Intimate Violence Contemporary Treatment Innovations:

Intimate Violence Donald G. Dutton, Daniel Jay Sonkin, 2002 By removing the emphasis on a psychoeducational approach to domestic violence treatment the authors present an innovative set of treatments that affect long term changes in beliefs behaviours and attitudes The book includes a brief history of perpetrator treatment and recent research findings on the topic

Intimate Violence Donald Dutton, Daniel Jay Sonkin, 2013-05-13 Take an updated approach to treating partner violence Intimate Violence Contemporary Treatment Innovations examines new and innovative approaches to treating domestic violence de emphasizing the unilateral psychoeducational approach in favor of treatment modalities that focus on the offenders individual characteristics. The book presents up to date information on techniques for working with men and women who commit intimate partner violence moving past a one size fits all mentality to develop treatment that affects long term changes in beliefs behaviors and attitudes It also includes a brief history of perpetrator treatment feminist perspectives on treatment and recent research findings that suggest domestic violence offenders need more than education and attitude adjustment Intimate Violence explores key treatment issues not usually found in more traditional approaches particularly shame and attachment The book focuses on alternate methods based on assessment and tailored to meet the treatment needs of specific populations including women lesbian batterers men with borderline personality disorder BPD and Aboriginal men living in Canada It also examines the Beit Noam an Israeli live in intervention program for abusive men and addresses the legal and ethical issues surrounding the court mandated treatment of offenders An international interdisciplinary panel of practitioners researchers and academics also discuss Dialectical Behavior Therapy DBT Physical Aggression Couples Treatment PACT attachment theory therapeutically based interventions feminist social learning treatment individual group and integrative therapies transpersonal psychology systems thinking field theory and much more Intimate Violence Contemporary Treatment Innovations is an essential resource for clinicians researchers educators and advocates working in psychology social work counseling law health care and related disciplines Intimate Partner Violence Prevention and <u>Intervention</u> Anna C. Baldry, Frans Willem Winkel, 2008 This book focuses on the importance of assessing risk in domestic violence cases to prevent and reduce its escalation into homicide so called uxoricide Spousal killers in a substantial number of cases exhibit a history of prior spousal violence in addition to this witnessing violence has debilitating effects on children For this reason domestic violence is also becoming a hot political issue on the European agenda Integrating the US and Canadian experiences with the European ones increases the book s value and broadens perspectives Assessing the risk and adopting appropriate measures can help reduce the risk of escalation of violence It aims at gathering contributions from experts in the field of domestic violence and victimisation to present state of the art research in the risk assessment of domestic violence cases Intimate Partner Violence Elizabeth A. Bates, Julie C. Taylor, 2019-03-28 Since the 1970s the issue of intimate partner violence IPV has been explained through the patriarchal desire of men to control and dominate

women but this gendered perspective limits both our understanding of IPV and its treatment Intimate Partner Violence New Perspectives in Research and Practice is the first book of its kind to present a detailed and rigorous critique of current domestic violence research and practice within the same volume In this challenging new text with contributions from the UK the US and Canada the subject is assessed from a more holistic position It provides a critical analysis of the issue of domestic violence including issues that are often not part of the mainstream discussion Each of the chapters tackles a different area of research or practice from a critical review of contemporary topics in domestic violence research including a critical review of men s use of violence in relationships a consideration of male victims IPV within the LGBTQ community perceptions of perpetrators and victims and IPV within adolescent populations The second half of the book examines challenges and opportunities for professionals working in the field and includes an analysis of an evidence informed perpetrator programme the challenges faced working with male victims and a discussion of the impact of domestic violence on children Culminating with a series of evidence based recommendations to bridge the divide between academic and practitioner stakeholders and to inform future working practices this is an essential resource for students and practitioners alike Intimate Partner and Family Abuse John Hamel, LCSW, 2008-06-16 The collected case examples are noteworthy in their diversity of presenting issue treatment format and outcome As a whole they underline our continued need to conduct assessments with clients prior to initiating treatment to direct treatment toward identified client related problems in essence meeting clients where they are and to collect data that speaks to the effectiveness of our interventions in many settings and with many types of clients Jennifer Langhinrichsen Rohling PhD Professor of Psychology University of South Alabama Shows how to successfully conduct family interventions using case studies Includes male perpetrated female perpetrated and mutual violence scenarios Presents a variety of theoretical orientations Includes discussion questions after each case study This casebook showcases a wide variety of couples and families whose domestic violence cases vary in their composition ethnic and socioeconomic status and mental health issues The case authors outline different therapeutic approaches for each case including cognitive behavioral family systems feminist problem solving and many others Each account includes a thorough description of the assessment procedure treatment goals and reasons for selecting a particular approach and an account of the course of treatment The book is primarily intended for mental health professionals and graduate students in the fields of family therapy counseling and family violence but will also be of value to anyone in the field of family violence and those concerned with domestic violence public policy prevention and intervention **Rethinking Domestic Violence** Donald G. Dutton, 2011-01-01 Rethinking Domestic Violence is the third in a series of books by Donald Dutton critically reviewing research in the area of intimate partner violence IPV The research crosses disciplinary lines including social and clinical psychology sociology psychiatry affective neuropsychology criminology and criminal justice research Since the area of IPV is so heavily politicized Dutton tries to steer through conflicting claims by assessing the best research methodology As a result

he comes to some very new conclusions These conclusions include the finding that IPV is better predicted by psychological rather than social structural factors particularly in cultures where there is relative gender equality Dutton argues that personality disorders in either gender account for better data on IPV His findings also contradict earlier views among researchers and policy makers that IPV is essentially perpetrated by males in all societies Numerous studies are reviewed in arriving at these conclusions many of which employ new and superior methodologies than were available previously After twenty years of viewing IPV as generated by gender and focusing on a punitive law and order approach Dutton argues that this approach must be more varied and flexible Treatment providers criminal justice system personnel lawyers and researchers have indicated the need for a new view of the problem one less invested in gender politics and more open to collaborative views and interdisciplinary insights Dutton's rethinking of the fundamentals of IPV is essential reading for psychologists policy makers and those dealing with the sociology of social science the relationship of psychology to law and International Handbook of Anger Michael Potegal, Gerhard Stemmler, Charles explanations of adverse behaviour Spielberger, 2010-02-04 From the individual rage driven violence of domestic abuse to the destructive causes and lasting consequences of large scale ethnic and political conflict anger and its effects are ubiquitous in human life and are the focus of intense study across many scientific disciplines fields as varied as affective neuroscience health science psychology psychophysiology and sociology have all contributed to recent advances in the understanding of anger The editors of the International Handbook of Anger bring these major contributions together for a unique portrayal of the many aspects of anger evolutionary and biological bases behavioral processes and effects physiological concomitants clinical aspects and role in the larger social picture with coverage that is both wide ranging and integrative State of the art findings by highly regarded experts are organized for maximum utility with extensive cross referencing between chapters and editors introductory commentary linking the book s sections A sampling of the coverage in the Handbook Historical views and roles of anger in Western and nonwestern cultures Current genetic neurological neurochemical and psychophysiological perspectives Cross cultural expressions facial vocal and linguistic Affective motivational and cognitive processes in anger Gender differences in anger triggers experience and behavior Anger in development and across the lifespan Infancy childhood and adulthood Assessing anger hostility and anger control Clinical aspects psychopathology anger and chronic pain Type A behavior and cardiovascular health Anger in family small group and large group conflict The International Handbook of Anger presents a wealth of deep and detailedknowledge relevant to clinical and health psychology social work family studies and anger management among other fields Its depth and breadth of coverage will make it a definitive volume informing research and practice in the years ahead The Rehabilitation of Partner-Violent Men Erica Bowen, 2011-03-07 THE REHABILITATION OF PARTNER VIOLENT MEN Informed by theory and evidence this text offers a full account of a pressing social problem Professor Clive Hollin School of Psychology The University of Leicester UK This is a book which

clearly sets out the history theoretical developments interventions and possibilities for the future within a UK context It is an excellent source of good information about where we are and an excellent springboard for future developments in both research and practice Professor Liz Gilchrist Department of Psychology Glasgow Caledonian University UK Erica Bowen s book The Rehabilitation of Partner Violent Men is a timely and important contribution to the literature of effective interventions The content would be of interest to students researchers and practitioners Dr Nicola Graham Kevan School of Psychology University of Central Lancashire UK Violence within intimate relationships is not just a modern occurrence yet while the nature of the abuse has changed little over hundreds of years great strides have been made in dealing with male perpetrators of domestic violence in the UK The Rehabilitation of Partner Violent Men presents an historical account of the policy changes that have led to the provision of rehabilitation programmes for male perpetrators of intimate partner violence within the British criminal justice system Drawing on both national and international literature the book provides an overview of the theoretical foundation behind current approaches to rehabilitation as well as a critical examination of evaluation methodology and an appraisal of the effectiveness of current practices While probing deeply into the nature of intimate partner violence The Rehabilitation of Partner Violent Men offers rich and revealing insights into the efficacy of intervention programmes and their profound influences on the lives of millions of women around the world each year

Family Interventions in Domestic Violence John Hamel, Tonia Nicholls, 2006-09-26 In this exciting new book John Hamel author of the ground breaking Gender Inclusive Treatment of Intimate Partner Abuse and Tonia Nicholls go beyond the traditional intervention theories of domestic violence practiced today Offering alternative unbiased and sometimes controversial views theories and current research they along with renowned contributors in the field provide new treatment options that encompass a wide range of gender dynamics Here are just some of the key principles covered Interventions Should Be Based on a Thorough Unbiased Assessment Victim Perpetrator Distinctions are Overstated and Much Partner Abuse is Mutual Regardless of Perpetrator Gender Child Witnesses to Partner Abuse are Adversely Affected and are at Risk for Perpetrating Partner Abuse as Adults This new gender inclusive approach to assessment and intervention provides a significant departure from traditional paradigms of domestic violence and offers a much needed awareness to effectively prevent violence in our communities today and for future generations Healing From Violence Christauria Welland, Neil Ribner, 2007-11-26 According to the 2000 Census Latinos accounted for 12 5% of the US population or 35 3 million residents the fastest growing population in the United States The influence of this large and growing demographic can be seen throughout every academic discipline in the numerous books journals and societies on multicultural assessment counseling and research that have begun to appear However one area of inquiry remains largely unexplored domestic violence within Latino families Although it appears that such violence occurs as frequently in Latino families as in Caucasian families little research has been done on this topic and very few counseling programs explicitly developed for Latino families currently

exist Healing from Violence fills this void Drawing on a research study of 150 Latino men who completed a year of court ordered treatment in Southern California and a four year pilot study the authors mix quantitative and qualitative methodology in order to provide counselors with an opportunity to hear first hand how Latino partner abusive men think about manhood machismo interpersonal relationships respeto personalismo and simpat a and family life familismo The authors then use these in depth portraits to guide counselors in tailoring treatment plans to the specific needs of Latino men Voices from Healing From Violence How should a Mexican man be Respectful understanding loving responsible A good communicator If a man had all that and his partner too wow It would be great I d like to be like the man I just described the ideal man loving respectful all that Ramon The whole time I ve been in the program I ve been doing something I had never done in my life reflecting and taking stock of my own life Putting the good and the bad in the balance Raul One of the goals of group therapy of any therapy is to give hope Even the man with the worst possible case where he has lost his marriage and custody of his children can learn to use respectful relationship skills at work and in a potential new relationship He may have brought great losses upon himself but his future is not necessarily bleak the Authors Gender-Inclusive Treatment of Intimate Partner Abuse, Second Edition John Hamel, 2013-11-08 This groundbreaking book on the gender inclusive treatment of intimate partner abuse has been fully updated to reflect new and refined evidence based approaches that have evolved since the first edition was published nearly ten years ago It describes new treatment protocols that are strongly supported by current research that enables mental health practitioners to engage in a more nuanced and gender inclusive conceptualization and treatment of intimate partner abuse in its many permutations. The book eschews the field s previous reliance on traditional domestic violence and treatment protocols to offer new paradigms that reflect the trend toward a more balanced evidence based and less heteronormative conceptualization of partner abuse It presents the latest findings from the third installment of the Partner Abuse State of Knowledge Project Included are new examples of evidence based programs currently in existence and those that are in formative stages fully updated exercises and handouts new risk assessment instruments and new definitions of evidence based treatment Of special note are several new appendices that include updated assessment forms a victim safety plan client workbook guidelines and exercises resources and programs for court ordered clients and exercises for high conflict family violence parent groups In addition a new assessment protocol will be available as a free download New to the Second Edition Includes the latest findings from the Partner Abuse State of Knowledge Project Presents most current literature on risk assessment instruments Provides new definitions of evidence based treatment regarding degree of rigor along with outcome data and newest relevant studies Discusses promising new group programs Includes a new assessment tool available as free download Describes several new evidence based gender inclusive approaches Offers comprehensive appendices that reflect recent advances including newassessment forms a victim safety plan client workbook guidelines and exercises resources and programs for court ordered clients and exercises for high
