headlines of the popular press The bipolar business system of the 20th century that prioritized the relationship between firms and consumers of developed countries is giving way to an emerging multi polar and multi level international system that considers consumers and companies in developing economies as well In this book scholars from around the world analyze the nascent architecture and relations in this quickly evolving system They explore the structural complexities evolving relations and dynamic forces that are shaping and re shaping the new system and examine entrepreneurial efforts and relations that cement its structure The chapters in this volume portray the operating conditions of firms across 14 emerging country environments and industries ranging from basic foods and information technology to complex business processes Students and professors of international business entrepreneurship marketing and management studies will find this volume an indispensable addition to the literature De Gruyter Handbook of Business Families Michael Carney, Marleen Dieleman, 2023-01-30

The management field increasingly recognizes that most firms in the world are family firms and that these entities operate differently from the non family firms on which most of our current management theories are based The De Gruyter Handbook of Business Families brings together work from leading academics who explore emerging research themes relevant to business families particularly drawing in new insights from adjacent disciplines that can advance the family business field The handbook challenges the traditional notion of the single firm single family that has characterized most early research on family business Recognizing that families may simultaneously own or control multiple businesses as well as substantial wealth beyond these firms in the form of financial and non financial assets this handbook focuses on business families rather than the narrower construct of family business The contributions in this handbook explore the relatively neglected dynamics between individuals with family ties that shape the interaction between family and business business families with multiple businesses how business families adopt formal rules and processes around their joint activities and the institutionalization of wealth and business families in society The De Gruyter Handbook of Business Families fills a gap in the family business research literature and is an essential reference work for researchers and graduate level students in the area of business families Managerial Strategies and Practice in the Asian Business Sector Aung, U Zeyar Myo, Ordoñez de Pablos, Patricia, 2015-12-22

Due in part to globalism and economic development the Asian business sector has been rapidly expanding Thanks to the increasing industrialization and economic growth of China and India in particular tourism as well as business opportunities in the Asian sector are booming Managerial Strategies and Practice in the Asian Business Sector is a comprehensive reference source for theories and practices related to business integration in Asian countries The research presented within this timely resource closely examines a number of essential topics such as ethics competition and entrepreneurship in an era of globalization and economic expansion Illustrating innovative insights concerning the development of business strategies in this growing region this book is an invaluable reference for business executives students of business academics policy makers or any professional concerned with globalism and the intricacies of

Asian business and information technology integration in the Asian business sector
