Imagination Understanding And The Virtue Of Liberality:

Imagination, Understanding, and the Virtue of Liberality David L. Norton, 1996 Current debates over multiculturalism often pit those who believe that every perspective should be represented against those who hold fast to the notion of a universal common ground In this timely and original work David L Norton persuasively argues for the power of a transcendental imagination that is an imagination that can go beyond itself to gain another's perspective without necessarily assimilating that perspective Imagination Understanding and the Virtue of Liberality will be an important work for all intellectuals and very useful in courses that address multiculturalism *Limits of Rightness* Michael Krausz, 2000 SCOTT copy 1 From the John Holmes Library collection *Tolerance and the Ethical Life* Andrew Fiala, 2005-05-12 In a fresh and exciting way this new book shows how tolerance connects with the practice of philosophy Andrew Fiala examines the virtue of tolerance as it appears in several historical contexts Socratic philosophy Stoic philosophy Pragmatism and Existentialism The lesson derived is that tolerance is a virtue for what Fiala calls tragic communities Such communities are developed when we come together across our differences but they lack the robust sense of connection that we often seek with others the complete sort of happiness that is offered by a more utopian ideal of community But rather than viewing this conclusion as a failure Fiala maintains that tragic communities are the best communities possible for human beings who are aware of their own individuality and finitude Indeed they are typical of the sorts of communities created by philosophers engaged in dialogue with others *Tolerance and the Ethical Life* will strongly appeal to specialists and upper level students in Ethics and Political Philosophy both for its unique historical exploration of tolerance and its application of those results to present day moral theory *Giambattista Vico and the New Psychological Science* Luca Tateo, 2017-07-05 Giambattista Vico 1668 1744 was an Italian philosopher rhetorician and historian As one of the great thinkers of the Enlightenment he exerted tremendous influence on the social sciences He was the first to stress cultural and linguistic dimensions in the development of both the human mind and social institutions Although his ideas on the relationship between mind and culture and his epistemology have inspired the work of many scholars in psychology his sizeable influence has been scarcely acknowledged The volume is organized in two sections The first locates Vico in his historical context and in the landscape of contemporary human and social sciences The second part presents those of Vico's concepts that seem promising for the development of a new way of looking at psychological phenomena In the book's conclusion Luca Tateo gathers the ideas of the volume's contributors to suggest future development of the psychological sciences This book aims to show how Vico's insights can inspire future research in the psychological sciences It collects multidisciplinary contributions of leading international scholars that draw upon the thought of this original thinker Collectively the contributors remind us of the legacy and continuing influence of this inspiring historical figure **The Cambridge Handbook of Sociocultural Psychology** Alberto Rosa, Jaan Valsiner, 2018-07-12 Sociocultural psychology is a discipline located at the crossroads between the natural and social

sciences and the humanities This international overview of the field provides an antireductionist and comprehensive account of how experience and behaviour arise from human action with cultural materials in social practices The outcome is a vision of the dynamics of sociocultural and personal life in which time and developmental constructive transformations are crucial This second edition provides expanded coverage of how particular cultural artefacts and social practices shape experience and behaviour in the realms of art and aesthetics economics history religion and politics Special attention is also paid to the development of identity the self and personhood throughout the lifespan while retaining the emphasis on experience and development as key features of sociocultural psychology

Steward of a Living Tradition John Sullivan, 2025-05-05 This book explores what is entailed in serving as a steward of the living tradition of the Christian faith in the world of education It examines tradition as a resource leadership education as a spiritual endeavor curriculum and Christian learning and the task of connecting tradition to culture John Sullivan engages with historical perspectives and contemporary professional and cultural realities in addressing intellectual and spiritual dimensions of Christian education and the endeavor to make tradition both accessible and meaningful to those for whom it is unfamiliar Themes pervading the book include fostering a critical appreciation for and a creative appropriation of the living tradition of Christianity fluency and flexibility in sharing that tradition vocation and vulnerability and a striving for interconnectedness and integration in teaching and learning at school and university

The Philosophy of War Films David LaRocca, 2015-01-06 Wars have played a momentous role in shaping the course of human history The ever present specter of conflict has made it an enduring topic of interest in popular culture and many movies from Hollywood blockbusters to independent films have sought to show the complexities and horrors of war on screen In *The Philosophy of War Films* David LaRocca compiles a series of essays by prominent scholars that examine the impact of representing war in film and the influence that cinematic images of battle have on human consciousness belief and action The contributors explore a variety of topics including the aesthetics of war as portrayed on screen the effect war has on personal identity and the ethical problems presented by war Drawing upon analyses of iconic and critically acclaimed war films such as *Saving Private Ryan* 1998 *The Thin Red Line* 1998 *Rescue Dawn* 2006 *Restrepo* 2010 and *Zero Dark Thirty* 2012 this volume's examination of the genre creates new ways of thinking about the philosophy of war A fascinating look at the manner in which combat and its aftermath are depicted cinematically *The Philosophy of War Films* is a timely and engaging read for any philosopher filmmaker reader or viewer who desires a deeper understanding of war and its representation in popular culture

The Concept of Religious Passion Albert Mitchell, Ph.D, 2013-08-08 The concept of religious passion is examined according to the teachings of that great Father of Modern Reason Immanuel Kant both as a philosophical concept and with respect to its place in Ethics specifically Kantian ethics Kant's strong aversion to religious passion is presented in view of the Enlightenment movement and Reason versus the Emotions argument

Catholic Education: Distinctive and Inclusive J. Sullivan, 2013-03-09 How coherent is the claim that Catholic education is

both distinctive and inclusive This question so crucial both for the adequate articulation of a *raison d'être* for Catholic schools all over the world and also for the promotion of their healthy functioning has not hitherto been addressed critically Here it receives penetrating analysis and constructive resolution in a comprehensive treatment that integrates theological philosophical and educational perspectives The argument draws on wide ranging scholarship offering new insights into the relevance for Catholic education of thinkers whose work has been relatively neglected The advance in understanding of how distinctiveness relates to inclusiveness is underpinned by the author's lengthy experience of teaching and leadership in Catholic schools it is further informed by his extended and continuing dialogue with Catholic educators at all levels and in many different countries

Interpretation and Transformation Michael Krausz, 2007 In this book Michael Krausz addresses the concept of interpretation in the visual arts the emotions and the self He examines competing ideals of interpretation their ontological entanglements reference frames and the relation between elucidation and self transformation The series Interpretation and Translation explores philosophical issues of interpretation and its cultural objects It also addresses commensuration and understanding among languages conceptual schemes symbol systems reference frames and the like The series publishes theoretical works drawn from philosophy rhetoric linguistics anthropology religious studies art history and musicology

Roots in the Air Michael Krausz, 2018-11-12 By way of dialogues Michael Krausz offers philosophical reflections about his life as philosopher artist and musician He also rehearses his views about relativism interpretation creativity and self realization Much of Krausz's work has been inspired by conversations with thinkers such as Karl Popper Thomas Kuhn Isaiah Berlin the Dalai Lama and musicians such as Josef Gingold Frederik Prausnitz and Luis Biava While the death of his grandparents in Auschwitz continues to disquiet his consciousness Krausz's critiques of versions of Advaitic Hinduism and Tibetan Buddhism led him to a distinctive humanism This thought provoking book includes personal and professional accounts about particular philosophers artists and musicians It will edify anyone who like Krausz has confronted issues of self identity and human existence

Beyond Cultures Kwame Gyekye, 2004

The Hutterites in North America Rod Janzen, Max Stanton, 2010-07-18 One of the longest lived communal societies in North America the Hutterites have developed multifaceted communitarian perspectives on everything from conflict resolution and decision making practices to standards of living and care for the elderly This compellingly written book offers a glimpse into the complex and varied lives of the nearly 500 North American Hutterite communities North American Hutterites today number around 50 000 and have common roots with and beliefs akin to the Amish and other Old Order Christians This historical analysis and anthropological investigation draws on existing research primary sources and over 25 years of the authors interaction with Hutterite communities to recount the group's physical and spiritual journey from its 16th century founding in Eastern Europe and its near disappearance in Transylvania in the 1760s to its late 19th century transplantation to North America and into the modern era It explains how the Hutterites found creative ways to manage social and economic changes over more than five

centuries while holding to the principles and cultural values embedded in their faith Religious scholars anthropologists and historians of America and the Anabaptist faiths will find this objective yet appreciative account of the Hutterites distinct North American culture to be a valuable and fascinating study both of the religion and of a viable alternative to modern day capitalism

Moral Education and Pluralism Mal Leicester, Sohan Modgil, 2005-08-19 Volume IV looks at the development of moral education with particular relation to the context of cultural pluralism Taking a theoretical approach it discusses philosophical issues of moral relativism as well as the application of theory to good practice

My Dear Friends in America Daisaku Ikeda, 2024-01-01 In the 1990s SGI President Ikeda visited the United States six times Each time he addressed the unique needs of American members and gave us clear and compelling guidance on how to win over obstacles attain personal happiness and work toward the spread of Nichiren Buddhism in our country These speeches form a textbook of faith that will benefit everyone who practice Nichiren Buddhism in America today and into the future In addition to slight revisions of the translation this fourth edition includes the SGI president's 2000 poem to the United States Soar Into the Vast Skies of Freedom Into the New Century

Moral Disagreements Christopher W. Gowans, 2013-04-03 Can moral disagreements be rationally resolved Can universal human rights be defended in face of moral disagreements The problem of moral disagreement is one of the central problems in moral thinking It also provides a stimulating stepping stone to some of the perennial problems of philosophy such as relativism scepticism and objectivity *Moral Disagreements* is the first anthology to bring together classic and contemporary readings on this key topic Clearly divided into five parts The Historical Debate Voices from Anthropology Challenges to Moral Objectivity Defenses of Moral Objectivity and New Directions the anthology presents readings from the following key thinkers Sextus Empiricus Chagnon Wong MacIntyre Aquinas Shweder Brink Rawls Montaigne Turner Nussbaum Narayan Hume Mackie Gewirth Nietzsche Williams Berlin A distinctive feature of the anthology is that it brings philosophers into dialogue with well known anthropologists Also included is a comprehensive introduction by Christopher Gowans introducing the problem of moral disagreement to those coming to the topic for the first time

Ethics in Culture Astrid Erll, Herbert Grabes, Ansgar Nünning, 2008-08-27 Alongside the recent cultural turn in the humanities there has been a noticeable return to ethical considerations With regard to literature as well as other media this has rekindled awareness of a tension antagonism or even disparity between ethics and aesthetics This volume of articles takes a more systematic and cross disciplinary approach to the widely mooted ethical turn in literature and other media than has been pursued so far It brings together a wide range of critical perspectives from literary studies media and cultural memory studies and philosophy tracing the complex and sometimes conflicting relationship between ethics and aesthetics in theoretical contexts and individual case studies as diverse as colonial architecture nineteenth century literary histories and postmodern writing and art
