Intimate Matisse:

Intimate Matisse Henri Matisse, National Gallery of Australia, 1999 Henri Matisse 1869 1954 considered his drawing to be a very intimate means of expression the purest and most direct Frequently his compositions are romantic sometimes erotic images of the female form but he also drew flowers and animals sometimes drawing with a pencil sometimes with charcoal crayon etcher's burin or cut paper **Soho** Dan Cruickshank, 2019-11-14 SOHO ILLICIT GLAMOROUS SORDID LOUCHE POVERTY STRICKEN SQUALID EXHILARATING One of Britain's best loved historians Dan Cruickshank grants us an intimacy with centuries of rich and varied London history as he guides us around the Soho of the last five hundred years We learn of its original aspirations towards respectability how it became the city's bohemian quarter and why it was once home to its criminal underworld The history of Soho is written in its surviving architecture including its bars clubs and theatres Cruickshank observes how the common denominator over the centuries is its appeal as a destination for immigrants from French Huguenots to the Italian and East European Jewish community and recent Chinese diaspora and that this is the foundation of its spirit and success Even as he mourns some of the changes he pays heartfelt testament to the district's resilience *Matisse's Poets* Kathryn Brown, 2017-09-21 Throughout his career Henri Matisse used imagery as a means of engaging critically with poetry and prose by a diverse range of authors Kathryn Brown offers a groundbreaking account of Matisse's position in the literary cross currents of 20th century France and explores ways in which reading influenced the artist's work in a range of media This study argues that the *livre d'artiste* became the privileged means by which Matisse enfolded literature into his own idiom and demonstrated the centrality of his aesthetic to modernist debates about authorship and creativity By tracing the compositional and interpretive choices that Matisse made as a painter print maker and reader in the field of book production this study offers a new theoretical account of visual art's capacity to function as a form of literary criticism and extends debates about the gendering of 20th century bibliophilia Brown also demonstrates the importance of Matisse's self placement in relation to the French literary canon in the charged political climate of the Second World War and its aftermath Through a combination of archival resources art history and literary criticism this study offers a new interpretation of Matisse's artist's books and will be of interest to art historians literary scholars and researchers in book history and modernism Pearson's Magazine, 1922 Vol 49 no 9 Sept 1922 accompanied by a separately paged section entitled ERA electronic reactions of Abrams *Matisse's War* Peter Everett, 2010-12-15 At seventy Henri Matisse is a trim clean old gentleman with a passion for naked women He is UN MONSTRE SACRE who depicts with passion and conviction only what he takes pleasure in only what he chooses to see He is art personified If there were no Matisse there would be no art as such He has purged everything from his painting except anxieties concerning structure and colour his struggle is with these alone MATISSE'S WAR is a minutely researched yet fictional account of Matisse's life during the years 1939 1945 It is also a superb portrait of the lives of the major French artists and writers under the German occupation Louis Aragon Malraux

[Intimate Violence](#) Laura E. Tanner,1994-11-22 Tanner deals with the central question of all narrative texts how the reader is manipulated into empathy or distance by the text This study is the sort that needs to be redone in every classroom and by every mature reader Tanner offers provocative and useful discussions of rape and torture Choice This thoughtful and disturbing book raises serious questions about the consequences of reading representations of rape and torture American Literature In this incisive exploration of twentieth century novels art and ads Laura Tanner explains the mechanisms by which reader and viewer are implicated in violence Equally effective as a challenge to textual assault is the grace and gentleness of Tanner s own prose Intimate Violence signals the emergence of an astute and humane critical voice Wendy Steiner Through an examination of such notorious works as The White Hotel and American Psycho Laura Tanner leads us in a disturbing exploration of the reader s complicity with fictional depictions of intimate violence [The Art Book Tradition in Twentieth-Century Europe](#) Kathryn Brown,2017-07-05 Investigating the complex history of visual art s engagement with literature this collection demonstrates that the art of the book is a fully interdisciplinary and distinctly modern form The essays in the collection develop new critical approaches to the analysis of twentieth century bookworks and explore ways in which European writers and painters challenged the boundary between visual and linguistic expression in the content production and physical form of books The Art Book Tradition in Twentieth Century Europe offers a detailed examination of word image relations in forms ranging from the livre d artiste to personal diaries and almanacs It analyzes innovative attempts to challenge familiar hierarchies between texts and images to fuse different expressive media and to reconceptualize traditional notions of ekphrasis Giving consideration to the material qualities of books the works discussed in this collection also test and celebrate the act of reading while locating it in the context of other sensory experiences Essays examine works by Dufy Matisse Beckett Kandinsky Braque and Ponge among other European artists and writers active during the twentieth century [The Nabis and Intimate Modernism](#) KatherineM. Kuenzli,2017-07-05 Providing a fresh perspective on an important but underappreciated group of late nineteenth century French painters this is the first book to provide an in depth account of the Nabis practice of the decorative and its significance for twentieth century modernism Over the course of the ten years that define the Nabi movement 1890 1900 its principal artists included Edouard Vuillard Pierre Bonnard Maurice Denis Paul Sier and Paul Ranson The author reconstructs the Nabis relationship to Impressionism

mass culture literary Symbolism Art Nouveau Wagnerianism and a revolutionary artistic tradition in order to show how their painterly practice emerges out of the pressing questions defining modernism around 1900 She shows that the Nabis were engaged nonetheless with issues that are always at stake in accounts of nineteenth century modernist painting issues such as the relationship of high and low art of individual sensibility and collective identity of the public and private spheres The Nabis and Intimate Modernism is a rigorous study of the intellectual and artistic endeavors that inform the Nabis decorative domestic paintings in the 1890s and argues for their centrality to painterly modernism The book ends up not only re positioning the Nabis to occupy a crucial place in modernism s development from 1860 to 1914 but also challenges that narrative to place more emphasis on notions of decoration totality and interiority *The Symbolist Roots of Modern Art* Michelle Facos,2017-07-05 With the words A new manifestation of art was expected necessary inevitable Jean Mor announced the advent of the Symbolist movement in 1886 When Symbolist artists began experimenting in order to invent new visual languages appropriate for representing modern life in all its complexity they set the stage for innovation in twentieth century art Rejecting what they perceived as the superficial descriptive quality of Impressionism Naturalism and Realism Symbolist artists delved beneath the surface to express feelings ideas scientific processes and universal truths By privileging intangible concepts over perceived realities and by asserting their creative autonomy Symbolist artists broke with the past and paved the way for the heterogeneity and penchant for risk taking that characterizes modern art The essays collected here which consider artists from France to Russia and Finland to Greece argue persuasively that Symbolist approaches to content form and subject helped to shape twentieth century Modernism Well known figures such as Kandinsky Khnopff Matisse and Munch are considered alongside lesser known artists such as Fini Gyzis Koen and Vrubel in order to demonstrate that Symbolist art did not constitute an isolated moment of wild experimentation but rather an inspirational point of departure for twentieth century developments **Health and Happiness in 20th-century Avant-garde Art** Donald Burton Kuspit,Lynn Gamwell,State University of New York at Binghamton. Art Museum,1996 This book presents a refreshing new approach to avant garde art by demonstrating that a genuine core of modernism manifests a positive life affirming attitude Donald Kuspit and Lynn Gamwell challenge the assumption that disintegration and negativity provide the most authentic artistic responses to this century s gloomy zeitgeist Lavishly illustrated their book includes colorful images of paintings sculptures and decorative arts as well as photographs of spectacular gardens *Psychoanalytic Perspectives on Art, V. 3* Mary M. Gedo,2013-05-13 This new hardcover annual offers a unique scholarly format an interdisciplinary dialogue that it is hoped will foster the development of a sound useful methodology for applying psychoanalytic insight to art and artists The series provides a medium for those who study art those who interpret it and occasionally those who create it formally to explore the meaning of an artistic work as the direct reflection of the inner world of its creator Within each volume individual topics are addressed by either an art historian or a psychoanalyst with a response frequently tendered by

an expert from the other field Reviews of important books of cross disciplinary interest are treated in a similar manner and include rebuttals by the authors themselves It is precisely this exchange of ideas among scholars with difference perspectives on the meaning of a work of art that sets PPA apart from the standard art history publication Its depth of scholarship coupled with its innovative format make it a fascinating addition to the burgeoning field of psychoanalytic studies of art history

Modernism on Stage Juliet Bellow, 2017-07-05 Modernism on Stage restores Serge Diaghilev s Ballets Russes to its central role in the Parisian art world of the 1910s and 1920s During those years the Ballets Russes stage served as a dynamic forum for the interaction of artistic genres dance music and painting in a mixed media form inspired by Richard Wagner s Gesamtkunstwerk total work of art This interdisciplinary study combines a broad history of Diaghilev s troupe with close readings of four ballets designed by canonical modernist artists Pablo Picasso Sonia Delaunay Henri Matisse and Giorgio de Chirico Experimental both in concept and form these productions redefine our understanding of the interconnected worlds of the visual and performing arts elite culture and mass entertainment in Paris between the two world wars This volume traces the ways in which artists working with the Ballets Russes adapted painterly styles to the temporal three dimensional and corporeal medium of ballet Analyzing interactions among sets costumes choreography and musical accompaniment the book establishes what the Ballets Russes productions looked like and how audiences reacted to them Juliet Bellow brings dance to bear upon modernist art history as more than a source of imagery or ornament she spotlights a complex dialogue among art forms that did not preclude but rather enhanced artists interrogation of the limits of medium

The Collector Natalya Semenova, André Delocque, 2018-09-11 A fascinating life of Sergei Shchukin the great collector who changed the face of

Russia's art world Sergei Shchukin was a highly successful textiles merchant in the latter half of the nineteenth century but he also had a great eye for beauty. He was one of the first to appreciate the qualities of the Impressionists and Post Impressionists and to acquire works by Cézanne, Matisse and Picasso. A trailblazer in the Russian art world, Shchukin and his collection shocked, provoked and inspired awe, ridicule and derision among his contemporaries. This is the first English language biography of Sergei Shchukin written by art historian Natalya Semenova and adapted by Shchukin's grandson André Deloche. Featuring personal diary entries, correspondence, interviews and archival research, it brings to light the life of a man who has hitherto remained in the shadows and shows how, despite his controversial reputation, he opened his collection to the public, inspiring a future generation of artists and changing the face of the Russian art world. "Interior Portraiture and Masculine Identity in France, 1789-1914" Heather Belnap Jensen, 2017-07-05 Focusing specifically on portraiture as a genre, this volume challenges scholarly assumptions that regard interior spaces as uniquely feminine. Contributors analyze portraits of men in domestic and studio spaces in France during the long nineteenth century; the preponderance of such portraits alone supports the book's premise that the alignment of men with public life is oversimplified and more myth than reality. The volume offers analysis of works by a mix of artists, from familiar names such as David, Delacroix, Courbet, Manet, Rodin and Matisse to less well-known image makers including Dominique Doncre, Constance Mayer, Anders Zorn and Lucien Etienne Melingue. The essays cover a range of media from paintings and prints to photographs and sculpture that allows exploration of the relation between masculinity and interiority across the visual culture of the period. The home and other interior spaces emerge from these studies as rich and complex locations for both masculine self-expression and artistic creativity. Interior Portraiture and Masculine Identity in France, 1789-1914 provides a much-needed rethinking of modern masculinity in this period. **The Cone Sisters of Baltimore** Ellen B. Hirschland, Nancy Hirschland Ramage, 2008-07-03 They were friends with Picasso and Matisse. They ran in the same circles as Gertrude and Leo Stein. They avidly purchased works by Manet, Gauguin, Cézanne, Seurat and Degas at a time when other Americans didn't. They were two Victorian women from Baltimore buying avant-garde art in Paris, attending salons with friends and building a collection that would initially puzzle and eventually awe the art world. Over a period of fifty years, sisters Claribel and Etta Cone amassed one of the most acclaimed collections of late nineteenth and twentieth-century art in America. Dr. Claribel and Miss Etta were two halves of an idiosyncratic team who used the fortunes of their German Jewish immigrant family to seek out works that inspired and pleased them regardless of public opinion. This richly illustrated biography documents their lives from a unique perspective: that of their great niece and their great-great-niece. Ellen B. Hirschland and her daughter Nancy Hirschland Ramage delve into Claribel's and Etta's world, following the sisters through letters and personal stories as they travel to meet the artists whose work would turn their adjoining apartments into a virtual museum. The sisters' experiences in Paris in the 1910s and 1920s provide an exceptional view of the bright artistic ferment in the city at that time. Only time would vindicate their keen
