Pneuma and

Logos John W. Wyckoff,2010-09-01 The role of the Holy Spirit in the writing of Scripture and the role of the Holy Spirit in the understanding of Scripture are corollary ideas The first one of these usually referred to as the Inspiration of Scripture has been extensively discussed by the Early Church Fathers theologians and other Bible scholars from the earliest centuries of the Church until the present Likewise the second of these corollary ideas the role of the Holy Spirit in the understanding of Scripture has been widely considered from the time of the Early Church Fathers However this idea usually referred to as the Illumination of Scripture has not been as extensively discussed as the corollary doctrine of Inspiration Consequently many aspects of the Holy Spirit s relationship to Biblical Hermeneutics remain open for fruitful discussion The notion that the Holy Spirit plays some role in the interpretative process of understanding Scripture raises many issues and questions Does the

Holy Spirit even play any role at all in the interpretative process If so what then is the role of the human interpreter in relationship to that of the Holy Spirit Can the Holy Spirit s role be conceptualized in some meaningful way If and when the Holy Spirit plays a role in interpretation what difference does it make in the outcome of understanding This book intends to further the discussion of these and other issues related to the idea of the role of the Holy Spirit in Biblical Hermeneutics It briefly surveys both past and contemporary thought on this theme It then suggests how the Holy Spirit s role might be conceptualized Since this conceptualization is necessarily metaphorical various models are presented as vehicles for furthering discourse on the subject Finally it attempts to describe the results of the Holy Spirit s activity of illumination and suggests areas for further study on the topic
