## Literature Of Early America:

**The Cambridge Introduction to Early American Literature** Emory Elliott, 2002-08-29 The Cambridge Introduction to Early American Literature offers students a literary history of American writing in English between 1492 and 1820 as well as providing a concise social and cultural history of these three centuries Emory Elliott traces the impact of race gender and ethnic conflict on early American culture and explores the centrality of American Puritanism in the formation of a distinctively American literature This highly engaging and comprehensive study will be essential reading for students of the literature history and culture of early America **The Oxford Handbook of Early American Literature** Kevin J.

Hayes, 2008-02-06 Organized primarily in terms of genre this handbook includes original research on key concepts as well as analysis of interesting texts from throughout colonial America Separate chapters are devoted to literary genres of great importance at the time of their composition that have been neglected in recent decades The Latest Early American Literature R. C. De Prosopo, 2016-01-21

The Latest Early American Literature according to readers for the University of Delaware Press is a collection of polemics and manifestoes In it R C De Prosopo bids to follow in the footsteps of the two rare early Americanist dissenters whom Philip F Gura once distinguished as prophets without honor in the field William Spengemann and Michael Colacurcio The book contends that a supposedly retired nationalist modernist telos continues to reign in most of the latest scholarship and even more influentially in all of the current literary histories and anthologies no matter how expansive in gender ethnic racial and hemispheric inclusiveness they profess to be Old teloi in particular that old American exceptionalist one can be cunning Updating and expanding upon essays written over the past thirty years De Prosopo proposes not only negatively to critique how the latest scholarly receptions of early American literature differ insignificantly from the earlier ones but positively to propose how a transnationalist concession that as a neocolonial culture America s lags behind that of Europe might advance post modern historiography by radically repositioning the past as no longer the present s diachronic predecessor but to quote Lyotard s semiotics its synchronic differend Closer to earth De Prosopo tries at the same time to remain mindful of the pedagogical imperative that ultimately to save the texts of early American literature will require making them legible to average non specialist never to become specialist undergraduate general education students To facilitate this he introduces in the concluding section of The Latest Early American Literature what will probably be taken as its most radical intervention the redefinition of Edgar Allan Poe as an early American writer

*Major Writers of Early American Literature* Everett H. Emerson, 1972 An outstanding collection of original critical essays by distinguished specialists this book is both a chronological survey of nearly 200 years of American literature and an exciting reappraisal of the major figures of that period Includes works from Benjamin Franklin Jonathan Edwards William Bryd Anne Bradstreet William Bradford and others **A New World of Words** William C. Spengemann, 1994-01-11 Early American literature has traditionally been defined as writings in English by future residents of the land that became the

United States Thanks to this definition it has only a modest reputation early has come to mean less less American and less literary than American literature proper In this book William C Spengemann redefines early American literature calling it writings in English that reflect or have been influenced by the discovery exploration and settlement of the New World Spengemann argues that linguistic criteria should have precedence over national origin in determining the national literature to which a given work rightfully belongs and from this perspective he examines a variety of works in new and provocative ways He analyzes Milton s *Paradise Lost* as an American poem that reflects the impact of the discovery and settlement of America on seventeenth century religious culture traces the semantic development of the English word Columbus from its first written appearance in 1553 to its identification with the United States after 1780 and compares in detail Benjamin Franklin s autobiography William Blake s *The Marriage of Heaven and Hell* and Jane Austen s *Northanger Abbey* viewing them as comparable and American writings all concerned with comprehending the displacement of the remembered Old World by an altogether new one [The Cambridge Companion to Early American Literature](#) Bryce Traister,2021-11-25 This Companion covers American literary history from European colonization to the early republic It provides a succinct introduction to the major themes and concepts in the field of early American literature including new world migration indigenous encounters religious and secular histories and the emergence of American literary genres This book guides readers through important conceptual and theoretical issues while also grounding these issues in close readings of key literary texts from early America *Periodical Literature in Eighteenth-century America* Mark Kamrath,Sharon M. Harris,2005 Similar to the digital revolution of the last century the colonial and early national periods were a time of improved print technologies exploding information faster communications and a fundamental reinventing of publishing and media processes Between the early 1700s when periodical publications struggled and the late 1790s when print media surged ahead print culture was radically transformed by a liberal market economy innovative printing and papermaking techniques improved distribution processes and higher literacy rates meaning that information particularly in the form of newspapers and magazines was available more quickly and widely to people than ever before These changes generated new literary genres and new relationships between authors and their audiences The study of periodical literature and print culture in the eighteenth century has provided a more intimate view into the lives and tastes of early Americans as well as enabled researchers to further investigate a plethora of subjects and discourses having to do with the Atlantic world and the formation of an American republic *Periodical Literature in Eighteenth Century America* is a collection of essays that delves into many of these unique magazines and newspapers and their intersections as print media as well as into what these publications reveal about the cultural ideological and literary issues of the period the resulting research is interdisciplinary combining the fields of history literature and cultural studies The essays explore many evolving issues in an emerging America scientific inquiry race ethnicity gender and religious belief all found voice in various early periodicals The

differences between the pre and post Revolutionary periodicals and performativity are discussed as are vital immigration class and settlement issues Political topics such as the emergence of democratic institutions and dissent the formation of early parties and the development of regional national and transnational cultural identities are also covered Using digital databases and recent poststructural and cultural theories this book returns us to the periodicals archive and regenerates the ideological and discursive landscape of early American literature in provocative ways it will be of value to anyone interested in the crosscurrents of early American history book history and cultural studies Mark L Kamrath is associate professor of English at the University of Central Florida Sharon M Harris is Lorraine Sherley Professor of Literature at Texas Christian University

**The Continuum Encyclopedia of American Literature** Steven R. Serafin, Alfred Bendixen, 2005-09-01 More than ten years in the making this comprehensive single volume literary survey is for the student scholar and general reader The Continuum Encyclopedia of American Literature represents a collaborative effort involving 300 contributors from across the US and Canada Composed of more than 1 100 signed biographical critical entries this Encyclopedia serves as both guide and companion to the study and appreciation of American literature A special feature is the topical article of which there are 70

*Handbook of Transatlantic North American Studies* Julia Straub, 2016-05-10 Transatlantic literary studies have provided important new perspectives on North American British and Irish literature They have led to a revision of literary history and the idea of a national literature They have changed the perception of the Anglo American literary market and its many processes of transatlantic production distribution reception and criticism Rather than dwelling on comparisons or engaging with the notion of influence transatlantic literary studies seek to understand North American British and Irish literature as linked with each other by virtue of multi layered historical and cultural ties and pay special attention to the many refractions and mutual interferences that have characterized these traditions since colonial times This handbook brings together articles that summarize some of the crucial transatlantic concepts debates and topics The contributions contained in this volume examine periods in literary and cultural history literary movements individual authors as well as genres from a transatlantic perspective combining theoretical insight with textual analysis

[A History of American Literature ...](#) Moses Coit Tyler, 1890

*The Crossroads of American History and Literature* Philip F. Gura, 2004-06-11 The Crossroads of American History and Literature collects two decades worth of the best known essays of Philip F Gura Beginning with a definitive overview of studies of colonial literature Gura ranges through such subjects in colonial American history as the intellectual life of the Connecticut River Valley Cotton Mather s understanding of political leadership and the religious upheavals of the Great Awakening In the nineteenth century he visits such varied topics as the history of print culture in rural communities the philological interests of the Transcendentalist Elizabeth Peabody the craft and business of the early American music trades and Thoreau s interest in exploration literature and in the Native American Displaying remarkable sophistication in a variety of fields that taken together constitute the heart of American Studies this collection illustrates the

complexity of American cultural history      *A Companion to American Literature* Susan Belasco, Theresa Strouth Gaul, Linck Johnson, Michael Soto, 2020-04-03 A comprehensive chronological overview of American literature in three scholarly and authoritative volumes *A Companion to American Literature* traces the history and development of American literature from its early origins in Native American oral tradition to 21st century digital literature This comprehensive three volume set brings together contributions from a diverse international team of accomplished young scholars and established figures in the field Contributors explore a broad range of topics in historical cultural political geographic and technological contexts engaging the work of both well known and non canonical writers of every period Volume One is an inclusive and geographically expansive examination of early American literature applying a range of cultural and historical approaches and theoretical models to a dramatically expanded canon of texts Volume Two covers American literature between 1820 and 1914 focusing on the development of print culture and the literary marketplace the emergence of various literary movements and the impact of social and historical events on writers and writings of the period Spanning the 20th and early 21st centuries Volume Three studies traditional areas of American literature as well as the literature from previously marginalized groups and contemporary writers often overlooked by scholars This inclusive and comprehensive study of American literature Examines the influences of race ethnicity gender class and disability on American literature Discusses the role of technology in book production and circulation the rise of literacy and changing reading practices and literary forms Explores a wide range of writings in multiple genres including novels short stories dramas and a variety of poetic forms as well as autobiographies essays lectures diaries journals letters sermons histories and graphic narratives Provides a thematic index that groups chapters by contexts and illustrates their links across different traditional chronological boundaries *A Companion to American Literature* is a valuable resource for students coming to the subject for the first time or preparing for field examinations instructors in American literature courses and scholars with more specialized interests in specific authors genres movements or periods      **The Cambridge History of American Literature: Early national literature: pt. II. Later national literature: pt. I**

William Peterfield Trent, John Erskine, Stuart Pratt Sherman, Carl Van Doren, 1918      The Oxford Handbook of Charles Brockden Brown Philip Barnard, Hilary Emmett, Stephen Shapiro, 2019 The *Oxford Handbook of Charles Brockden Brown* provides a state of the art survey of the life and writings of Charles Brockden Brown a key writer of the Atlantic revolutionary age and U S Early Republic The seven novels he published during his lifetime are now studied for their narrative complexity innovations in genre and social political commentaries on life in early America and the revolutionary Atlantic Through the late twentieth century Brown was best known as an author of political romances in the gothic mode that proved to be widely influential in romantic era and has generated large amounts of scholarship as a crucial figure in the history of the American novel      Mapping Region in Early American Writing Edward Watts, Keri Holt, John Funchion, 2015-11-15 *Mapping Region in Early American Writing* is a collection of essays that study how early American

writers thought about the spaces around them The contributors reconsider the various roles regions imagined politically economically racially and figuratively played in the formation of American communities both real and imagined These texts vary widely some are canonical others archival some literary others scientific some polemical others simply documentary As a whole they recreate important mental mappings and cartographies and they reveal how diverse populations imagined themselves their communities and their nation as occupying the American landscape Focusing on place specific local writing published before 1860 *Mapping Region in Early American Writing* examines a period often overlooked in studies of regional literature in America More than simply offering a prehistory of regionalist writing these essays offer new ways of theorizing and studying regional spaces in the United States as it grew from a union of disparate colonies along the eastern seaboard into an industrialized nation on the verge of overseas empire building They also seek to amplify lost voices of diverse narratives from minority frontier and outsider groups alongside their more well known counterparts in a time when America's landscapes and communities were constantly evolving

**A Companion to American Literature and Culture** Paul Lauter, 2020-09-21 This expansive Companion offers a set of fresh perspectives on the wealth of texts produced in and around what is now the United States Highlights the diverse voices that constitute American literature embracing oral traditions slave narratives regional writing literature of the environment and more Demonstrates that American literature was multicultural before Europeans arrived on the continent and even more so thereafter Offers three distinct paradigms for thinking about American literature focusing on genealogies of American literary study writers and issues and contemporary theories and practices Enables students and researchers to generate richer more varied and more comprehensive readings of American literature

**Literature of Early America** Ingram Book Group, *American and British Poetry* Harriet Semmes Alexander, 1984

*Modern Chivalry* Hugh Henry Brackenridge, 2009-09-01 It was only after serving as a chaplain in the American Revolution playing an important role in the Whiskey Rebellion and serving often controversially on the Pennsylvania Supreme Court that Hugh Henry Brackenridge composed his great comic epic Published in installments over the twenty eight year period beginning with Washington's presidency ending with that of Madison this irreverent and ribald novel relating the misadventures of Captain Farrago and his sidekick Teague O Regan leaves no major ethnic racial religious or political issue of the period unscathed

**A Companion to the Literatures of Colonial America** Susan Castillo, Ivy Schweitzer, 2008-04-15 This broad introduction to Colonial American literatures brings out the comparative and transatlantic nature of the writing of this period and highlights the interactions between native non scribal groups and Europeans that helped to shape early American writing Situates the writing of this period in its various historical and cultural contexts including colonialism imperialism diaspora and nation formation Highlights interactions between native non scribal groups and Europeans during the early centuries of exploration Covers a wide range of approaches to defining and reading early American writing Looks at the development of regional spheres of influence in the seventeenth and eighteenth centuries

Serves as a vital adjunct to Castillo and Schweitzer's *The Literatures of Colonial America: An Anthology* Blackwell Publishing  
2001
