

EXCHANGE, GENDER, AND SUBJECTIVITY  
IN GREEK TRAGEDY

*Intimate Commerce* Victoria Wohl, 2010-01-01 Exchanges of women between men occur regularly in Greek tragedy and almost always with catastrophic results Instead of cementing bonds between men such exchanges rend them They allow women who should be silent objects to become monstrous subjects while men often end up as lifeless corpses But why do the tragedies always represent the transferal of women as disastrous Victoria Wohl offers an illuminating analysis of the exchange of women in Sophocles *Trachiniae* Aeschylus *Agamemnon* and Euripides *Alceste* She shows how the attempts of women in these plays to become active subjects rather than passive objects of exchange inevitably fail While these failures seem to validate male hegemony the women's actions however futile blur the distinction between male subject and female object calling into question the very nature of the tragic self What the tragedies thus present Wohl asserts is not only an affirmation of Athens reigning ideologies including its gender hierarchy but also the possibility of resistance to them and the imagination of alternatives

Baumgarten's Philosophical Ethics Alexander Gottlieb Baumgarten, 2023-12-14 Alexander Baumgarten's *Ethica Philosophica* 1740 served as a chief textbook of philosophical instruction in German universities for several decades and was used by Immanuel Kant for his lectures on moral philosophy between 1759 and 1794 Now translated into English for the first time John Hymers explores the extent of Baumgarten's influence on the development of German philosophy Accompanied by an introduction to Baumgarten and his work this translation features an explanation of the main themes of the *Ethica Philosophica* touching upon its relation to Christian Wolff and G F Meier's practical philosophy but focusing especially on its role in Kant's lectures First time translations of elucidatory passages from the writings of Meier Wolff and Heinrich K hler appear together with the relevant transcriptions of Kant's lectures on ethics Based on a thorough knowledge of the original text Hymers' clear translation and supporting material makes it possible to distinguish Kant's own remarks and insights from his attempts to expound and summarize Baumgarten's ideas This is a much needed contribution for anyone working in the history of modern philosophy

**Waverley** Sir Walter Scott, 1822

**Unnoticed in the Casual Light of Day** Tijana Stojkovic, 2013-10-23 Larkin's poems are often regarded as falling somewhere between the traditional plain and the more contemporary postmodern categories This study undertakes a comprehensive linguistic and historical study of the plain style tradition in poetry its relationship with so called difficult poetry and its particular realization in the cultural and historical context of 20th century Britain The author examines the nature of poetry as a type of discourse the elements of and factors in the development of literary styles a close rhetorical examination of Larkin's poems within the described poetic frameworks and his position in the British twentieth century poetic canon

*Portraits and Personalities* Gamaliel Bradford, 1968

The Vocation of Evelyn Waugh D. Marcel DeCoste, 2016-03-09 Arguing against the critical commonplace that Evelyn Waugh's post war fiction represents a decline in his powers as a writer D Marcel DeCoste offers detailed analyses of Waugh's major works from *Brideshead Revisited* to *Unconditional Surrender* Rather than representing

an ill advised departure from his true calling as an iconoclastic satirist DeCoste suggests these novels form a cohesive artful whole precisely as they explore the extent to which the writer s and the Catholic s vocations can coincide For all their generic and stylistic diversity these novels pursue a new sustained exploration of Waugh s art and faith both As DeCoste shows Waugh offers in his later works an under remarked meditation on the dangers of a too avid devotion to art in the context of modern secularism forging in the second half of his career a literary achievement that both narrates and enacts a contrary and Catholic literary vocation      *Waverley, Or, 'tis Sixty Years Since* Walter Scott,1830      **This Kindred People** Edward Parliament Kohn,2004 Kohn shows how Americans and Canadians often referred to each other as members of the same family sharing the same blood and drew upon the common lexicon of Anglo Saxon rhetoric to undermine old rivalries and underscore shared interests Though the predominance of Anglo Saxonism proved short lived it left a legacy of Canadian American goodwill as both nations accepted their shared destiny on the continent Kohn argues that this new Canadian American understanding fostered the Anglo American special relationship that shaped the twentieth century      **Killing Hercules** Richard Rowland,2016-12-08 This book offers an entirely new reception history of the myth of Hercules and his wife killer Deianira The book poses and attempts to answer two important and related questions First why have artists across two millennia felt compelled to revisit this particular myth to express anxieties about violence at both a global and domestic level Secondly from the moment that Sophocles disrupted a myth about the definitive exemplar of masculinity and martial prowess and turned it into a story about domestic abuse through to a 2014 production of Handel s Hercules that was set in the context of the war on terror the reception history of this myth has been one of discontinuity and conflict how and why does each culture reinvent this narrative to address its own concerns and discontents and how does each generation speak to qualify or annihilate the certainties of its predecessors in order to understand contain or exonerate the aggression with which their governors of state and of the household so often enforce their authority and the violence to which their nations and their homes are perennially vulnerable      Greek Tragic Women on Shakespearean Stages Tanya Pollard,2017 Greek Tragic Women on Shakespearean Stages argues that ancient Greek plays reshaped early modern theatre Through original research the book shows both that these plays were more accessible than previously believed and that early modern audiences responded to specific themes      The Principles of Moral Philosophy George Turnbull,1740      **Sati, the Blessing and the Curse** John Stratton Hawley,1994 Sati symbolizes ultimate loyalty and self sacrifice It often figures near the core of a Hindu identity that feels embattled in a modern world Yet to those who deplore it sati is a curse a violation of every woman s womanhood      *The Strange History of the American Quadroon* Emily Clark,2013-04-22 Exotic seductive and doomed the antebellum mixed race free woman of color has long operated as a metaphor for New Orleans Commonly known as a quadroon she and the city she represents rest irretrievably condemned in the popular historical imagination by the linked sins of slavery and interracial sex However as Emily Clark shows the rich archives of New Orleans tell a different story Free

women of color with ancestral roots in New Orleans were as likely to marry in the 1820s as white women And marriage not concubinage was the basis of their family structure In *The Strange History of the American Quadroon* Clark investigates how the narrative of the erotic colored mistress became an elaborate literary and commercial trope persisting as a symbol that long outlived the political and cultural purposes for which it had been created Untangling myth and memory she presents a dramatically new and nuanced understanding of the myths and realities of New Orleans's free women of color Market Aesthetics Elena Machado Sáez, 2015-03-24 In *Market Aesthetics* Elena Machado Sáez explores the popularity of Caribbean diasporic writing within an interdisciplinary comparative and pan-ethnic framework She contests established readings of authors such as Junot Díaz, Julia Alvarez, Edwidge Danticat and Robert Antoni while showcasing the work of emerging writers such as David Chariandy, Marlon James and Monique Roffey By reading these writers as part of a transnational literary trend rather than within isolated national ethnic traditions the author is able to show how this fiction adopts market aesthetics to engage the mixed blessings of multiculturalism and globalization via the themes of gender and sexuality *New World Studies* Modern Language Initiative

**The Principles of Moral Philosophy. An Enquiry Into the Wise and Good Government of the Moral World, Etc** George TURNBULL (LL.D.), 1740 *Waverley* Walter Scott, 1814 Novels and Tales of the Author of Waverley Walter Scott (Sir), 1821 *The Play of Words* Giulia Maria Chesi, 2014-08-27 The play of words examines the dynamics of interfamilial violence in the *Oresteia* It argues that the key element of the play's discourse about violence is to be found in the inquiry for a definition of Clytemnestra's motherhood The failure of this research challenges the reader with some open questions: who is Clytemnestra? Where is justice if a mother dies? By reading the play's narrative on interfamilial violence and matricide as a narrative of uncertainties in terms of the role of the mother figure this book illustrates the complexity of the maternal role of Clytemnestra It also breaks silence among scholars who have generally portrayed Clytemnestra as the bad mother who kills the children's father and as the bad wife who betrays her husband
