Fundamental Financial Accounting Concepts Philip R. Olds, Jennifer Edmonds, Mark A. Edmonds, Thomas P. Edmonds, Christopher Edmonds, 2021-01-26 Students are often overwhelmed by the amount of information presented in the introductory financial accounting course while instructors often want their students to better grasp the big picture of the role financial accounting plays in business Fundamentals of Financial Accounting Concepts takes a unique approach to building accounting skills focusing students on financial statement effects while maintaining a more traditional use of debits and credits With this method the authors drive student curiosity and inspire them to ask the why questions that get at the heart of how accounting works Through use of the financial statements model and horizontal transaction analysis students quickly see how any given business event affects the financial statements With straightforward writing popular lecture videos and a

unique approach Fundamentals of Financial Accounting Concepts equips students with the critical thinking skills needed by future business decision makers and leaders Loose Leaf for Introductory Financial Accounting for Business Christopher Edmonds, Thomas P. Edmonds, 2020-01-07 Learning Financial Accounting can often feel like learning a foreign language to students Before students even grasp the underlying concepts of Accounting they are immersed in unfamiliar terms and before students fully realize the purpose of financial statements they are asked to make detailed recording procedures This early emphasis on terminology and recording can be a struggle for non accounting majors to see the relevancy leading to increased dropouts and higher failure rates This creates a challenge for Financial Accounting instructors who must balance the need to engage and retain non majors while fully preparing Accounting majors for the next level The authors of Introductory Financial Accounting for Business offer a solution emphasizing an analytical approach to Accounting teaching students to think like business professionals and speak in terms of bottom line consequences How will a given transaction impact my overall business How can I make better business decisions whether I m an accountant manager or entrepreneur Business leaders are demanding that new graduates have these critical thinking skills in order to handle a rapidly changing modern business environment Today s students will encounter new technological advances in automated data capture data analytics and artificial intelligence processes that are automating traditional recording procedures Rather than tallying transactions students will be required to analyze and interpret data making decisions early and often and thinking like business professionals The Edmonds Olds team s fresh approach and modern pedagogy helps prepare students for their business careers **Loose Leaf for Financial Accounting Fundamentals** Barbara Chiappetta, Ken W. Shaw, John J. Wild, 2017-02-08 Utilizing the first thirteen chapters of Wild s best selling Financial and Managerial Accounting text Financial Accounting Fundamentals responds to the market s request for a low cost succinct book a book that balances large and small businesses and one that is contemporary engaging and accessible for today s students Its innovation is reflected in its extensive use of small business examples the integration of new technology learning tools superior end of chapter material and a highly engaging pedagogical design
