Annie Fellows Johnston the Author Annie Fellows Johnston 1863 1931 was an American author of children's fiction who wrote the popular *Little Colonel* series which was the basis for the 1935 Shirley Temple film *The Little Colonel* Works by or about Annie Fellows Johnston in libraries WorldCat catalog **Paternalism Incorporated** David Leverenz, 2004 Between the Civil War and World War I David Leverenz maintains the corporate transformation of American work created widespread desire for upward mobility along with widening class divisions In his view several significant narrative constructs notably the daddy's girl and the daddy's boy emerge at the intersection between paternalist practices and more democratic possibilities for self advancement From Mark

Twain's Laura Hawkins in *The Gilded Age* to the protagonist of Theodore Dreiser's *Sister Carrie* and Willa Cather's Alexandra Bergson in *O Pioneers!* Leverenz finds that the image of the daddy's girl constrains the emerging threat of the career woman even as it articulates the lure of upward mobility for women. In surveying the figure of the daddy's boy, Leverenz examines tensions between young men's desires for upward mobility and older men's desires for paternal control. *Paternalism Incorporated* also addresses yearnings for individualism and paternalism in various critiques of the emerging corporation. Another chapter links honor and shaming to race in the philanthropic practices of Andrew Carnegie and John D. Rockefeller framed with narratives by William Dean Howells, Booker T. Washington, and Jane Addams. After showing how a daddy's girl becomes a paternalist in Henry James's *The Golden Bowl*, Leverenz considers F. Scott Fitzgerald's *Tender is the Night* as paternalism's elegy contrasted with the Shirley Temple film *The Little Colonel*.

Dreaming of Dixie Karen L. Cox, 2011-05-15 From the late nineteenth century through World War II, popular culture portrayed the American South as a region ensconced in its antebellum past, draped in moonlight and magnolias and represented by such southern icons as the mammy, the belle, the chivalrous planter, white columned mansions, and even bolls of cotton. In *Dreaming of Dixie*, Karen Cox shows that the chief purveyors of nostalgia for the Old South were outsiders of the region, playing to consumers' anxiety about modernity by marketing the South as a region still dedicated to America's pastoral traditions. In addition, Cox examines how southerners themselves embraced the imaginary romance of the region's past.

Black Hollywood Kimberly Fain, 2015-06-30 This thought-provoking work examines the dehumanizing depictions of black males in the movies since 1910, analyzing images that were once imposed on black men and are now appropriated and manipulated by them. Moving through cinematic history decade by decade since 1910, this important volume explores the appropriation, exploitation, and agency of black performers in Hollywood by looking at the black actors, directors, and producers who have shaped the image of African American males in film. To determine how these archetypes differentiate African American males in the public's subconscious, the book asks probing questions: for example, whether these images are a reflection of society's fears or realistic depictions of a pluralistic America. Even as the work acknowledges the controversial history of black representation in film, it also celebrates the success stories of blacks in the industry. It shows how blacks in Hollywood manipulate degrading stereotypes, gain control, advance their careers, and earn money while making social statements or bringing about changes in culture. It discusses how social activist performers such as Paul Robeson, Sidney Poitier, Harry Belafonte, and Spike Lee reflect political and social movements in their movies and reviews the interactions between black actors and their white counterparts to analyze how black males express their heritage, individual identity, and social issues through film.

Vaudeville old & new Frank Cullen, Florence Hackman, Donald McNeilly, 2007 [Abraham Lincoln and Women in Film](#) Frank J. Wetta, Martin A. Novelli, 2024-02-28 Frank J. Wetta and Martin A. Novelli's *Abraham Lincoln and Women in Film* investigates how depictions of women in Hollywood motion pictures helped forge the myth of Lincoln. Exploring female characters' backstories, the political

and cultural climate in which the films appeared and the contest between the moviemakers imaginations and the varieties of historical truth Wetta and Novelli place the women in Lincoln s life at the center of the study including his mother Nancy Hanks Lincoln his stepmother Sarah Bush Lincoln his lost loves Ann Rutledge and Mary Owens and his wife and widow Mary Todd Lincoln Later while inspecting Lincoln s legacy they focus on the 1930s child actor Shirley Temple and the 1950s movie star Marilyn Monroe who had a well publicized fascination with the sixteenth president Wetta and Novelli s work is the first to deal extensively with the women in Lincoln s life both those who interacted with him personally and those appearing on screen It is also among the first works to examine how scholarly and popular biography influenced depictions of Lincoln especially in film

Media Messages Linda Holtzman, Leon Sharpe, 2014-12-18 The new edition of this widely adopted book reveals how the popular media contribute to widespread myths and misunderstanding about cultural diversity While focused on the impact of television feature film and popular music the authors reach far beyond media to explore how our understanding values and beliefs about race class gender and sexual orientation are constructed They analyze how personal histories combined with the collective history of oppression and liberation contribute to stereotypes and misinformation as well as how personal engagement with media can impact prospects for individual and social freedom Along with updated media examples expanded theories and analysis this edition explores even more deeply the coverage of race in two chapters discusses more broadly how men and boys are depicted in the media and socialized and how class issues have become even more visible since the Great Recession of the 21st century and the Occupy movements Special activities and exercises are provided in the book and an online Instructor s Manual is available to adopters
