the Church Drawing on thirty five years of personal and literary acquaintance with his subject and on a thorough examination of the Newbigin archives Geoffrey Wainwright crafts a rich and varied portrait of this outstanding witness to the Gospel

**The Encyclopedia of Christianity** Erwin Fahlbusch,Geoffrey William Bromiley,1999 The Encyclopedia of Christianity is the first of a five volume English translation of the third revised edition of Evangelisches Kirchenlexikon Its German articles have been tailored to suit an English readership and articles of special interest to English readers have been added The encyclopedia describes Christianity through its 2000 year history within a global context taking into account other religions and philosophies A special feature is the statistical information dispersed throughout the articles on the continents and over 170 countries Social and cultural coverage is given to such issues as racism genocide and armaments while historical content shows the development of biblical and apostolic traditions This comprehensive work while scholarly is intended for a wide audience and will set the standard for reference works on Christianity Outstanding reference sources 2000 American Libraries May 2000 Comp by the Reference Sources Committee RUSA ALA

Grassroots Unity in the Charismatic Renewal Connie Ho Yan Au,2011-02-23 This book explores the nature of grassroots unity in the British charismatic renewal in the 1970s and its significance to ecumenism The study is based on the five international conferences of the Fountain Trust and focuses on two grassroots activities worship in general and the celebration of the Eucharist in particular Worship in this setting nurtured unity through charisms but the Eucharist exposed the inadequacy of this grassroots unity because of doctrinal and ecclesiological differences This book aims to suggest a way forward by searching for the complementarity of institution and charisms and Christology and Pneumatology in a charismatic context It argues that the two emphases of the charismatic renewal charisms and the Holy Spirit complement the institutional commitments of the church and ecumenism The concepts of Christus praesens and Spiriti praesens are considered intrinsic to the charisms and thus Christology and Pneumatology should both be considered significant for ecumenism The study finally discusses the complementarity of ecumenical institutions and the charismatic renewal the convergence of ecumenical streams and continuity in modern ecumenical history

**Receptive Ecumenism and the Call to Catholic Learning** Paul Murray,2010-05-06 This volume proposes a fresh strategy for ecumenical engagement Receptive Ecumenism that is fitted to the challenges of the contemporary context and has already been internationally recognised as making a distinctive and important new

contribution to ecumenical thought and practice Beyond this the volume tests and illustrates this proposal by examining what Roman Catholicism in particular might fruitfully learn from its ecumenical others Challenging the tendency for ecumenical studies to ask whether explicitly or implicitly What do our others need to learn from us this volume presents a radical challenge to see ecumenism move forward into action by highlighting the opposite question What can we learn with integrity from our others This approach is not simply ecumenism as shared mission or ecumenism as problem solving and incremental agreement but ecumenism as a vital long term programme of individual communal and structural conversion driven like the Gospel that inspires it by the promise of conversion into greater life and flourishing The aim is for the Christian traditions to become more not less than they currently are by learning from or receiving of each other s gifts The 32 original essays that have been written for this unique volume explore these issues from a wide variety of denominational and disciplinary perspectives drawing together ecclesiologists professional ecumenists sociologists psychologists and organizational experts

**Denomination** Paul M. Collins,Barry A. Ensign-George,2011-06-16 The term denomination is now widely used to describe a Christian community or church But what is a denomination In this highly creative collection of essays representatives of all major Christian traditions give an answer to this question What does the term mean in their own tradition And does that tradition understand itself to be a denomination If so what is that understanding of denomination and if not how does the tradition understand itself vis vis those churches which do and those churches which do not understand themselves as denominations In dialogue with the argument and ideas set forth in Barry Ensign George s essay each contributor offers a response from the perspective of a particular church tradition Each essay also considers questions concerning the current landscape of ecumenical dialogue ecumenical method and the goals of the ecumenical movement as well as questions of Christian identity and belonging
