*A Lay Minister's Guide to the Book of Common Prayer* Clifford W. Atkinson, 1988-05-01 Deepen the lay minister's knowledge of the 1979 Book of Common Prayer and the various duties of this ministry with this guidebook to lay participation in the Eucharist and Offices of the Church Alpha (1) E. Bruce Brooks, Alvin P. Cohen, Glenn S. Holland, 2017-12-31 Alpha is an annual repository for leading edge research in the New Testament and related texts and the historical development which the texts imply Like its older sister journal *Warring States Papers* it has a central focus on the methodology of text based historical research and includes examples of the application of basic historical and philological methods to texts in other traditions including Chinese and Homeric Greek In the past the early Christian texts have been approached theologically rather than as historical sources Christian history has been seen as fully realized in Paul and all other viewpoints are dismissed as later heresies But many of the NT texts give hints of a pre Pauline Christianity the thing Paul began by persecuting The work of the Project leads to an unexpectedly full picture of that pattern of early belief and practice It is this to which we have given the name Alpha Christianity It turns out to be remarkably close to what many contemporary Christians actually live This first volume takes up the principal Gospels and other early sources for the teachings of Jesus It notes evidence for stratification in Mark leading to the earliest and thus most authoritative stratum of that text It finds no need to posit a common source for Matthew and Luke and instead argues for mutual contact between them Mandaean and Gospel echoes of John the Baptist are compared the work of William O Walker Jr on interpolations in Paul is continued and a foundation is laid for the introduction of a new stylistic difference test in v2 Teaching Torah Sorel Goldberg Loeb, 1997 A teacher's bible for teaching the Five Books of Moses This invaluable guide for preparing to teach or study the weekly Torah portion provides a precise synopsis of each of the 54 parashiyot as well as overviews of commentaries and sources capsule biographies of Torah interpreters and provocative questions Over 1 000 unusual strategies help readers analyze extend and personalize the text A bibliography and a thematic index make this an especially useful resource for Bar Bat Mitzvah preparation sermon D var Torah ideas and Havurah discussions The Living Church, 1954 Perspectives on New Testament Textual Criticism, Volume 2 Eldon Jay Epp, 2020-11-30 Eldon Jay Epp's second volume of collected essays consists of articles previously published during 2006-2017 All treat aspects of the New Testament textual criticism but focus on historical and methodological issues relevant to constructing the earliest attainable text of New Testament writings More specific emphasis falls upon the nature of textual transmission and the text critical process and heavily on the criteria employed in establishing that earliest available text Moreover textual grouping is examined at length and prominent is the current approach to textual variants not approved for the constructed text for they have stories to tell regarding theological ethical and real life issues as the early Christian churches sought to work out their own status practices and destiny
