Post Office Department, 1917 **Contested Commonwealths** William A. Pencak, 2011-09-16 United States historian William Pencak here collects thirteen of his essays written beginning in 1976 Some deal with colonial and revolutionary crowds and communities in Massachusetts the impressment riot of 1747 the popular uprisings of the 1760s and 1770s and Shays Rebellion Others discuss the popular ideology of the American Revolution as expressed in songs and almanacs while several revisit revolutionary era statesmen George Washington John Adams Benjamin Franklin and loyalist Peter Oliver Interpretive essays argue that revolutionary economic thought turned smuggling from a vice into the natural law of free trade and that focusing on the Civil War and the years 1861 to 1865 leads to a glorified conception of the national past that is better understood as shaped by An Era of Racial Violence that extended from 1854 to at least 1877 Pencak s essays do not conform to standard interpretations of the revolutionary era that stress the importance of republican ideology or socio economic conflict Rather he looks at colonial experiences of the French and Indian War as definitive in shaping dislike of Britain He stresses that the popular thought expressed in songs and almanacs portray America as an open society a land of plenty threatened by British restrictions rather than a land where ancient Roman virtue or traditional British liberties flourished Moving to the early republic Pencak looks at Shays s Rebellion from the point of view of those who suppressed it and finds that they were genuinely concerned that Massachusetts s newly formed republic was threatened by westerners Westerners who presented themselves as an army and sought to restructure a constitution formed only six years before George Washington was in effect the chief executive of the new nation from 1775 to 1797 and borrowed heavily from his wartime experiences to shape his presidency *Cultural Visions: Essays in the History of Culture* , 2022-03-07 This collection opens with an inquiry into the assumptions and methods of the historical study of culture comparing the new cultural history with the old Thirteen essays follow each defining a problem within a particular culture In the first section Biography and Autobiography three scholars explore historically changing types of self conception each reflecting larger

cultural meanings essays included examine Italian Renaissance biographers and the autobiographies of Benjamin Franklin and Mohandas Gandhi A second group of contributors explore problems raised by the writing of history itself especially as it relates to a notion of culture Here examples are drawn from the writings of Thucydides Jacob Burckhardt and the art historians Alois Riegl and Josef Strzygowski In the third section Politics Nationalism and Culture the essays explore relationships between cultural creativity and national identity with case studies focusing on the Holy Roman Emperor Maximilian I the place of Castile within the national history of Spain and the impact of World War I on work of Thomas Mann The final section Cultural Translation raises the complex questions of cultural influence and the transmission of traditions over time through studies of Philo of Alexandria s interpretation of the Hebrew Bible Erasmus use of Socrates Jean Bodin s conception of Roman law and adaptations of the Hebrew Bible for American children

Passionate Mothers, Powerful Sons Charlotte Gray, 2023-09-12 A spectacular brilliantly and magnetically written Rosalie Abella former Canadian Supreme Court justice dual biography of two famous women whose sons would change the course of the 20th century by award winning historian Charlotte Gray Born into upper class America in the same year 1854 Sara Delano later to become the mother of Franklin Delano Roosevelt and Jennie Jerome later to become the mother of Winston Churchill refused to settle into predictable sheltered lives as little known wives to prominent men Instead both women concentrated much of their energies on enabling their sons to reach the epicenter of political power on two continents In the mid 19th century the British Empire was at its height France s Second Empire flourished and the industrial vigor of the United States of America was catapulting the republic towards the Gilded Age Sara and Jennie raised with privilege but subject to the constraints of women s roles at the time learned how to take control of their destinies Sara in the prosperous Hudson Valley and Jennie in the glittering world of Imperial London Yet their personalities and choices were dramatically different A vivacious extrovert Jennie married Lord Randolph Churchill a rising politician and scion of a noble British family Her deft social and political maneuverings helped not only her mercurial husband but once she was widowed her ambitious son Winston By contrast deeply conventional Sara Delano married a man as old as her father But once widowed she made Franklin her only child the focus of her existence Thanks in large part to her financial support and her guidance Franklin acquired the skills he needed to become a successful politician Set against one hundred years of history *Passionate Mothers Powerful Sons* is a brilliantly conceived and wonderfully written Bob Rae author of *What s Happened to Politics* study in loyalty and resilience Gray argues that Jennie and Sara are too often presented as lesser figures in the backdrop of history rather than as two remarkable individuals who were key in shaping the characters of the sons who adored them and in preparing them for leadership on the world stage Impeccably researched and filled with intriguing social insights *Passionate Mothers Powerful Sons* breathes new life into
