Encyclopedia of Bohemian and Czech-American Biography Miloslav Rechcigl Jr., 2016-11-10 As the Czech ambassador to the United States H E Petr Gandalovic noted in his foreword to this book that Mla Rechcigl has written a monumental work representing a culmination of his life achievement as a historian of Czech America The Encyclopedia of Bohemian and Czech American Biography is a

unique and unparalleled publication The enormity of this undertaking is reflected in the fact that it covers a universe starting a few decades after the discovery of the New World through the escapades and significant contributions of Bohemian Jesuits and Moravian brethren in the seventeenth and eighteenth centuries the mass migration of the Czechs after the revolutionary year of 1848 and up to the early years of the twentieth century and the influx of refugees from Nazism and communism The encyclopedia has been planned as a representative a comprehensive and authoritative reference tool encompassing over 7 500 biographies This prodigious and unparalleled encyclopedic vade mecum reflecting enduring contributions of notable Americans with Czech roots is not only an invaluable tool for all researchers and students of Czech American history but is also a carte blanche for the Czech Republic which considers Czech Americans as their own and as a part of its magnificent cultural history

Undertones of Insurrection Marc Weiner, 2017-09-29 A basic tenet of literary studies is that aesthetic structures are politically significant because they represent an artist's response to the political implications of cultural codes with which the recipient of the modern work is also acquainted This tenet provides the basis for the ideological associations attending the appearance of music in the modern German narrative With his understanding of the arts as involved in often unacknowledged ideological forces within a culture Marc Weiner's *Undertones of Insurrection* bridges the gap between the New Musicology's rewarding infusion of modern cultural and literary theory into the study of music politically insightful examinations of narrative structures in the modern novel and the methodologically conservative area of musical literary relations in Germanic Studies In other words the questions it raises are different from those pursued in most examinations of music and literature because previous works of this kind concerning the literature of German speaking Europe have often disregarded social concerns in general and political issues in particular Ranging from 1900 to *Doctor Faustus* 1947 Weiner study sets the stage by examining public debates that conflated such issues as national identity racism populism the role of the sexes and xenophobia with musical texts In the literary analyses that follow Weiner discusses both obvious connections between music and sociopolitical issues Hesse's equation of jazz and insurrection in *Steppenwolf* and covert ones the suppression of music in *Death in Venice* and the use of politically charged musical subtexts in Werfel's *Verdi* and Schnitzler's *Rhapsody* By uncovering the ideological agendas informing cultural practice in modernist Germany *Undertones of Insurrection* calls for a reevaluation of the function of music in the modern German narrative

Man from Babel Eugène Jolas, 1998-01-01 The autobiography of Eugene Jolas available for the first time nearly half a century after his death in 1952 is the story of a man who as the editor of the expatriate American literary magazine transition was the first publisher of James Joyce's *Finnegans Wake* and other signal works of the modernist period Jolas's memoir provides often comical and compelling details about such leading modernist figures as Joyce Stein Hemingway Breton and Gide and about the political aesthetic and social concerns of the Surrealists Expressionists and other literary figures during the 1920s and 1930s *Man from Babel* both enriches and challenges our view of international modernism and the historical avant garde Born in New

Jersey of immigrant parents Jolas moved back to France with them at the age of two He grew up in the borderland of Lorraine and later lived in Paris Berlin London and New York where he pursued a career as a journalist and aspiring poet As an American press officer after the war Jolas was actively involved in the denazification of German intellectual life A champion of the international avant garde he continually sought translinguistic transcultural and suprapolitical bridges that would transform Western culture into a unified continuum Compiled and edited from Jolas s drafts and illustrated with contemporary photographs this memoir not only reveals the multicultural concerns of the man from Babel as Jolas saw himself but also illuminates an entire literary and historical era
