Literary Visions Study Guide:

Literary Visions Study Guide for Literature Elizabeth Penfield, 2008-12-01 Literary Visions produced by Annenberg Media is a video instruction series on literary analysis for college and high school classrooms and adult learners. Noted critics, authors, scholars, and actors enliven this exploration of literature and literary analysis. Dramatizations, readings, and discussions build skills in critical thinking and writing. Illuminating excerpts of short fiction, poetry, plays, and essays, both classic and contemporary, highlight standard literary forms and devices including plot, myth, setting, and character. This course, containing 26 half-hour videocassettes, can be used as a complete college-level course, as supplementary material in courses in literature, composition, poetry, drama, or those focusing on specific topics and genres within literature, as an offering for adult or continuing education students, as an important addition to library video collections, and as enrichment material for advanced high school curricula. Boyd, Deacon Godsey, 2018-10-15. In his revolutionary book *Cross Vision*, Gregory A. Boyd proposed his groundbreaking cruciform hermeneutic, a way for Christians to make sense of the violence of the Old Testament by seeing it through the crucifixion of Jesus. Now Boyd has teamed up with pastor Deacon Godsey to develop this study guide for individuals and groups. Using this guide, readers can work through *Cross Vision* chapter by chapter, consider various stories from the Bible, and hear from Boyd about questions that have come up since he wrote the book. *The Cross Vision Study Guide* is an essential aid for anyone wrestling with depictions of a violent God yet living with faith in a peaceful Christ. *Literary Visions* Elizabeth Penfield, 2006-08-25. *Literary Visions* is a video instructional series on literary analysis for college and high school classrooms and adult learners. Zechariah and His Visions Lena-Sofia Tiemeyer,2015-02-26 Did Zechariah really see visions This question cannot be definitely answered so the idea must remain a hypothesis Here Tiemeyer shows that this hypothesis is nonetheless reasonable and instrumental in shedding light on matters in Zechariah s vision report that are otherwise unclear Tracking through each verse of the text the key exegetical problems are covered including the topics of the distinction between visions and dreams dream classification conflicting sources of evidence for dream experiences and rhetorical imagery as opposed to dream experience Further attention is focused on the transmission of the divine message to Zechariah with the key question raised of whether a visual or oral impression is described Tiemeyer s study further demonstrates that Zech 1 6 depicts a three tier reality This description seeks to convey the seer s visionary experience to his readers In a trance state Zechariah communicates with the Interpreting Angel while also receiving glimpses of a deeper reality known as the visionary world
