Francis Scott Key Francis Scott Key-Smith, 1911      **Francis Scott Key** Marylou Morano Kjelle, 2020-02-10 On a September morning in 1814 an eyewitness to the British bombing of Fort McHenry scribbled a poem about the American flag on the back of an envelope The sight of the flag waving through the battle told this poet and lawyer that the Americans were holding strong Francis Scott Key put the pride he felt into the words of this poem which later became The Star Spangled Banner Today most Americans know Key's words and sing them as their national anthem Key went on to create an African republic where former slaves could live in freedom He helped President Andrew Jackson settle differences between Native Americans and settlers in Alabama and he was made district attorney for Washington D C But it is for The Star Spangled Banner that he is most remembered Here is the story of the man who was the first to call the fledgling United States of America the land of the free and the home of the brave      *The Lost World of Francis Scott Key* Sina Dubovoy, 2014-05-12 Francis Scott Key was born during the Revolutionary War on his family's Maryland estate and died suddenly and unexpectedly in Baltimore at age sixty three History remembers him best as the composer of The Star Spangled Banner and least of all as a noted poet and eminent lawyer Time and again his career propelled him into the limelight which explains how Key happened to find himself aboard a truce ship during the massive British bombardment of Fort McHenry in 1814 As he watched the assault all night long with the aid of a spyglass the poet lawyer was inspired to compose the ode that became the anthem of a nation During his forty plus years as a lawyer Francis Scott Key argued well over one hundred appeals before the Supreme Court in Washington As a devout evangelical Episcopalian and lay leader he found himself steeped in the divisive issues sundering his church His restless intellect and spirit sought an outlet in a mind boggling array of philanthropic projects which included the founding of the free African republic of Liberia As a result of new and overlooked sources and materials new facts about Francis Scott Key have emerged and some age old myths have been dispelled What still remains true and enduring about the man are his genius piety and service to his country and fellow man      *Francis Scott Key's Star-Spangled Banner* Monica Kulling, 2012-01-24 Francis Scott Key was a very busy man He and his wife had 11 children He was a lawyer and many people came to him for advice But whenever he had a moment he would jot down a line of poetry He loved writing poems When the War of 1812 broke out Francis became even busier He was well respected and often called upon to help keep the peace as the war between the United States and England raged on One fateful night Francis and his friend helped talk the British Navy into releasing a prisoner of war But they couldn't return home just yet because the Battle of Fort McHenry was starting If the British captured the fort America might very well lose its independence Francis and his friends could only sit on a boat and observe the battle For 25 hours they watched in awe What Francis saw inspired him to write a poem that would become America's national anthem This Step 3 reader is perfect for children who are ready to read independently      **Francis Scott Key: Author of the Star Spangled Banner; What Else He Was and Who**
