Interrupciones 1 Juan Gelman, 1997 A Lexicon of Terror Marguerite Feitlowitz, 1999-10-07 We were all out in la charca and there they were coming over the ridge a battalion ready for war against a schoolhut full of children Tanks roaring over farmlands pregnant mothers tortured their babies stolen and sold on the black market homes raided in the dead of night ordinary citizens kidnapped and never seen again such were the horrors of Argentina s Dirty War Now in A Lexicon of Terror Marguerite Feitlowitz fully exposes the nightmare of sadism paranoia and deception the military dictatorship unleashed on the Argentine people a nightmare that would claim over 30 000 civilians from 1976 to 1983 and whose leaders were recently issued warrants by a Spanish court for the crime of genocide Feitlowitz explores the perversion of language under state terrorism both as it s used to conceal and confuse The Parliament must be disbanded to rejuvenate democracy and to domesticate torture and murder Thus citizens kidnapped and held in secret concentration camps were disappeared torture was referred to as intensive therapy prisoners thrown alive from airplanes over the ocean were called fish food Based on six years of research and moving interviews with peasants intellectuals activists and bystanders A Lexicon of Terror examines the full impact of this catastrophic period from its inception to the present in which former torturers having been pardoned and released from prison live side by side with those they tortured Passionately written and impossible to put down Feitlowitz shows us both the horror of the war and the heroism of those who resisted and survived their courage their endurance their eloquent refusal to be dehumanized in the face of torments even Dante could not have imagined ,

Sadow, 2024-04-15 The first anthology of its kind I Am of the Tribe of Judah Poems from Jewish Latin America brings together poetry from the Mexican border to the tip of South America Originally written in Spanish Portuguese Yiddish Ladino Casteidish and Hebrew these poems have been translated into English many for the first time by a group of prize winning translators This multilingual collection looks at the tradition across more than five hundred years featuring poems that exalt being Jewish whether Ashkenazi or Sephardic and poems that express humor and satire Conversely there are poems in response to anti-Semitism and poems of exile of protest and of the Holocaust In a different mode there are wondrous poems on mysticism and Kabbalah The book includes an insightful introduction and historical background by world renowned literary and social critic Ilan

Stavans professor at Amherst College Jewish Writers of Latin America Darrell B. Lockhart, 2013-08-21 Jewish writing has only recently begun to be recognized as a major cultural phenomenon in Latin American literature Nevertheless the majority of students and even Latin American literary specialists remain uninformed about this significant body of writing This Dictionary is the first comprehensive bibliographical and critical source book on Latin American Jewish literature It represents the research efforts of 50 scholars from the United States Latin America and Israel who are dedicated to the advancement of Latin American Jewish studies An introduction by the editor is followed by entries on 118 authors that provide both biographical information and a critical summary of works Argentina Brazil and Mexico home to the largest Jewish communities in Latin America are the countries with the greatest representation but there are essays on writers from Venezuela Chile Uruguay Peru Colombia Costa Rica and Cuba Voices of the Survivors Liria Evangelista, David W. Foster, 2013-05-13 By blending personal memoir and critical analysis *Voices of the Survivors* explores cultural and human responses to the violence of political repression and social disintegration perpetrated in Argentina during the so called Dirty War of the late 70s and early 80s Central to the theoretical and critical corpus is the work of scholars writing in response to the historical trauma of the Holocaust Adorno La Capra Shoshana Felman which posed questions regarding social trauma the links between mourning and memory and the role of artistic creation and its value as testimony The book traces shifts in discursive formations and social practices critical to understanding the origin and impact of the Process of National Reorganization as it was known by the military government through analysis of a broad range of sources including poetry fiction memoirs and testimonies popular music and journalism These texts explore the persistence of issues of memory and mourning within the particular conditions of Argentine culture in the aftermath of the dictatorship This significant new work will be essential reading for scholars interested in issues of violence political and cultural disruption memory and historical consciousness *Teoría i práctica del arte de enseñar* David Page, 1872 **Poemas Para Mirar** Antología, 1998-10

Senado, 1875 Includes debates and documents *Re-Engendering Translation* Christopher Larkosh, 2014-04-08 Of interest to scholars in translation studies gender and sexuality and comparative literary and cultural studies this volume re examines the possibilities for multiple intersections between translation studies and research on sexuality and gender and in so doing addresses the persistent theoretical gaps in much work on translation and gender to date The current climate still seems to promote the continuation of identity politics by encouraging conversations that depart from an all too often limited range of essentializing gendered subject positions A more inclusive approach to the theoretical intersection between translation and gender as proposed by this volume aims to open up the discussion to a wider range of linguistically and culturally informed representations of sexuality and gender one in which neither of these two theoretical terms much less the subjects associated with them is considered secondary or subordinate to the other This

discussion extends not only to questions of linguistic difference as mediated through the act of translation but also to the challenges of intersubjectivity as negotiated through culture race or ethnicity The volume also makes a priority of engaging a wide range of cultural and linguistic spaces Latin America under military dictatorship numerous points of the African cultural diaspora and voices from South Southeast and East Asia Such perspectives are not included merely as supplemental minority additions to an otherwise metropolitan centred volume but instead are integral to the volume s focus underscoring its goal of re engendering translation studies through a politics of alterity that encourages the continued articulation and translation of difference be it sexual or gendered cultural or linguistic *Boletín Chile.
