Circuit Court, 1909 *Rally the Scattered Believers* Shelby M. Balik, 2014-05-30 An important new interpretation of how religious change shaped American cultural identity in the early republic *Journal of American History* Northern New England a rugged landscape dotted with transient settlements posed challenges to the traditional town church in the wake of the American Revolution Using the methods of spatial geography Shelby M Balik examines how migrants adapted their understanding of religious community and spiritual space to survive in the harsh physical surroundings of the region The notions of boundaries place and identity they developed became the basis for spreading New England s deeply rooted spiritual culture even as it opened the way to a new evangelical age I strongly recommend Balik s book for those studying colonial religious landscapes and heritages not only in New England but in the nineteenth century religious diasporas that swept the continent with varying mixes of European colonials and also African and Asian heritages Stanley D Brunn University of Kentucky In this beautifully written and richly researched work

Shelby Balik shows how the travels of early nineteenth century Methodists Universalists and freewill Baptist itinerant missionaries and congregations recreated the geography of New England Protestantism setting in motion literally a tension between religious rootedness and religious uprootedness center and periphery that endures to today Early American religious history in Balik s retelling of it is one of bodies in constant movement in and out and around the city on the hill The delight Balik takes in maps and journeys is infectious This is a wonderful addition to American religious historiography Robert Orsi Northwestern University

In the Hands of a Happy God Howard Dorgan, 1997 The investigation of Primitive Baptist Universalists Calvinist No Hellers which sounds for all the world like an oxymoron requires the exact type of seasoned and comprehensive field experience which Dorgan has brought to it with meticulous care and insight Deborah Vansau McCauley author of *Appalachian Mountain Religion* Among the many forms of religious practice found in the ridges and hollows of Central Appalachia one of the most intriguing and least understood is that of the Primitive Baptist Universalists PBUs Popularly known as the No Hellers this small Baptist sub denomination rejects the notion of an angry God bent on punishment and retribution and instead embraces the concept of a happy God who consigns no one to eternal damnation This book is the first in depth study of the PBUs and their beliefs As Howard Dorgan points out the designation No Heller is something of a misnomer Primitive Baptist Universalists he notes believe in hell but they see it as something that exists in this life in the temporal world rather than in an afterlife For a PBU sinfulness is the given state of natural man and hell a reality of earthly life the absence from God s blessing torment that sin generates PBUs further believe that at the moment of Resurrection all temporal existence will end as all human kind joins in a wholly egalitarian heaven the culmination of Christ s universal atonement In researching this book Dorgan spent considerable time with PBU congregations interviewing their members and observing their emotionally charged and joyous worship services He deftly combines lucid descriptions of PBU beliefs with richly textured vignettes portraying the people and how they live their faith on a daily basis He also explores a fascinating possibility concerning PBU origins that a strain of early nineteenth century American Universalism reached the mountains of Appalachia and there fused with Primitive Baptist theology to form this subdenomination which barely exists outside a handful of counties in Tennessee Virginia Kentucky and West Virginia Like Dorgan s earlier books *In the Hands of a Happy God* offers an insightful blend of ethnography history and theological analysis that will appeal to both Appalachian scholars and all students of American religion
