Tolan, 2009-03-26 In September 1219 Francis of Assisi went to Egypt to preach to Sultan al Malik al Kamil John Tolan examines the varying depictions of this brief but highly significant meeting and how they reveal the changing fears and hopes that Muslim Christian encounters have inspired in European artists and writers in the centuries since

Domesticating Saints in Medieval and Early Modern Rome Maya Maskarinec, 2025-03-04 How elite Roman families used genealogy architecture and the urban fabric to appropriate the city's saints for their own Domesticating Saints in Medieval and Early Modern Rome explores the creative efforts of some of Rome's most prominent noble families to weave themselves into Rome's Christian past Maya Maskarinec shows how from late antiquity to early modernity elite Roman families used genealogy architecture and the urban fabric to appropriate the city's saints for their own eventually claiming them as ancestors Over the course of the Middle Ages there developed a pronounced sense that churches and their saints belonged to specific regions neighborhoods and even families These associations coupled with a resurgent interest in Rome's Christian antiquity as well as in noble lineages enabled Roman families to domesticate the city's saints and dominate the urban landscape and its politics into the early modern era These families cultivated saintly genealogies and saintly topologies exploiting for example the increasingly prolific identification of churches as the former residences of early Christian and late antique saints cementing presumed connections between place descent and moral worth Drawing from sources spanning the fourth to the late sixteenth century Maskarinec brings into conversation saints lives documentary evidence family genealogies monumental and domestic architecture and medieval and early modern guidebooks sources not often studied together Bridging the divide between secular and sacred histories of Rome Domesticating Saints in Medieval and Early Modern Rome repositions these materials within a new story of how Romans made the city's classical and Christian past their own and thereby empowered and immortalized their families

The Franciscan Saints Robert Ellsberg, 2017-08-30 Reading Robert Ellsberg's profiles of holy men and women is like throwing open a window in a stuffy old church and taking in great gulps of fresh air Henri Nouwen has described his writing as evocative without being pious He broadens the traditional vision of sanctity and calls modern readers of all stripes to claim their potential for moral and spiritual growth courage and action By choosing relevant models and contemporary heroes he makes holiness accessible and attractive to ordinary people These 101 spiritual trailblazers span the centuries from Francis and Clare to Solanus Casey and Mychal Judge with representatives from every walk of life and corner of the world Each entry features the essential biographical facts and adds the insight and depth only Ellsberg can provide The author's sharp eye for signs and stories of holiness in the gritty messy real world informs his selections making his work unique Obscure lay peasants married activists and controversial social reformers take pride of place alongside better known theologians founders and canonized saints The audio edition of this book can be downloaded via Audible

The Saints in My Life Benedict Groeschel, 2011-10-14 The

Saints in My Life encourages us to see the Communion of Saints as a spiritual extended family. As members of the Mystical Body of Christ they should be as present to us as anyone we meet on the street. By becoming familiar with the saints' stories you will discover lives that resonate with your own, building the foundation for a personal relationship with them. Father Benedict J. Groeschel reveals his favorite saints and his process for befriending the saints by describing his first encounter with the saint, a brief sketch of the life and significance of the saint, his friendship with and devotion to the saint, the way the saint has influenced him and affected his life. Saints include Saint Monica, Saint Augustine, Saint Benedict, Saint Francis of Assisi, Saint Clare of Assisi, Saint Catherine of Siena, Saint Thomas More, Saint Bernadette Soubirous, Saint Maximilian Kolbe and more.

Animal Soundscapes in Anglo-Norman Texts Liam Lewis, 2022. A redefinition of the animal's relationship to sound and language in French texts from medieval England. The barks, hoots and howls of animals and birds pierce through the experience of medieval texts. In captivating episodes of communication between species, a mandrake shrieks when uprooted from the ground, a saint preaches to the animals, and a cuckoo causes turmoil at the parliament of birds with his familiar call. This book considers a range of such episodes in Old French verse texts, including bestiaries, treatises on language, the Life of Saint Francis of Assisi, and the Fables by Marie de France, aiming to reconceptualize and reinterpret animal soundscapes. It argues that they draw on sound to produce competing perspectives, forms of life and linguistic subjectivities, suggesting that humans owe more to animal sounds than we are disposed to believe. Texts inviting readers to listen and learn animal noises to seek spiritual consolation in the jargon of birds or to identify with the speaking wolf create the conditions for an assertion of human exceptionalism, even as they simultaneously invite readers to question such forms of control. By asking what it means for an animal to cry, make noise or speak in French, this book provides an important resource for theorizing sound and animality in multilingual medieval contexts and for understanding the animal's role in the interpretation of the natural world.

Poets and Saints Jamie George, 2016-09-01. One of the most beautiful ways to know God better is to learn from those who served Him in other times and cultures. The poets and saints of Christian history were imperfect, yet they offer wisdom across the centuries that is as powerful today as it was to their contemporaries. In *Poets and Saints*, Jamie George takes readers from a pub in Oxford to a cathedral in the Italian hills to a rooftop in Switzerland and beyond, as he offers insight into the minds and hearts of Christians such as John Newton, C. S. Lewis, and Saint Therese.

Dictionary of Theologians Jonathan Hill, 2010-03-25. An exhaustive guide to every significant Christian theologian who lived from the first century to 1308, the year in which John Duns Scotus died. The dictionary encompasses the Catholic, Orthodox, Nestorian, and Monophysite traditions, including information not previously available in English. Thoroughly indexed, the dictionary incorporates common variants of names and concepts which will help and direct the reader. The main criterion for inclusion has been contribution to the development of Christian theology. Sub-criteria by which that is measured include, above all, originality and influence on later figures. With over 290 entries, the dictionary provides a handy summary of theologians' lives.

Liturgical Year John Paul Thomas,2023-12-10 If a list were made of the greatest human beings who have ever lived those reflected upon in this four volume series would be at the top of that list Though historians often attempt to judge greatness from their own subjective perspective there must be an objective criteria by which human greatness is judged The only Person Who is capable of establishing that criteria is God The criteria that God has established are the virtues as identified by Jesus and revealed by Him through the holy Gospels The goal of this four volume series is to present each saint found on the Catholic liturgical calendar as a Solemnity Feast or Memorial in such a way as to identify the Godly virtues that place them on the top of that list Though their greatness has already been established and their heroic virtues confirmed by the Church God chose the men and women found in these pages not only for greatness in their lifetimes but also as models of holiness in ours These men and women are gifts to you given by God through the Church Every saint is unique but every saint is similar because each one became living witnesses to Christ and living Gospels for a world in need Some saints were united to God through martyrdom some through virginity and chastity some through works of charity and some through lives of intense prayer The saints have come from every culture every socio economic background every level of education and every personality type Through every saint God shines forth radiating His abundant mercy through the diversity of their lives In the end it is not their personality preferences gifts or any other unique qualities that unite them as the one communion of saints It is God and God alone Who floods their souls and forms them into a united song of praise of God s eternal glory Why read about the saints Why learn about their lives Why ponder what they said and did The answer is simple You are called to be among their company You are called to become as holy as they were transformed by God s grace and to radiate that grace in the world today At first the virtues of the saints might seem to be out of your reach The saints can appear to be superhuman The truth is that the saints became fully human by becoming who they were created to be They rejected the deceptions of the devil the seductions of the world and the weaknesses of the flesh Instead they discovered the truths of God sought out the riches of Heaven and became filled with the strength of every virtue As you read about the lives of the saints ponder their words and actions study their heroic virtues and learn from their lives of prayer allow yourself not only to be inspired by them but also to desire to imitate them Nothing is stopping you from being counted among the saints in Heaven God promises to lavish every grace upon you that you need to walk down that holy path Only when you refuse His grace is that mission thwarted Francis James Cowan,2002-05-16 This text relives some of St Francis s experiences and tries to understand the complexity of history s popular Saint **Franciscans and Preaching** Timothy Johnson,2012-12-19 Francis

Francis of Assisi - The Saint: Early Documents, vol. 1 Regis J. Armstrong,J. A. Wayne Hellmann,William J. Short,1999 The Saint begins this extraordinary series which brings together the writings of Saint Francis and those of the early Franciscan witnesses and it will be of estimable value to scholars students and lovers of Il Poverello as well a scholarly achievement done in the service of history theology and spirituality Lawrence Cunningham *St Francis and Cultural Memory* David Salter,2025-05-11 St Francis and Cultural Memory explores central aspects of English national spiritual and broader cultural identity through a detailed yet accessible analysis of a familiar figure the Franciscan Friar Covering more than four hundred

years from the late fourteenth to the late eighteenth centuries and taking in a wide variety of different literary and artistic forms the book charts the changing face of the Franciscan friar in the English literary imagination and examines how developments within this evolving tradition were both shaped by and have helped to shape wider debates within English culture about the relationship between religious and national identity and the past and the present Central to this analysis is the notion of cultural memory At the time of its suppression in the 1530s the Franciscan Order was too deeply assimilated into the social fabric of England either to be forgotten or to be credibly labelled an entirely alien presence despite the best efforts of Protestant polemicists to do so Rather the effect of the Reformation was to suppress but not completely to erase memories of English Franciscans The Catholic history that English Protestantism sought to deny was prone to return in unexpected and often distorted and disturbing forms so that in the centuries following the Reformation Franciscans came to haunt the imagination of English writers and artists Appearing in a wide variety of literary and artistic guises these ghostly Franciscans functioned as spectres of a national past which English Protestantism tried to disavow but which it was unable entirely to destroy Franciscan friars appear in the work of some of the most popular and influential writers and artists from the fourteenth to the eighteenth centuries reflecting the centrality of the Order to ongoing debates within English culture about religion and national identity The book discusses in detail the work of Geoffrey Chaucer Thomas Malory Thomas More William Shakespeare William Hogarth Edward Gibbon Ann Radcliffe and Matthew Lewis It explores the individual responses of these writers and artists to the Franciscans and their legacy and also highlights the ways in which this shared interest in the Order reveals hitherto unacknowledged connections between their work

Way Back To God Douglas Dales, 2019-01-01 Bonaventure was a great pastor and preacher and also a very effective teacher. His writing shows clarity and conviction and his authority arose from his profound grasp of Scripture and patristic monastic tradition. The force behind how he wrote sprang from his keen sense of the significance of Francis and Clare and all that flowed from them not least into his own spiritual life and experience as a person of deep contemplative and mystical prayer. *Way Back to God* is a comprehensive conspectus and study of how Bonaventure taught Christian theology and applied it to spiritual life. It is intended to be a guide through most of his writings though not as a substitute for reading them. It provides a bridge into his thought and also a remarkable hand book of Christian theology in its bearing upon spiritual life. Douglas Dales' new work enables Bonaventure's distinctive spiritual theology to be seen as a whole as well as making his writings in Latin or English accessible and attractive.
