Galli, 1999-04-01 Rosenzweig 1886 1929 who collaborated with Martin Buber on a new German translation of the Bible wrote The New Thinking as a supplementary guide to The Star of Redemption 1921 Udoff philosophy Baltimore Hebrew U and Galli Judaic Studies U of Alabama present for the first time in translation this essay a letter and reviews treating the Star of Redemption and situate Rosenzweig's new Jewish thought and the renewed interest in it in the modern postmodern philosophical spectra Annotation copyrighted by Book News Inc Portland OR

Cultural Writings of Franz Rosenzweig Barbara E. Galli, 2000-06-01 Published here in English for the first time these essays offer a glimpse into the cultural and social dimensions of Franz Rosenzweig's thought an aspect of his philosophy that has too often been ignored by an overemphasis on his status as a religious thinker Barbara E Galli provides a broader context for Rosenzweig's concepts especially his orientation in the modern world and concerns regarding modernity and technological developments Galli's overriding theme of Rosenzweig and the modern world bridges his philosophical perspective on pagans Christians and Jews with his views of Moses Mendelssohn the cultural significance of Lessing the writing of Stefan George and even the modern phenomenon of the concert hall as recorded on the phonograph As Galli explicates Rosenzweig's cultural musings devotees of Rosenzweig will find new and refreshing approaches to his philosophical writings

The Jewish Derrida Gideon Ofrat, 2001-06-01 Until now no critical work has touched on the Jewish dimension in Jacques Derrida's philosophical oeuvre Ofrat notes that early Derridean works contained few if any references to Jewish writers concepts or issues At first glance Judaism itself along with all other structures found in traditional Western metaphysics would appear to have no place in Derrida's thought but Ofrat argues that Derrida cannot be thoroughly understood without elucidating the Jewish current running through his philosophy right down to the scar of his circumcision A French Algerian Jew Derrida broke free of the Jewish consciousness and culture of his childhood but taught that leaving something is a precondition for recognizing its significance Ofrat suggests that Derrida's philosophy grew from these early influences and the fragments of his Jewish identity and he offers a comprehensive reading of Derridean writings and strong grounding in Jewish tradition By approaching Derrida's philosophical poetic and artistic themes through a Jewish lens Ofrat gives a sophisticated subtle entirely fresh reading of one of the most influential thinkers of the twentieth century

Franz Rosenzweig and Jehuda Halevi Barbara Ellen Galli, Franz Rosenzweig, 1995 Galli's primary aim is to explore Rosenzweig's statement that his notes to Halevi's poems exemplify a practical application of the philosophic system he set out in The Star of Redemption Through an extended multifaceted investigation of Rosenzweig's thought Galli uncovers his philosophy of translation out of which she determines and unravels his philosophic conclusion and his belief that there is only one language In the final chapters she concentrates on the notes to the poems and in doing so attempts to philosophize according to Rosenzweig's own mandate full speech is word and response

Martin Buber Paul Mendes-Flohr, 2002-06-01 This book

honors the memory and legacy of Martin Buber one of the most illustrious members of the faculty of the Hebrew University and a leader in the world of philosophy Based on the proceedings of a conference held at the Israel Academy of Sciences and Humanities of which Buber was the founding president this anthology recognizes Buber's singular contribution to the renaissance of Jewish studies and his international stature as a scholar *The Jewish Philosophy Reader* Daniel H. Frank, Oliver Leaman, Charles Harry Manekin, 2000 A Comprehensive anthology of classic writings on Jewish philosophy from the Bible to postmodernism *Nietzsche, Soloveitchik, and Contemporary Jewish Philosophy* Daniel Rynhold, Michael J. Harris, 2018-06-28 What does one do as a Jewish philosopher if one is convinced by much of the Nietzschean critique of religion Is there a contemporary Jewish philosophical theology that can convince in a post metaphysical age The argument of this book is that Rabbi Joseph Soloveitchik 1903 1993 the leading twentieth century exponent of Modern Orthodoxy presents an interpretation of halakhic Judaism grounded in traditional sources that brings a life affirming Nietzschean sensibility to the religious life Soloveitchik develops a form of Judaism replete with key Nietzschean ideas which parries Nietzsche's critique by partially absorbing it This original study of Soloveitchik's philosophy highlights his unique contribution to Jewish thought for students and scholars in Jewish studies while also revealing his wider significance for those working more broadly in fields such as philosophy and religious studies **"The Star" for Beginners** Francesco Paolo Ciglia, 2021-10-18 In *The Star of Redemption* written at the end and after World War I and published in 1921 Franz Rosenzweig presented an epoch making Jewish inspired philosophy of religion In three steps each with three chapters or books Rosenzweig unfolds in it his view of God the world and man their interrelationship and their contribution and role in the redemption of the world In this introduction young and old Rosenzweig scholars take readers by the hand chapter by chapter book by book They lead safely through Rosenzweig's argumentation making sometimes difficult lines of thought comprehensible and plausible The chapter introductions open up reliable access for interested readers and new perspectives for connoisseurs *A New Physiognomy of Jewish Thinking* Aubrey L. Glazer, 2011-03-24 *A New Physiognomy of Jewish Thinking* is a search for authenticity that combines critical thinking with a yearning for heartfelt poetics A physiognomy of thinking addresses the figure of a life lived where theory and praxis are unified This study explores how the critical essays on music of German Jewish thinker Theodor Wiesengrund Adorno 1903 1969 necessarily accompany the downfall of metaphysics By scrutinizing a critical juncture in modern intellectual history marked in 1931 by Adorno's founding of the Frankfurt Institute for Social Research neglected applications of Critical Theory to Jewish Thought become possible This study proffers a constructive justification of a critical standpoint reconstructively shown how such ideals are seen under the genealogical proviso of recognizing their original meaning Recognition of *A New Physiognomy of Jewish Thinking* redresses neglected applications of Negative Dialectics the poetics of God the metaphysics of musical thinking reification in Zionism the transpoetics of Physics and Metaphysics as well as correlating Aesthetic Theory to Jewish Law halakhah *An Episode of Jewish Romanticism*

Ernest Rubinstein,1999-08-26 Assesses the impact of romanticism on the thought of Jewish philosopher Franz Rosenzweig

Cultural Writings of Franz Rosenzweig Barbara E. Galli,2000-06-01 Published here in English for the first time these essays offer a glimpse into the cultural and social dimensions of Franz Rosenzweig's thought an aspect of his philosophy that has too often been ignored by an overemphasis on his status as a religious thinker The editor provides a broader context for Rosenzweig's concepts especially his orientation in the modern world and concerns regarding modernity and technological developments

New Directions in Jewish Philosophy Aaron W. Hughes, Elliot R. Wolfson,2010 Breaking with strictly historical or textual perspectives this book explores Jewish philosophy as philosophy Often regarded as too technical for Judaic studies and too religious for philosophy departments Jewish philosophy has had an ambiguous position in the academy These provocative essays propose new models for the study of Jewish philosophy that embrace wider intellectual arenas including linguistics poetics aesthetics and visual culture as a path toward understanding the particular philosophic concerns of Judaism As they reread classic Jewish texts the essays articulate a new set of questions and demonstrate the vitality and originality of Jewish philosophy

Martin Buber's Life and Work Maurice S. Friedman,1988 Martin Buber's Life and Work is a complete reprint of Maurice Friedman's monumental three volume biography Friedman covers Buber's life from his work on I and Thou to the challenges of Nazi Germany and prewar Palestine He charts Buber's activities on behalf of Jewish Arab rapprochement his dialogue with Dag Hammarskjöld and comments on the philosopher's last years his death and his legacy to world Jewry

Thinking in Translation Orr Scharf,2019-08-19 Thinking in Translation posits the Hebrew Bible as the fulcrum of the thought of Franz Rosenzweig 1886-1929 underpinning a unique synthesis between systematic thinking and biblical interpretation Addressing a lacuna in Rosenzweig scholarship the book offers a critical evaluation of his engagement with the Bible through a comparative study of *The Star of Redemption* and his Bible translation with Martin Buber The book opens with Rosenzweig's rejection of German Idealism and fascination with the sources of Judaism It then analyzes the unique hermeneutic approach he developed to philosophy and scripture as a symbiosis of critique and cross fertilization facilitated by translation An analysis of the *Star* exposes Rosenzweig's employment of translation in grafting biblical verses unto the philosophical discussion It is followed by a reading that demonstrates how his Bible translation reflects an attempt to revalorize the Tanakh as a distinctively Jewish scripture over and against Christian appropriations Thinking in Translation recasts Rosenzweig's life's work as a project of melding Judaism and modernity in an attempt to secure their spiritual and intellectual survival

Thinking Hava Tirosh-Samuelson, Aaron W. Hughes, 2015-03-20 Elliot R Wolfson is Professor of Religious Studies and the Marsha and Jay Glazer Chair of Jewish Studies at the University of California Santa Barbara A scholar of Jewish mysticism and philosophy he uses the textual sources of Judaism to examine universal philosophical topics such as the function and processes of the imagination the paradoxes of temporality and the mystery of poetic language Working at the intersection of disciplines and refusing to reduce texts to their simple historical contexts Wolfson puts texts spanning diverse temporal cultural and religious periods in creative counterpoint His sensitivity to language reveals its fragility as it simultaneously points to the uncertainty of meaning The result is a creative reading of both Judaism and philosophy that informs and is informed by poetic sensibility and philosophical hermeneutics Rethinking Jewish Philosophy Aaron W. Hughes, 2014-04 Rather than assume that the terms philosophy and Judaism simply belong together Aaron W Hughes explores the juxtaposition and the creative tension that ensues from their cohabitation He examines the historical cultural intellectual and religious filiations between Judaism and philosophy **Maimonides's Yahweh** Amy Karen Downey, 2019-03-20 The life of Moshe ben Maimon Maimonides remains a mystery to many within evangelical Christianity However he is lauded as a second Moses by many within modern Judaism Does he deserve that title Maimonides's *via negativa* created a rationale for rejecting the messiahship claims of Jesus in Rabbinic Judaism Therefore this book seeks to illustrate that Maimonides in his desire to create an anti Christian apologetic regarding the incarnation fashioned a Judaism that does not reflect the truths of the Tanakh Old Testament and developed a Judaism that was untenable for the Jewish people of the twenty first century Many Jewish people today are turning in a thousand and one different directions for spiritual answers but not in the only way that will offer the way to God Jesus of Nazareth John 14 6 This work examines the history of Maimonides his teachings and an apologetic approach to bring the gospel back to the Jewish people Rom 1 16 **Erich Fromm's Revolutionary Hope** Joan Braune, 2014-11-26 Socialism is essentially prophetic Messianism So Erich Fromm writes in his 1961 classic *Marx's Concept of Man* World renowned Critical Theorist activist psychoanalyst and public Marxist intellectual Erich Fromm 1900 1980 played a pivotal role in the early Frankfurt Institute for Social Research and influenced emancipatory projects in multiple disciplines While he remains popularly well known as author of such best selling books as *Escape from Freedom* and *The Art of Loving* Fromm's contribution to Critical Theory is now being rediscovered Fromm's work on messianism in the 1950s

1970s responded to earlier debates among early twentieth century German Jewish thinkers and radicals including Hermann Cohen Rosa Luxemburg Martin Buber Gershom Scholem and Georg Lukacs The return to Fromm as well as growing interest in Jewish messianism's influence on the Frankfurt School makes this book timely Fromm's bold defense of radical hope and trenchant critique of political catastrophism are more relevant than ever Joan Braune's work on Erich Fromm is indispensable for students of Frankfurt School critical theory Braune reveals the central role that Fromm played in the early development of Frankfurt School critical theory She also discloses the role that Fromm played in shaping some of the most important debates in critical theory One of the most interesting issues that informed the debates among early critical theorists was messianism and its political implications There is no better book on this issue Those of us who are interested in the development of Frankfurt School critical theory owe Dr Braune a great deal of gratitude Arnold L Farr Associate Professor of Philosophy University of Kentucky President International Herbert Marcuse Society Joan Braune's work on Fromm brings this important figure in critical theory back into the conversation at a needed time It also appears at a time when we must recapture prophetic messianism the hope in humanity for a better future Jeffery Nicholas Providence College author of Reason Tradition and the Good MacIntyre's Tradition Constituted Reason and Frankfurt School Critical Theory

To Be a Jew Avi Sagi, 2011-03-17 To Be a Jew deals with the question of the meaning and rationale that the writer Joseph Chayim Brenner attributes to Jewish existence Many of Brenner's readers assumed that Brenner completely negated Jewish existence and sought to form a new way of life completely disconnected from the traditional Jewish existence In contrast to this perception Avi Sagi proves that not only did Brenner not reject the value of the Jewish existence but the core of his creation was written out of a deep Jewish commitment Brenner's greatest innovation is found in his new conception of Jewish existence To be a Jew according to Brenner involves the willingness to discover solidarity with actual Jews to participate in a society in which Jews can live a free life and to fashion their culture as they wish Sagi presents the idea that Brenner's is not a Utopian but a realistic conception of Jewish existence Thus this unique conception of Jewish existence is founded on an infrastructure of existential thought
