Interpreting the Moving Image Noel Carroll, 1998-05-28 A collection of film essays by the well respected critic No 1 Carroll     **Noël Carroll and Film** Mario Sluga, 2019-01-30 No 1 Carroll is one of the most prolific widely cited and distinguished philosophers of art but how specifically has cinema impacted his thought This book one of the first in the acclaimed Film Thinks series argues that Carroll s background in both cinema and philosophy has been crucial to his overall theory of aesthetics Often a controversial figure within film studies as someone who has assertively contested the psychoanalytic semiotic and Marxist cornerstones of the field his allegiance to alternative philosophical traditions has similarly polarised his readership Mario Sluga proposes that Carroll s defence of the notions of truth and objectivity provides a welcome antidote to anything goes attitudes and postmodern scepticism towards art and popular culture including film Carroll s thinking has loosened the grip of continental philosophers on cinema studies from Maurice Merleau Ponty to Gilles Deleuze and Jacques Lacan by turning to cognitive and analytical approaches Sluga goes further to reveal that Carroll s methods of evaluation and interpretation in fact usefully bridge gaps between these opposing sides to look at artworks anew Throughout Sluga revisits and enriches Carroll s definitions of popular art mass art horror humour and other topics and concludes by tracing their origins to this important thinker s relationship with the medium of cinema     The Palgrave Handbook of the Philosophy of Film and Motion Pictures Noël Carroll, Laura T. Di Summa, Shawn Loht, 2019-10-30 This handbook brings together essays in the philosophy of film and motion pictures from authorities across the spectrum It boasts contributions from philosophers and film theorists alike with many essays employing pluralist approaches to this interdisciplinary subject Core areas treated include film ontology film structure psychology authorship narrative and viewer emotion Emerging areas of interest including virtual reality video games and nonfictional and autobiographical film also have dedicated chapters Other areas of focus include the film medium s intersection with contemporary social issues film s kinship to other art forms and the influence of historically seminal schools of thought in the philosophy of film Of emphasis in many of the essays is the relationship and overlap of analytic and continental perspectives in this subject     **Terrence Malick and the Examined Life** Martin Woessner, 2024-03-25 Terrence Malick is one of American cinema s most celebrated filmmakers His films from *Badlands* 1973 and *Days of Heaven* 1978 to *The Thin Red Line* 1998 *The Tree of Life* 2011 and most recently *A Hidden Life* 2019 have been heralded for their artistry and lauded for their beauty but what really sets them apart is their ideas Terrence Malick and the Examined Life is the most comprehensive account to date of this unparalleled filmmaker s intellectual and artistic development Utilizing newly available archival sources to offer original interpretations of his canonical films Martin Woessner illuminates Malick s early education in philosophy at Harvard and Oxford as well as his cinematic apprenticeship at the American Film Institute to show how a young student searching for personal meaning became a famous director of Hollywood films Woessner s book presents a rich interdisciplinary exploration of the many texts

thinkers and traditions that made this transformation possible from the novels of Hamlin Garland James Jones and Walker Percy to the philosophies of Stanley Cavell Martin Heidegger and S ren Kierkegaard to road movies Hollywood Westerns and the comedies of Jean Renoir Situating Malick s filmmaking within recent intellectual and cultural history Woessner highlights its lasting contributions to both American cinema and the life of the mind Terrence Malick and the Examined Life suggests it is time for philosophy to be viewed not merely as an academic subject overseen by experts but also as a way of life open to each and every moviegoer
