education and ethics American Crossroads Jesse Wisnewski, 2011-08-25 Should Christians be concerned with faith and evangelism and not political affairs In answering this question American Crossroads provides a thought provoking look at what it means to submit to the governing authorities of the United States of America Just as God called for Christians to submit to the Roman government that forced its will upon the people Rom 13:1 so too is God calling for us to submit to the existing form of government in the United States a government that lives and thrives upon the will and involvement of people Today by submitting to the government Christian citizens are led to influence the American political process that depends upon the involvement of all citizens for its well being and survival *At the Intersection of Hermeneutics and Homiletics* Yung Suk Kim, 2025-04-18 While hermeneutics involves comprehensive study of the biblical text whether through historical or literary or reader focused approaches homiletics is concerned with a selected theme message and on the composition and delivery of sermonic discourse aimed at a particular audience But the border between hermeneutics and homiletics is blurry because both disciplines require readers to engage the biblical text from their own contexts This collection deals with the intersection of hermeneutics and homiletics by exploring two revelatory texts one from the Hebrew Bible and the other from the New Testament the book of Ruth and Matthew 15:21-28 a Canaanite woman's encounter with Jesus Both reflect agonizing issues that readers must tackle immigration family community identity agency race ethnicity gender class culture economy and religion A diverse group of scholars brings their transgressive perspectives to the above texts Unfolding new areas of interest inquiry and insight they will transgress authoritative readings of biblical texts fashion hermeneutic horizons in dialogue with the text and forge homiletic trajectories toward contemporary audiences Without limiting interpretation to a box this volume looks to register bold voices to perennial issues in our day Homiletic transformation occurs through the relentless resistant reading of the text and through reimagining our world The Spirit and Suffering in Luke-Acts Martin W. Mittelstadt, 2004-10-12 This work illuminates the tension between divine empowering and the neglected element of the work of the Spirit in contexts of opposition This lacuna not addressed in previous Pentecostal scholarship is at the heart of Mittelstadt's exegesis Thus Jesus not only lives and ministers in the power of the Holy Spirit but also experiences opposition and persecution as a man of the Spirit Further the Lukan Jesus not only transfers the Spirit to his disciples but also anticipates a similar fate for his followers Finally Luke forecasts that this divine enablement of the Spirit also available for future witnesses brings with it a similar anticipation of the same rejection and opposition as was experienced by Jesus and the disciples While Pentecostals owe a debt of gratitude for the pioneering work of Pentecostal scholars this book furthers their efforts by exploring the implications of Spirit led witness in Luke Acts Confident in Christ Raymond C. Ortlund, Anne Ortlund, 1989 In the Shadow of the Cross Randal Earl Denny, 2007-02-01 How could things deteriorate so quickly in twenty four hours From a banquet to a burial The dark shadow of the executioner's cross sliced across that unforgettable day A tragic day yet planned by a sovereign God Watch anew as Jesus prays his prayer of submission to the Father's will as he

passes through the sting of betrayal as he faces undaunted the inhumane and hateful treatment and as he speaks unexpected last words that leave a legacy of love Walk with Jesus from the garden to the tomb to that first Easter morning the dawning of hope and joy For the shadow of the cross is the anguished prelude to the best news you will ever hear He is risen **The Breaking of the Bread** Eugene LaVerdiere,1998 Traces Luke s further development of eucharist practice and theology in Acts *Love's Forgiveness* John Lippitt,2020-09-25 Love s Forgiveness combines a discussion of the nature and ethics of forgiveness with a discussion inspired by Kierkegaard of the implications of considering interpersonal forgiveness as a work of love It introduces the reader to some key questions that have exercised recent philosophers of forgiveness discussing the relationship between forgiveness and an extended notion of resentment considering whether forgiveness should be conditional or unconditional showcasing a particular understanding of the latter and arguing that there are legitimate forms of third party forgiveness It then introduces the idea of forgiveness as a work of love through a discussion of Kierkegaard key New Testament passages on forgiveness and some contemporary work on the philosophy of love Drawing on both philosophy and the New Testament it offers an understanding of forgiveness that incorporates both agapic love and a proper concern for justice John Lippitt explores religious and secular uses of key metaphors for forgiveness and the idea of forgivingness as a character trait suggesting that seeking to correct for various cognitive biases is key to the development of such a virtue and connecting it to other putative virtues such as humility and hope Lippitt draws on both Kierkegaard s discourse literature and contemporary philosophical work on these latter characteristics before turning to a discussion of the nature of self forgiveness Throughout the book the philosophical and theological literature is rooted in a discussion of various forgiveness narratives including Helen Prejean s Dead Man Walking Thordis Elva and Tom Stranger s South of Forgiveness and Ian McEwan s Atonement *Spiritual Consciousness as Evolutionary Learning* Maureen Ellis,2025-05-16 Navigating a diversity of religious myths and worldviews in both conventional and nuanced secular ways this edited volume explores transdisciplinary common knowledge and global citizenship ideology through the lens of spirituality depth hermeneutics and multimodality Guided by a broadly semiotic approach this book examines ancient spiritual myths metaphors and magic wisdom raising crucial questions of identity current conflicts military power and crises which threaten mental health for many Chapters take an anthropological and chronological approach through targeted case studies in part using Systemic Functional Semiotic SFS frameworks and linguistic anthropology to tackle issues of contemporary importance such as human rights conflict resolution environmentalism and sustainable development Featuring a truly international multidisciplinary team of contributors applying the lenses of mysticism neuroscience quantum theory psychology and phenomenology to the themes discussed this book uncovers deep ultimate connections between different religious and philosophical traditions highlighting shared metaphors narratives and allegories that transcend disciplinary cultural and geographical boundaries Driven by a collaborative attempt at achieving spiritual understanding this book will be of interest to postgraduate students

Facing Your Giants Max Lucado,2020-04-07 How long has your Goliath dominated your days and pilfered your peace Like David you know well the presence of Goliath Your Goliath doesn t carry a sword or shield he brandishes blades of unemployment abandonment or depression Your giant doesn t parade up and down ancient hills he prances through your office your bedroom your classroom He brings bills you can t pay addictions you can t resist a past you can t shake and a future you can t face How long has your Goliath stalked you Invaded your first thought of the morning and last worry of the night David knows a little something about facing giants The shepherd boy seemingly had little to offer against the nine foot nine inch Goliath You could read his story and wonder what God saw in him Throughout his life David fell as often as he stood stumbled as often as he conquered But for those who know the threat of a Goliath David gives this reminder Focus on Giants You Stumble Focus on God Your Giants Tumble Are you ready to face your giant Let David s story inspire you The same God who helped him will help you Extended study guide included *Catalogue of the Slavonic Cyrillic Manuscripts of the National Szechenyi Library* Országos Széchényi Könyvtár,2007-04-20 This volume provides a thorough introduction to the Cyrillic collection and contains the detailed descriptions of the fifty six Slavonic Cyrillic codices or fragments thereof held by the National Sz ch nyi Library in Budapest the vast majority of which are here described for the first time The analysis of the codices has been done using the resources of modern technology Written from the thirteenth to early nineteenth century the codices were mostly produced within the confines of the historical Kingdom of Hungary The catalogue is extensively illustrated with pictures of the most characteristic and decorative pages and a few covers of the codices This publication is a further step towards the complete documentation of the Cyrillic manuscript heritage of Central Europe **Catholic Pentecostalism and the Paradoxes of Africanization** Ludovic Lado,2009-04-07 The anthropological literature on religious

innovation and resistance in African Christianity tended to focus almost exclusively on what have come to be known as African Independent Churches. Very few anthropological studies have looked at similar processes within mission churches. Through an ethnographic study of localizing processes in a Charismatic movement in Cameroon and Paris, the book critically explores the dialectics between Pentecostalization and Africanization within contemporary African Catholicism. It appears that both processes pursue, although for different purposes, the missionary policy of dismantling local cultures and religious practices and discourses of Africanization dissect them in search of authentic African values. Charismatic ritual, on the other hand, features the dramatization of the defeat of local deities and spirits by Christianity.

Stumbling over the Cross Joni S. Sancken, 2016-04-21. It has never been easy to preach about the cross and resurrection of Jesus, but difficulties today are particularly challenging. Hearers ask tough questions of the church and the Christian faith, and they are not satisfied by formulaic answers. People are often suspicious of doctrine and are attracted to a broad but vague or pluralistic spirituality rather than the classical claims of Christianity. In this climate, preachers often see preaching on the central events of the Christian story, the crucifixion and resurrection, as more of a problem than a possibility, more of a burden than a joy. They wonder not only how to preach the old story of cross and resurrection but whether they should preach these themes at all. This book addresses these concerns and shows preachers how to preach the cross and resurrection in fresh, culturally relevant ways that deepen Christian discipleship. Each chapter shows the relevance of preaching the cross for addressing a particular congregational concern. What has ironically become a stumbling block in the pulpit, the stone that preachers often reject, preaching on the cross and resurrection of Jesus can serve as the cornerstone for building up the congregation for discipleship in our world.

An Ecological Feminist Reading of the Gospel of Luke Anne F. Elvey, 2005. Central to the ecological feminist approach is the notion of the material given, developed in conversation with Gayatri Spivak's reading of the pregnant body as prepropriative, Jacques Derrida's reading of the gift, and Jean-Luc Marion's understanding of givenness. This use of postmodern discourse to inform an ecological feminist hermeneutics is an innovation in ecofeminist theology and biblical studies.

Word at the Crossing, Eric Law believes that we are called by God to actively seek encounters with people who are different from us because at the crossings of our differences of race, culture, gender, sexual orientations, ability, economic class, and theology lies the opportunity to widen our understanding of the gospel. But how do we open our hearts and our minds to such pluralism and live as God intends us to live? How can we be transformed by our differences as we seek to align ourselves with God? Eric Law invites readers to follow him on a journey of discovery, a path to connect with Christ's way, truth, and life. He encourages us to stop denying the conflicts that arise out of the differences within us and between us and to name these conflicts, allowing differing perspectives to affirm, enrich, or challenge one another. He proposes practical disciplines, models, and techniques to help us communicate openly, honestly, and without judgment with ourselves, with others, and with nature. Law shares his personal stories and experiences and calls us to explore our own stories, frameworks, and God.

concepts that we may grow in and live the Good News For those called to serve in God's church The Word at the Crossings includes appendices with specific exercises and techniques for Christian educators and pastors including a sermon preparation model
