Interviews With Francis Bacon:

Interviews with Francis Bacon David Sylvester, 1987 **The Brutality of Fact** David Sylvester, 1980-11-24 This book with its subsequent revised and augmented editions has been considered a classic of its kind and that reputation has become worldwide As a discussion of problems of making art today it has been widely influential not only among artist but among writers and musicians It has also been seen as the most revealing portrait that exists of one of the most singular artistic personalities of our times Francis Bacon Michael Peppiatt, 2008 One of the most elusive and enigmatic creative geniuses of modern times Francis Bacon was a man of endless contradictions and facets In this invaluable book Michael Peppiatt a major art critic and close friend of Bacon's offers an entertaining and uniquely well informed portrait of this complex artist Peppiatt's collection of interviews and essays spans more than forty years from 1963 when the two men met to 2007 when Peppiatt wrote an essay explaining Bacon's passionate involvement with Van Gogh The pieces in between include discussions of Bacon's working methods and techniques his unlikely relationship with his London dealer his attitude toward Christian belief and classical myth and his defining friendship with the eminent French writer Michel Leiris Peppiatt also provides fascinating anecdotes about the artist's early life his intimate relationships and his connections with the artists who were his contemporaries and friends In addition among the interviews reproduced for the book are new transcripts of two interviews presenting previously omitted material that brings out many little known aspects of Bacon's presence and personality

Interviews with Francis Bacon David Sylvester, Francis Bacon, 1975-01-01 **Interviews with Francis Bacon, 1962-1979** David Sylvester, Francis Bacon, 1980 **The Brutality of Fact**, 1990 *Great Interviews of the 20th Century* Francis Bacon, Paul Laity, David Sylvester, 2007 *Francis Bacon* David Sylvester, Francis Bacon, 1975 2002 reprint of previously published *The Brutality of Fact Interviews with Francis Bacon* by David Sylvester The cover is updated This edition was printed and bound in Singapore 146 illustrations **Interviews with Francis Bacon, 1962 - 1979; new and enlarged edition with 129 illustrations** D. Sylvester, 1980 **Francis Bacon** David Sylvester, Francis Bacon, 2007

Francis Bacon Michael Peppiatt, 2012-03-01 Published in 1996 *Francis Bacon Anatomy of an Enigma* was the first in depth study of the artist's life It has not been superseded In this substantially revised updated edition to coincide with the artist's centenary which will be celebrated from autumn 2008 through summer 2009 Peppiatt will incorporate confidential material Bacon gave him which he did not include in the first edition This valuable first hand information comes from the hundreds of conversations Bacon had with Peppiatt often late into the night over thirty years particularly during the periods Bacon spent living and working in Paris It includes insights into Bacon's intimate relationships his artistic convictions and his general view of life as well as his acerbic comments on his contemporaries Peppiatt will draw on some of the fascinating information that has become available in the fifteen years since the artist died Once jealously guarded by the artist himself the contents of Bacon's studio can now be freely consulted Peppiatt has had privileged access to these archives and he will

show how a number of recent discoveries including wholly unexpected source material have radically changed the way we look at Bacon's work. Similarly, his recent research into the artist's background, his tortured affair with the sadistic Peter Lacy in Tangier, for instance, and the baffling circumstances of his death in Madrid will shed light on unexplored areas of Bacon's life and work. Peppiatt will also unveil new information from several people who knew Bacon intimately and who have never gone on record previously.

After Francis Bacon Nicholas Chare, 2017-07-05 Like an analyst listening to a patient, this study attends not just to what is said in David Sylvester's interviews with Francis Bacon but also crucially to what is left unsaid, to revealing interruptions and caesuras. Through interpreting these silences, *After Francis Bacon* breaks with stereotypical ideas about the artist's work and provides new readings and avenues of research. *After Francis Bacon* is the first book to give extended consideration to the way the reception of Bacon's art, including Gilles Deleuze's influential text on the artist, has been shaped by the Sylvester interviews and to move beyond the limiting effects of the interviews, providing fresh interpretations. Nicholas Chare draws upon recent developments in psychoanalysis and forensic psychology to present innovative readings of Bacon's work, primarily based on the themes of sadomasochism and multi-sensory perception. Through bringing Bacon's paintings into dialogue with Joseph Conrad's *Heart of Darkness* and the film *Alien*, he also provides original insights into the ethical relevance the artist's works have for today. This study addresses the complexities of the artist's practice, particularly in relation to sexuality and synaesthesia, and additionally forms a crucial intervention within current debates about creative writing in art history.

Looking Back at Francis Bacon David Sylvester, Francis Bacon, 2000 In *Looking Back at Francis Bacon*, eminent writer and curator David Sylvester provides the definitive account of the career of an artist whose friend and collaborator he was for more than forty years. Drawing on his unparalleled personal knowledge of Bacon's inspirations and intentions, he first offers a critical overview of the work's development from 1933 to the early 1990s and then addresses its crucial aspects. He also reproduces previously unpublished extracts from his celebrated conversations with Bacon in which the artist speaks about himself, modern painters, and the art of the past. Finally, Sylvester gives a brief account of Bacon's life, correcting errors that elsewhere have been presented as facts.

In this book, the fifth volume in the acclaimed Francis Bacon Studies series, Bacon's words appear in their unredacted form for the very first time. Other essays throw light on form and accident in Bacon's work, chimera and liminal entities, the psychology of the imposter, and destroyed paintings. Half of this volume, an unprecedented proportion in

the Studies series is devoted to one topic key parts of Bacon's responses in Interviews with Francis Bacon that were removed either to maintain continuity or at Bacon's own insistence This unpublished material will add immensely to this most frequently consulted resource and will require a reassessment of many of Bacon's statements and ideas Maria Balaska considers the question Where does a painting come from She investigates forms and accidents in Bacon's work Amanda J Harrison studies chimera and liminal entities in Bacon's work while Darian Leader turns our attention to the psychology of the imposter Martin Harrison examines photographs of four paintings that Bacon later destroyed and are reproduced here for the first time

Francis Bacon - In the Mirror of Photography Katharina Günther, 2022-05-09 The British painter Francis Bacon 1909-1992 is famed for his idiosyncratic mode of depicting the human figure Thirty years after his death his working methods remain underexplored New research on the Francis Bacon Studio Archive at Hugh Lane Gallery Dublin sheds light on the genesis of his works namely the photographic source material he collected in his studios on which he consistently based his paintings The book brings together the artist's pictorial springboards for the first time delineating and interpreting recurring patterns and methods in his preparatory work and adoption of photographic material In addition it correctly locates chance as a driving force in Bacon's working method and qualifies the significance of photography for the painter German Photo Book Award 23-24 Gold in the category Text Volume Photo Theory

A Course of Severe and Arduous Trials Lynn Brunet, 2009 The artist Francis Bacon 1909-1992 and the writer Samuel Beckett 1906-1989 both convey in their work a sense of foreboding and confinement in bleak ritualistic spaces This book identifies many similarities between the spaces and activities they evoke and the initiatory practices of fraternal orders and secret societies that were an integral part of the social landscape of the Ireland experienced by both men during childhood Many of these Irish societies modelled their ritual structures and symbolism on the Masonic Order Freemasons use the term spurious Freemasonry to designate those rituals not sanctioned by the Grand Lodge The Masonic author Albert Mackey argues that the spurious forms were those derived from the various cult practices of the classical world and describes these initiatory practices as a course of severe and arduous trials This reading of Bacon's and Beckett's work draws on theories of trauma to suggest that there may be a disturbing link between Bacon's stark imagery Beckett's obscure performances and the unofficial use of Masonic rites
