The Fold Series Books 1-3 Nick Adams, 2021-01-29 This needs to be picked up by Netflix and made into a TV show Absolutely brilliant Goodreads In the vein of great writers like Harry Harrison and Robert A Heinlein Amazon Nick Adams is a storyteller of rare ability Goodreads I read a lot of sci fi and this is in the top percent Amazon Superb writing editing and excellent storytelling Kobo The best sci fi series I have read in a while Amazon The Initial Fold Book 1 What would you do if you materialised inside an alien starship It's 2049 and NASA sponsored physicist Edward Virr is on the cusp of man's greatest breakthrough the ability to fold space and travel faster than light He personally tests NASA's futuristic prototype fold ship with a hand picked crew But as disaster strikes the first mission Ed begins to suspect that he isn't the only one developing the new technology Discovering there's a lot more at stake than first contact Ed soon realises that Earth's very survival depends on his ability to solve a crime of galactic proportions Join Edward Virr and his rag tag crew as they undertake their first space adventure into the depths of the Milky Way The Andromedan Fold Book 2 The crew of your starship are being systematically slaughtered What do you do The galaxies ruling council have lost two ships thousands of light years distant on the outer fringe of the Milky Way A civilian exploration vessel and the military ship sent to find it have disappeared without a trace Edward Virr and the crew of the sentient starship Gabriel are tasked with a mission to discover what happened They find not only the two misplaced ships but a secret to intergalactic travel the biggest invasion fleet ever assembled and a ruling alien race so cruel it could end all of humankind Join Ed and company for their second crusade into the depths of uncharted space Only this time the team are alone two and a half million light years from home they're being hunted and nothing it seems goes to plan The Messier Fold Book 3 To protect your family's secrets how many people would you murder Planet Earth's first maximum security jail break involving a cloaked spacecraft necessitates Edward Virr and the crew of the sentient starship Gabriel to give chase Emboldened by the addition of Andrew's father a retired FBI investigator they pursue their quarry over 250 million light years through a recently discovered galactic gateway and find themselves immediately fighting for survival Two races at war for millennia over lust for power and greed don't take kindly to strangers appearing in their midst and push our heroes abilities so far it culminates in an unspeakable tragedy Meanwhile their quarry have problems of their own The Fold Series The Initial Fold The Andromedan Fold The Messier Fold The Cygnus Fold The Acheron Fold The Medusa Fold The Halo Fold Author Note For the benefit of my awesome fans across the pond this novel is written in UK English and may include a few colloquialisms and spellings that you don't recognise There is understandably

considering the circumstances a bit of swearing involved We do swear a bit in England just put it down to eccentricity or maybe our spirited Anglo Saxon heritage Another unusual trait of the Brits is to use humour in stressful situations Just ask anyone who's been on active service with the British Armed Forces It helps to keep one sane Now you're all prepared I hope you enjoy the yarns Cheers for now Nick Adams *The Caretaker* Douglas Kincaid,2011-12-01 THE CARETAKER New Wave Reading Production Date 2019 THE CARETAKER is a modified screenplay created by Douglas Kincaid His unique style of writing is new It is designed specifically to allow his readers to enjoy a more personal relationship with his characters The author has named this NEW WAVE READING So come on in and meet everybody because your journey begins now Sincerely Douglas Kincaid Impeccably crafted The Caretaker plunges readers into a tale shrouded with mystery complemented with a concoction of science fiction The story begins with a startling discovery by real estate agent Mark Turner six of their environmental research employees had been savagely murdered while working within the premises of the burial grounds a property that he recently leased for the company No one knows what exactly happened except that the ancient grounds are laden with stories and myths of spirits and paranormal activity Apart from Mark Turner readers shall be introduced to several characters that seem to leap out of the book's pages literally and figuratively speaking **Nowhere But Here** Renée Carlinio,2014-07-08 A contemporary romance novel set in Chicago and Napa Valley *Welcome to Tatum* G.
