Mahdi,2020-10-21 Selected for Arab America s Best Arab American Books of 2020 list It comes as little surprise that Hollywood films have traditionally stereotyped Arab Americans but how are Arab Americans portrayed in Arab films and just

as importantly how are they portrayed in the works of Arab American filmmakers themselves In this innovative volume Mahdi offers a comparative analysis of three cinemas yielding rich insights on the layers of representation and the ways in which those representations are challenged and disrupted Hollywood films have fostered reductive imagery of Arab Americans since the 1970s as either a national security threat or a foreign policy concern while Egyptian filmmakers have used polarizing images of Arab Americans since the 1990s to convey their nationalist critiques of the United States Both portrayals are rooted in anxieties around globalization migration and US Arab geopolitics In contrast Arab American cinema provides a more complex realistic and fluid representation of Arab American citizenship and the nuances of a transnational identity Exploring a wide variety of films from each cinematic site Mahdi traces the competing narratives of Arab American belonging how and why they vary and what is at stake in their circulation *Videos that Teach* 3 Doug Fields, Eddie James, 2004

the 2016 Evelyn Shakir Non Fiction Arab American Book Award A collection of insightful and heartbreaking essays on Muslim American life after 9 11 Over the last few years Moustafa Bayoumi has been an extra in Sex and the City 2 playing a generic Arab a terrorist suspect or at least his namesake Mustafa Bayoumi was in a detective novel the subject of a trumped up controversy because a book he had written was seen by right wing media as pushing an anti American pro Islam agenda and was asked by a U S citizenship officer to drop his middle name of Mohamed Others have endured far worse fates Sweeping arrests following the terrorist attacks of September 11 2001 led to the incarceration and deportation of thousands of Arabs and Muslims based almost solely on their national origin and immigration status The NYPD with help from the CIA has aggressively spied on Muslims in the New York area as they go about their ordinary lives from noting where they get their hair cut to eavesdropping on conversations in caf s In This Muslim American Life Moustafa Bayoumi reveals what the War on Terror looks like from the vantage point of Muslim Americans highlighting the profound effect this surveillance has had on how they live their lives To be a Muslim American today often means to exist in an absurd space between exotic and dangerous victim and villain simply because of the assumptions people carry about you In gripping essays Bayoumi exposes how contemporary politics movies novels media experts and more have together produced a culture of fear and suspicion that not only willfully forgets the Muslim American past but also threatens all of our civil liberties in the present
